Motion 21: Agenda Item G.8.d, Supplemental WDFW Motion in Writing:

Using Agenda Item G.8.a, Attachment 1, move that the Council adopt the following items as a preliminary list of topics and draft schedule for trailing actions and amendments. This list includes three standalone items and potential items for inclusion in PIE Rules #2 and #3.

Standalone Items:

Item 6 – Adaptive Management Program Quota Pounds (2015)

Item 10 – Widow Rockfish QS Allocation (2015)

Item 14 – Reduce Observer Costs (2013-2014)

PIE # 2 (2013) Items 3, 7, 15, **16**, 17, 18, and **19** in Attachment 1 and chafing gear (as described in Supplemental NMFS Report 3).

PIE # 3 (2014): Items **1**, 2-10, and **11** in Supplemental NMFS Report 1 and items 21, 24, 25, 26, and **27** in Attachment 1.

The year in parentheses after each item is the target year for implementation. Those items above that are bolded and underlined, in particular, may become standalone items, depending on the proposed scope of action.

For the carryover issue (Item 1 in NMFS Supplemental Report 1), adopt the GAP recommendation to implement the carryover provision as a mid-year “release” of quota in 2012 as a temporary measure.

The Council would task the TRREC with a meeting to occur between the November 2011 and March 2012 Council meetings to initially focus on the topics listed for potential implementation in 2013 (Item 14 and those items in PIE 2), and provide a report back to the Council in March 2012.

Moved by: Michele Culver

Seconded by: Dale Myer

Amndmnt #1 Move items 26 and 27 up to PIE 2 (2013), and modify the last paragraph so that it reads “The Council would task the TRREC with a meeting to occur in Oct 2011 and focus their discussions on regulations that have been made obsolete or unnecessary as a result of

implementation of the IFQ program. The TRREC would report back to the Council in November with topics for potential implementation in 2013.”

Moved by: Steve Williams

Seconded by: Jeff Feldner

Amndmnt 2 Keep the portion of the amendment which moves items 26 and 27 from PIE 3 to PIE 2 and amend Amendment 1 such that the TRREC would have a meeting to occur in October, with an initial focus on gear regulations targeted for implementation in 2013, specifically items 15, 19, 26, and 27.

Amendment 2 to Amendment 1 passed unanimously. Amendment 1 (as amended) to Motion 21 passed unanimously. Motion 21 passed unanimously.

Motion 22: Continue to manage blackgill rockfish and spiny dogfish as they are currently in their respective complexes, but to task the GMT with further analysis on the sorting requirements and trip limits for blackgill rockfish, spiny dogfish, and longnose skate; and explore adjustments in trip limits for spiny dogfish.

Moved by: Michele Culver

Seconded by: Frank Lockhart

Amndmnt 1 Manage greenspotted rockfish under its current management complex.

Moved by: Marija Vojkovich

Seconded by: Michele Culver

Amendment 1 to Motion 22 passed unanimously. Motion 22 (as amended) passed unanimously.

Motion 23: Analyze removing the minimum length restrictions on Lingcod in the individual fishing quota fisheries.

Moved by: Steve Williams

Seconded by: Jeff Feldner

Amndmnt 1 Include an additional analysis to consider a minimum length restriction on Lingcod to be set at 20 inches.

Moved by: Michele Culver

Seconded by: Dale Myer

Amendment 1 to Motion 23 passed unanimously. Motion 23, as amended, passed unanimously.

Motion 24: Task the GMT to include analyses of the following management measures: exempt the mid-water whiting fishery from the chafing gear requirements; and using Agenda Item G.8.a, Attachment 1, analyze item 26 to allow multiple gears onboard a vessel participating in the IFQ fishery, item 27 to allow trawl gear modifications that increase efficiency and selectivity (e.g., allow use of four seam nets), and item 4 to clarify catch accounting regulations and FMP language between the limited entry and open access sectors to match the Council’s intent.

Moved by: Michele Culver

Seconded by: Dale Myer

Motion 24 passed unanimously.

Motion 25: Adopt the six workshops in the SSC report with item 3, the review of historical catch reconstructions, as the lowest priority. Further, the motion includes the items in the GMT report that inform specifications analyses for the 2015-16 cycle.

Moved by: Michele Culver

Seconded by: Rich Lincoln

Amndmnt 1 Amend the priorities in the main motion to prioritize a workshop to develop non-extractive survey techniques as the top priority.

Moved by: Marci Yarmenko

Seconded by: Buzz Brizendine

Amendment 1 failed (5 yes, 7 no, 1 abstention). (Mr. Feldner, Mr. Sones, Ms. Culver, Mr. Lincoln, Mr. Myer, Mr. Williams, Ms. Lowman voted no; Mr. Lockhart abstained). Motion 25 passed (Ms. Yarmenko voted no).

Motion 26: Council requests NMFS review the record on the Council's intent for the limited entry fixed gear primary tier fishery and the application of the daily trip limit as the threshold and the Council's intent with regard to chafing gear in the mid-water whiting fishery. These items should be corrected outside the Council process in time for the 2012 fisheries.

Moved by: Michele Culver

Seconded by: Dale Myer
