A Vessel License Limitation Program for the Pacific Whiting Fishery; Amendment 15 to the Pacific Coast Groundfish Fishery Management Plan

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Availability of an amendment to a fishery management plan; request for comments.

SUMMARY: NMFS announces that the Pacific Fishery Management Council (Council) has submitted Amendment 15 to the Pacific Coast Groundfish Fishery Management Plan (FMP) for review by the Secretary of Commerce (Secretary). Amendment 15 would modify the FMP to implement a limited entry program for the non-tribal Pacific whiting fishery. Amendment 15 is intended to limit participation in the Pacific whiting fishery within the U.S. West Coast

Exclusive Economic Zone until the implementing of a trawl rationalization program in the Pacific whiting fishery.

DATES: Comments on Amendment 15 must be received on or before May 19, 2008.

ADDRESSES: You may submit comments, identified by RIN 0648-AW08 by any of the following methods:

- Electronic Submissions: Submit all electronic public comments via the Federal eRulemaking Portal <http://www.regulations.gov>.

- Fax: 206-526-6736, Attn: Becky Renko.

SUPPLEMENTARY INFORMATION:

Electronic Access

Amendment 15 is available on the Pacific Fishery Management Council's (Council's or Pacific Council's) website at: <http://www.pcouncil.org/groundfish/gffmp.html>.

The Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) requires that each regional fishery management council submit any FMP or plan amendment it prepares to NMFS for review and approval, disapproval, or partial approval. The Magnuson-Stevens Act also requires that NMFS, upon receiving an FMP or amendment, immediately publish a notice that the FMP or amendment is available for public review and comment. NMFS will consider the public comments received during the comment period described above in determining whether to approve Amendment 15 to the FMP.

Amendment 15 would implement a limited entry program for the Pacific whiting fishery, which occurs within

the U.S. Exclusive Economic Zone off the coasts of Washington, Oregon, and California. The whiting fishery is currently managed with separate allocations for the tribal and non-tribal whiting fisheries, and with sector-specific whiting allocations for the three non-tribal sectors: mothership, catcher/processor, and shore-based. Vessels that participate in the mothership sector include both the motherships themselves and the catcher vessels that deliver to the at-sea mothership processors. Vessels that participate in the catcher/processor sector are self-contained at-sea processors that both catch and process fish. Vessels that participate in the shore-based sector are catcher vessels that deliver their catch to land-based processing plants. This action would limit participation in each of the three non-tribal sectors of the Pacific whiting fishery to those vessels, both catcher vessels and at-sea processing vessels, with historic participation in those particular sectors.

NMFS welcomes comments on the proposed FMP amendment through the end of the comment period. A proposed rule to implement Amendment 15 has been submitted for Secretarial review and approval. NMFS expects to publish and request public review and comment on proposed regulations to implement Amendment 15 in the near future. Public comments on the proposed rule must be received by the end of the comment period on the amendment to be considered in the approval/disapproval decision on the amendment. All comments received by the end of the comment period for the amendment, whether specifically directed to the amendment or the proposed rule, will be considered in the approval/disapproval decision.

Authority: 16 U.S.C. 1801 *et seq.*

Fisheries of the Exclusive Economic Zone Off Alaska; Bering Sea and Aleutian Islands King and Tanner Crabs

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability of an amendment to a fishery management plan; request for comments.

SUMMARY: NMFS proposes Amendment 24 the Fishery Management Plan for Bering Sea/Aleutian Islands King and Tanner Crabs (FMP) to: specify a five-tier system for determining the status of the crab stocks managed under the FMP, establish a process for annually assigning each crab stock to a tier and for setting the overfishing and overfished levels, and reduce the number of crab stocks managed under the FMP. Amendment 24 is necessary to establish new overfishing definitions that contain objective and measurable criteria for determining whether each managed stock is overfished or whether overfishing is occurring and to remove several crab stocks managed by the State of Alaska from FMP management. This action is intended to promote the goals and objectives of the Magnuson-Stevens Fishery Conservation and Management Act, the FMP, and other applicable laws.

DATES: Comments on Amendment 24 must be submitted on or before May 19, 2008.

ADDRESSES: Send comments to Sue Salveson, Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region, NMFS, Attn: Ellen Sebastian. You may submit comments, identified by RIN 0648-AW37, by any one of the following methods:
