

## CURRENT HABITAT ISSUES

The Habitat Committee (HC) will meet on Thursday, November 13, 2014, to discuss California water conditions and desalination plans, to hear about the Atlantis model review and new techniques for mapping fish abundance, to discuss the status of habitat for lower Columbia coho, and to hear from representatives of the Bureau of Ocean Energy Management about the current status of ocean energy projects.

### **Council Action:**

**Consider comments and recommendations developed by the HC.**
