June 18, 2013

The primary purpose of this meeting of the Scientific and Statistical Committee (SSC) Groundfish Subcommittee (Subcommittee) is to review draft stock assessments and catch reports for use in deciding groundfish harvest specifications and management measures for 2015 and beyond and to plan assignments for analyses informing future harvest specifications and management measures.

Subcommittee meetings are open to the public, and public comments will be accepted at the discretion of the Subcommittee Chair. Committee member work assignments are noted in parentheses at the end of each agenda item. The first name listed is the discussion leader and the second, the rapporteur. A suggestion for the amount of time each agenda item should take is provided. At the time the agenda is approved, priorities can be set and these times revised.
