

**Statement of Jim Harp  
On the Preliminary Definition of  
2004 Management Options**

**March 9, 2004**

I offer the following range of preliminary options for the ocean Treaty troll fishery for compilation and analysis by the Salmon Technical Team with the understanding that this is only the first step towards finalizing options this week that will be adopted by the Council to be sent out for public review.

**Treaty Troll Options**

	<u>Coho</u>	<u>Chinook</u>
Option I	90,000	60,000
Option II	75,000	40,000
Option III	60,000	30,000

For chinook, 50% would be taken in the May/June chinook directed fishery and 50% would be taken in the July/August/September all-species fishery.
