Agenda Item D.5 Council Action:

1. Adopt final treaty Indian troll, non-Indian commercial and recreational ocean salmon fishery management measures for submission to the U.S. Secretary of Commerce.
2. If necessary, identify and justify any regulations requiring implementation by emergency rule.
I move the Council adopt the management measures and quotas for the Treaty Troll Fishery south of the U.S./Canadian border to Cape Falcon, Oregon as shown in Agenda Item D.5.a, Supplemental STT Report, dated April 14, 2015, table 3 including requirements, definitions, restrictions, or exceptions.

The Treaty Indian ocean troll fishery would have a quota of:

- 60,000 Chinook and
- 42,500 coho.

The overall chinook quota would be divided into a 30,000-Chinook sub-quota for the May 1 through June 30 chinook only fishery and a 30,000-Chinook sub-quota for the all species fishery in the time period of July 1 through September 15. (Sones/Adicks) Motion carried unan.
I move that the Council adopt the non-Indian commercial and recreational salmon management measures for submission to the U.S. Secretary of Commerce, for the area north of Cape Falcon as presented in Agenda Item D.5.a, Supplemental STT Report, April 14, 2015, with the following modifications:

- For the non-Indian troll fishery in the area between the U.S./Canada Border and the Queets River, May 1 through June 30, change the Chinook catch limit to 9,000, and change the in-season action trigger for that area to 6,750 Chinook.
- For the non-Indian troll fishery in the area between the U.S./Canada Border and the Queets River, May 1 through June 30, add “60 Chinook trip limit.”
- For the non-Indian troll fishery in the area between Ledbetter Point and Cape Falcon, May 1 through June 30, change the Chinook catch limit to 15,000, and change the in-season action trigger for that area to 11,250 Chinook.
- For the non-Indian troll fishery in the area between the U.S./Canada Border and the Queets River, July 1 through September 22, change the Chinook catch limit to 11,000, and change the in-season action trigger to 8,250.

(Adicks/Lincoln) Motion carried unan.
I move to adopt the 2015 commercial troll and recreational management measures for South of Cape Falcon for submission to the U.S. Secretary of Commerce, as described in Agenda Item D.5.a, Supplemental STT Report, dated April 14, 2015, with the following modification: for commercial troll in the area between Humbug Mt. and the OR/CA Border, modify the season described as “August 1 through the earlier of August 29 or a 500 Chinook quota” to “August 1 through the earlier of August 27 or a 500 Chinook quota”.

Motion carried unan.
