I. Advisory Subpanel Discussion and Comments

This is an opportunity for the Highly Migratory Species Advisory Subpanel (HMSAS) to discuss the Council's preferred alternatives and other alternatives, and to comment on the adequacy of the FMP as a whole. If the HMSAS can achieve consensus on some issues, this should be reported to the Council. For those issues where consensus is not possible, the different points of view should be presented. The Council is scheduled to take final action on the FMP at this meeting.

J. Develop HMSAS Report to the Council
