

PRESEASON SALMON MANAGEMENT SCHEDULE FOR 2009

The following schedule will be used to plan, announce, and meet *Federal Register* deadlines for public hearing sites and the entire 2009 preseason salmon management process.

For 2009, Council staff recommends one salmon management option hearing per coastal state, the same schedule as in 2008. The hearings would be:

- March 30, 2009 Westport, Washington and Coos Bay, Oregon
- March 31, 2009 Eureka, California

In 2009, the March Council meeting will occur in Seattle, Washington and the April Council meeting in Millbrae, California. Therefore, the public comment period on Tuesday of the April meeting in Millbrae also serves as a public comment opportunity. If the states desire to have additional hearings, we suggest they organize and staff them as was done in past years. The table below provides the public attendance at the hearing sites since 1995 for Council reference.
