

HABITAT COMMITTEE REPORT ON  
FUTURE COUNCIL MEETING AGENDA AND WORKLOAD PLANNING

The Habitat Committee would like to meet for two days, November 15-16, at the November Council meeting. This would allow sufficient time to discuss the Groundfish Essential Fish Habitat-Rockfish Conservation Area Amendment Preliminary Preferred Alternative, as well as other issues on the committee's agenda, possibly including the Columbia/Snake River Biological Opinion, the fishery-specific habitat objectives final report, and Oroville Dam operations.
