2008	70,000	-	-	-

Twenty-four individual vessels made a total of 84 landings containing halibut in the directed tier-limit sablefish fishery north of Point Chehalis. Of the 84 landings, 26 contained the full amount of halibut provided for in regulation, while the other 58 landings averaged 75 percent per landing of the potential amount of halibut allowed. This is very similar to the pattern that occurred in this fishery in 2006, indicating that the current regulation does a reasonable job of accommodating incidental halibut bycatch in the fishery.
