

## STATUS REPORTS ON THE RATIONALIZED TRAWL FISHERY

Under this agenda item, the Council will receive information on performance of the trawl fishery to dates and updates on any other issues related to implementation. The specific reports planned at this time are as follows

1. Report(s) from NMFS on program performance and any new or ongoing issues, other than those covered under the following agenda item on trailing actions—Agenda Item E.6.b, NMFS Report 1 and Agenda Item E.6.b, Supplemental NMFS Report 2).
2. At-sea sector co-op reports with information about the current year's fishery—Agenda Items E.6.c, Supplemental Mothership Sector Co-op Reports and E.6.c, Catcher-processor Sector Co-op Reports. Mothership sector representatives will provide a presentation of their report. A catcher processor sector representative will be on hand if there are questions about the report provided in the Council briefing materials. (The reports will only cover fishing completed up to the date of the report. By March 31 of next year, co-ops are required to submit to NMFS a final report with complete information).
3. Enforcement Consultants report on enforcement activities pertaining to the trawl rationalization program— Item E.6.d, Enforcement Consultant Report.

No specific Council action is required. However discussion under this agenda item may raise issues to be considered in the following agenda item on trawl rationalization trailing actions.
