

EXECUTIVE DIRECTOR'S REPORT

At this meeting, the Executive Director's Report will include a report on Agenda Item A.3, Attachments 1 and 2, regarding the potential use of Dropbox as a way of more efficiently electronically disseminating briefing materials to Council members during Council meetings. Experimental use of this method occurred at the March and April Council meetings, with good success. This should be viewed as a beta test for Council members; it may be possible that in the future, this method might be extended to others involved in the Council process.

At this meeting, there will also be a report on the annual Council Coordination Committee (CCC) meeting with the National Marine Fisheries Service May 13-15, 2014 in Virginia Beach, VA. Agenda Item A.3, Attachments 3 and 4 pertain to this report.

The Executive Director's report to the Council will also provide information on selected Informational Reports, points of emphasis or updates on the proposed agenda, matters of interest not on the proposed agenda, and other matters associated with optimizing the Council process.

Council Task:

Discussion.
