

FINAL REPORT OF THE OREGON COASTAL NATURAL COHO WORK GROUP

The Salmon Advisory Subpanel reviewed the final draft of the *2000 Review of Amendment 13 to the Pacific Coast Salmon Plan*.

The recommendations presented on page 32, and in Table 6 on page 30, have substantial allocation implications. Other than the last paragraph of the Executive Summary on page V, there is no discussion regarding the allocation of proposed reductions under "Critical Parent Spawner Levels" and low levels of marine survival. However, we generally support the direction of the report.

Our recommendation would be to at least adopt the report as an advisory document.
