

Highly Migratory Species Fishery Management Plan Preferred Options

Page 3-5: Management Unit Species - Option 2

5 tunas, 5 sharks, swordfish, striped marlin, dorado

Page 3-7: Prohibited Species - Both Option 1 and 2

white, basking, and megamouth sharks; Pacific halibut and salmon

Page 8-7: Framework Process (for Rulemaking Actions) - Option 2

Option 1 plus "Points of Concern" process

Page 8-8: Management Cycle - Option 3

biennial management cycle

Page 8-11: Pelagic Longline - Option 1

Includes pelagic longline as legal gear

Page 8-21: Treaty Indian Fishing - Option 1

include framework process similar to Treaty Indian Fishery under the groundfish plan

Page 3-14: Management Control Rule - Default Control Rule

MSY and MSY Proxies; OY for Vulnerable Species - sharks

Page 4-11: Essential Fish Habitat - Management Unit Species

Page 8-10: Legal Commercial Gears; harpoon, surface hook and line, drift gillnet and purse seine

Page 8-12: Legal Recreational Gear; rod and reel (pole and line), spear, hook and line

Page 8-15: Reporting and Monitoring Requirements; Mandatory logbooks for selected fisheries;

surface hook and line, drift gillnet, pelagic longline, small vessel tuna purse seine, harpoon and charter/party

Highly Migratory Species Fishery Management Plan (Part B, Initial Regulatory Options) Preferred Options

Part B Page 1: Commercial Permits - Option 2
commercial permit with gear endorsement

Part B Page 2: Recreational Permits - No Action (new option)

Part B Page 3: Far Offshore Commercial Fisheries Declarations - Option 3
exempt all trollers from offshore declaration

Part B Page 5: Drift Gillnet Fishery, Management Authority - Option 3
federalize selected state regulations and laws under FMP

Part B Page 24: Longline Fishery, Management Process - Option 3
include longlines as actively managed gear and propose initial regulations

Part B Page 28: Longline Fishery, Management on High Seas - Option 2
include all management measures included in Western Pacific Pelagics FMP

Part B Page 47: Longline Fishery, Management in EEZ - No Longlining in EEZ (new option)

Part B Page 51: Coastal Purse Seine Closure - Both Options 1 & 2
closures off Oregon and Washington

Part B Page 54: Sale of Striped Marlin - Option 1
prohibit commercial landing or sale of striped marlin

Part B Page 17: Drift Gillnet Fishery Restrictions - Protected Species
implement modified take reduction restrictions

Part B Page 52: Recreational Catch and Release Program
