Madame Chair members of the Council: My name is Bill James and I am here today representing Port San Luis Commercial Fishermen's Association.

Today I am requesting both Shallow Nearshore Species and Deeper nearshore Species bi-monthly trip limits be raised to 1000 pounds per 2 months south of 40:10 for the remainder of the year. In the last couple of years commercial nearshore landings have approached only 50 percent of the ACL for both Shallow and Deeper Nearshore species.

Please open Lingcod in December of this year with a 400 pound monthly limit for December 2014 for open access south of 42 degrees.

Sincerely, Bill James
