

FINAL ACTION ON INSEASON ADJUSTMENTS

Management measures for groundfish are set by the Council with the general understanding that these measures will likely need to be adjusted within the biennium to attain, but not exceed, the annual catch limits. This agenda item will consider inseason adjustments to 2016 fisheries. Potential inseason adjustments include adjustments to Rockfish Conservation Area (RCA) boundaries and adjustments to commercial and recreational fishery catch limits. Adjustments are, in part, based on recent landings and the latest information from the West Coast Groundfish Observer Program.

Council Action:

- 1. Consider projections for the 2016 fisheries and adopt inseason adjustments, as necessary.**

Reference Materials:

None.

Agenda Order:

- G.7 Final Action on Inseason Adjustments Kelly Ames
- Reports and Comments of Advisory Bodies and Management Entities
 - Public Comment
 - Council Action:** Adopt Inseason Adjustments, as Necessary, to Achieve but Not Exceed Annual Catch Limits
