

16.0 INDEX

- Alternatives, vi, 71–189
 - catch sharing, 101106
 - commercial nearshore fisheries, 146–146, 155–156, 163–164, 172–173
 - eliminated, 101
 - harvest specification alternatives, vi–vii
 - limited entry fixed gear fisheries, 115–118, 142–144, 153, 162, 170–171, 379–363, 394–396
 - limited entry trawl fisheries, 108–115, 138–142, 151–153, 161, 169–170, 374–378, 386–393, 411–415
 - management lines, 106
 - management measure alternatives, vii–x
 - no action, 106–
 - open access fisheries, 118–127, 144–145, 155, 171–172, 384–385, 396–397
 - preferred, rationale for, 596–598
 - rebuilding alternatives, 72, 79, 88–89, 310–314
 - recreational fisheries, 128–136, 147–150, 156–159, 164–167, 173–176, 358–374
 - tribal fisheries, 127, 146, 156, 164, 173, 351–358, 399–407
- Biogeography of groundfish, 194–195
- Chinook salmon, 411Climate, 192–194
- Communities, 511–517
- Cumulative impacts
 - Chinook salmon, 423–424
 - ecosystem, 202–206
 - fish species, 334–338
 - socioeconomic, 585–592
- Depleted (overfished) species, 4, 71–89
 - bocaccio, 221–223
 - canary rockfish, 223–225
 - cowcod, 225–227
 - darkblotched rockfish, 227–230
 - marine ecosystem role, 200–204
 - mortality of, 107, 137, 151, 160, 168
 - Pacific ocean perch, 230–232
 - widow rockfish, 232–233
 - yelloweye rockfish, 233–235
- Environmental justice, 517–519
- Essential fish habitat, 195–200
- Fish species, 211–264
 - description and status, 211–220
 - bocaccio, 221–223
 - canary rockfish, 223–225
 - cowcod, 225–227
 - darkblotched rockfish, 227–230
 - healthy groundfish, 240–256, 316324
 - nongroundfish species, 331–334
 - Pacific ocean perch, 230–232
 - precautionary zone species, 235–240, 314–316
 - unassessed groundfish species, 256–264, 325–331
 - widow rockfish, 232–233
 - yelloweye rockfish, 233–235
- Groundfish fisheriewy, 444–457
- Harvest specifications, 7–8, 71–101
- Impacts
 - analysis of, 1–2
 - Chinook salmon, xii–xiii, 419–425
 - communities, xii, 181, 577–593
 - comparison of, 177–179
 - criteria for evaluation
 - Chinook salmon, 417,419
 - ecosystem, 207
 - fish species, 264–267
 - socioeconomic, 519–526
 - depleted groundfish, 271–310
 - economic, 180–181
 - regulatory impacts, 607–623
 - zero harvest, 569–577
 - ecosystem, x–xi, 202–206
 - fish, xi–xii, 271–407
 - fishery sectors, xii, 541–596
 - healthy groundfish, 316–324
 - limited entry fixed gear fisheries, 379–363, 394–396, 531, 534–535, 538, 540
 - limited entry trawl fisheries, 374–378, 386–393, 529–531, 532–534, 536–538, 539
 - modeling, 351–385
 - nearshore commercial fisheries, 397
 - nongroundfish species, 331–334
 - open access fisheries, 384–385, 396–397
 - precautionary zone species, 314–316
 - protected species, 409410
 - rebuilding alternatives, 310–314
 - recreational fisheries, 358–374, 385–386, 399–407, 531–532, 534, 541, 566
 - tribal fisheries, 351–358, 398
 - unassessed groundfish species, 325–331
 - unavoidable adverse impacts, 594–596
 - yelloweye rockfish management measures, 566–569

- Limited entry fixed gear fishery, 472–476
- Limited entry trawl fishery, 461–472
- Magnuson-Stevens Act, 1, 599–602
- Management issues, 9–11
- Management measures, 8–9
- Management regime, 427–439
- Marine ecosystems, 191–
- Markets for groundfish, 507–511
- Mitigation, 596
- National Environmental Policy Act, 1
- No action alternative, 106–136
- Oceanography, 191–192
- Open access fisheries, 476–484
- Optimum yield (OY), vi–vii, 7, 82–101
 - bocaccio, 82–83
 - canary rockfish, 83
 - cowcod, 84
 - darkblotched rockfish, 84–85
 - depleted species, 79–101
 - healthy species, 91–96
 - impacts of OY alternatives
 - fish species, 271–279
 - socioeconomic, 526–529
 - Pacific ocean perch, 85–86
 - precautionary zone species, 89–91
 - unassessed species, 96–101
 - widow rockfish, 86–87
 - yelloweye rockfish, 87–88
- Overfished species, *see depleted species*
- Pacific Coast Groundfish Fishery Management Plan, 1, 441, 599
- Processors, 498–507
- Proposed actions, v, 3
 - need for, 3–4
 - purpose of, 4
- Ports, 466–467
- Protected species, 409–
- Rebuilding plans, 4–7, 310–314
- Recreational fisheries, 492–498
- Public comments, 13–69
- Scoping, 12–69
 - process, 12–13
 - public comments, 13–69
