FUTURE COUNCIL MEETING AGENDA AND WORKLOAD PLANNING

This agenda item is intended to refine general planning for future Council meetings, especially in regard to the details of the proposed agenda for the March 2010 Council Meeting. The following attachments are intended to help the Council in this process:

1. An abbreviated display of potential agenda items for the next full year (Attachment 1).

At the Council meeting, staff may provide an updated version of Attachment 2 to reflect potential agenda item changes for March that come to our attention during the course of the November Council meeting. Also, due to the short time between the March and April meetings, staff will provide a supplemental agenda worksheet displaying the proposed April meeting agenda.

The Executive Director will assist the Council in reviewing the items listed above and discuss any other matters relevant to Council meeting agendas and workload. After considering supplemental material provided at the Council meeting, and any reports and comments from advisory bodies and public, the Council will provide guidance for future agenda development and workload priorities. The Council may also identify priorities for advisory body consideration at the March 2010 Council meeting.

Council Action:

1. Review pertinent information and provide guidance on potential agenda topics for future Council meetings.
2. Provide more detailed guidance on a Proposed Agenda for the March and April Council meetings.
3. Review workload elements and identify priorities for advisory body considerations at the next Council meeting.
