September 2004

The Pacific Fishery Management Council is saddened by the loss of two members of the Council family over the summer due to tragic accidents, Mr. Brett Schneider and Mr. Randy Fry.

In July, Brett Schneider suffered a fatal gunshot wound in his home. Brett was Deputy Special Agent in Charge with NOAA Office for Law Enforcement in Long Beach, California. He had served on the PFMC Enforcement Consultants since being appointed in May 2000.

In August, Randy Fry was attacked by a shark while diving for abalone and did not survive the attack. Randy was the West Coast Regional Director of Recreational Fishing Alliance out of Sacramento, California. He was appointed to the Groundfish Advisory Subpanel in January 2003.

Both of these gentlemen contributed greatly to our lives and the work of the Council as advisors, friends, and associates. They will be greatly missed by us; our thoughts and prayers are with their families and loved ones.
