ADDITION OF 2011 MANAGEMENT ALTERNATIVES FOR PUBLIC REVIEW

The Council will review the Salmon Technical Team (STT) impact analysis (Agenda Item G.7.b, Supplemental STT Report) and comments from advisory bodies, agencies, tribes, and the public before adopting proposed ocean salmon fishery management alternatives for public review. The adopted alternatives should meet fishery management plan objectives (spawner escapement goals, allocations, etc.) and encompass a realistic range of alternatives from which the final management measures will emerge. Any need for implementation by emergency rule must be clearly noted and consistent with the Council's and NMFS’s emergency criteria (see Agenda Item G.4.a, Attachment 2 and Attachment 3).

Council Action:

1. Adopt proposed 2011 ocean salmon fishery management alternatives for public review.
2. If necessary, identify and justify any alternative(s) that would require implementation by emergency rule.
