PROPOSED AGENDA

Ad Hoc Ecosystem Workgroup

Pacific Fishery Management Council
Online Meeting
See Council Website for Meeting Login Information
December 17, 2021, 12:00 p.m. – 2:00 p.m.

Ecosystem Workgroup (EWG) meetings are open to the public, and a public comment period has been scheduled. Additional public comments may be taken at the discretion of the Chair.

A. EWG Administrative Matters

1. Roll call and review agenda — Kit Dahl
2. Introductions and announcements — Yvonne deReynier

B. Candidate Fishery Ecosystem Plan Initiatives

In March 2022 the Council will consider adding initiatives to the list of candidates found in Fishery Ecosystem Plan (FEP) Appendix A. The Council may also consider identifying a new initiative or initiatives to embark on and/or other activities flowing from the results of the Climate and Communities Initiative. The EWG will discuss and develop its recommendations to the Council on these topics.

C. Council Guidance on Agency Activities in the California Current Ecosystem

In March 2021 the Council recommended creating a standalone document based on FEP Chapter 5, *PFMC Policy Priorities for Ocean Resource Management*. This would allow easier circulation to relevant agencies reviewing activities impacting the California Current Ecosystem. The EWG will discuss completing a draft of this document for Council review.

D. Other Matters

The EWG may discuss other matters relevant to ecosystem-related Council activities and plan work to complete current assignments.

Public Comment 1:45 p.m. or immediately following Agenda Item D.
