

REVIEW OF 2000 FISHERIES AND SUMMARY OF 2001 STOCK ABUNDANCE ESTIMATES

Situation: Mr. Dell Simmons, Salmon Technical Team Chairman, will review the results of the 2000 fisheries and the stock abundance projections for 2001. The agencies, tribes, Council advisors, and public will then be afforded an opportunity to comment on these issues. Under agency comments, the states of Oregon and Washington may also provide details of the 2000 selective recreational and commercial fisheries (retention of coho only if marked by a healed adipose fin clip).

Council Action: None.
