

TRIBAL COMMENTS ON  
PROPOSED CHANGES TO THE CATCH SHARING PLAN AND ANNUAL  
REGULATIONS

Mr. Chairman,

The Tribes support adopting the changes to the Area 2A recreational halibut fishery for 2004 in the Catch Sharing Plan based on the proposed changes adopted in September.

The Tribes propose no changes to the catch sharing plan as it relates to the Treaty Indian allocation of halibut for 2004. That allocation would remain at 35% of the Area 2A total allowable catch, plus the 25,000 pound adjustment, as specified in the Stipulation and Order of the U.S. District Court.
