Dear Chair Lowman and Councilmembers:

I am writing in support of the Experimental Fishing Permit (EFP) application that has been submitted by the Central Coast of California organization, the Alliance of Communities for Sustainable Fisheries (ACSF).

This EFP, as recently modified, is designed to bring more scientific information to the PFMC and public about the best methods for catching swordfish in US waters, while minimizing bycatch.

On behalf of the City of Monterey, I hope that the PFMC will support this EFP application.

Thank you for considering this request.

Sincerely,

RE: Agenda Item E.2. Exempted Fishing in the Pacific Leatherback Conservation Area and With Longlines

Dear Chair Lowman, Council Members, and Administrator Stelle,

Thank you for the opportunity to comment on behalf of the Center for Biological Diversity (Center) on Agenda Item E.2, regarding the exempted fishing permit to allow fishing with indiscriminate gear, namely drift gillnets and longlines, in the Pacific Leatherback Conservation Area. To reiterate our comments submitted in March, we opposed fishing in the Pacific Leatherback Conservation Area while leatherbacks are likely to be in the area and oppose fishing with longline gear off the U.S. west coast.

Exempted Fishing Permits Jeopardize the Conservation Purpose of the Pacific Leatherback Conservation Area.

The Center opposes any exempted fishing permit allowing indiscriminate fishing in the Pacific Leatherback Conservation Area. Issuing such an EFP would be wholly incompatible with the purpose for which the Pacific Leatherback Conservation Area was created: to protect critically endangered Pacific leatherback sea turtles from entanglement and drowning in fishing gear.

The Pacific Leatherback Conservation Area overlaps with the boundaries of three National Marine Sanctuaries, the Monterey Bay, Gulf of Farallones, and Cordell Bank National Marine Sanctuaries. The leatherback sea turtle as well as the marine mammals, seabirds and fish that will likely be caught by vessels fishing pursuant to the EFP are all resources protected by these sanctuary designations. The proposed EFP would clearly “destroy, cause the loss, or injure” these resources. Thus we urge the Council to reject EFPs containing requests to fish in

the Pacific Leatherback Conservation Area without clearly articulating the policy and public benefit behind inserting indiscriminate fishing gear into marine sanctuaries.

Fishing Rates for Pacific Bluefin Tuna and Bigeye Tuna Exceed Sustainable Levels

The Council should not approve an exempted fishing permit for fishing gear that will harvest overfished Pacific bluefin tuna and species for which overfishing is occurring, like bluefin and bigeye tuna. Building longline and drift gillnet fishing capacity – by allowing exemptions from standing regulations that limit fishing – undermines international efforts to reduce fishing for bluefin and bigeye tuna.

For Pacific bluefin tuna the continued overfishing depletion is especially concerning because of the stock is at such a low biomass (fig. 1), having declined by 94 percent from its unfishered levels. In November 2014 the International Union for Conservation of Nature (IUCN) classified the Pacific bluefin tuna as vulnerable, meaning it is considered to be facing a high risk of extinction in the wild.

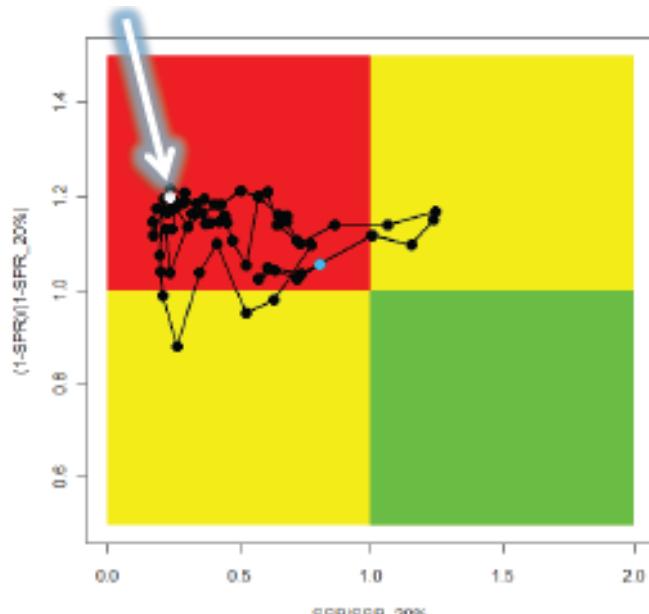

Figure 1. Kobe plot for Pacific bluefin tuna from the assessment update in February 2014. (Source: Werner, Sept. 2014, G.2.c – Southwest Fisheries Science Center Report and International Activities, at http://www.pcouncil.org/wp-content/uploads/G2c_SUP_SWFSC_PowerPoint_SEPT2014BB.pdf).

Bigeye tuna has been experiencing overfishing since the 1990s in the western and central Pacific Ocean and are currently at their lowest historical levels. In August 2014, the Scientific Committee for the Western & Central Pacific Fisheries Commission noted that in 2012 the stock was overfished.¹ A 16-year time series (1996-2011) of Hawaii deep-set longline catch and effort data showed drastic changes to the fishery: (1) a fourfold increase in the number of hooks set; (2) a 50% decrease in catch rates for bigeye tuna and over a dozen other large fish; (3) an increase in discards – unwanted fish thrown overboard – from 30 to 40% of the total catch.² Given the serious decline in bigeye tuna population, it is irresponsible for the Council to issue exempted fishing permits for longlines off of California.

Longlines off California Present Too Much Risk to Endangered Species

The Center opposes experimental fishing with longlines because California's ocean hosts a variety of marine wildlife populations that cannot withstand risk of longline mortality. Several of these species are listed as endangered or threatened under the ESA, including sperm whales (*Physeter macrocephalus*), humpback whales (*megaptera novaeangliae*), fin whales (*Balaenoptera physalus*), leatherback sea turtles (*Dermochelys coriacea*), loggerhead sea turtles (*Caretta caretta*), green sea turtles (*Chelonia mydas*), and olive ridley sea turtles (*Lepidochelys olivacea*). Moreover, the critically endangered North Pacific right whale (*Eubalaena japonica*) occurs off the coast of California and is at risk from entanglement in indiscriminate fishing gears. There is no reason to experiment off California's coast with a fishery known to entangle and kill endangered species.

Longlining for swordfish within the California EEZ has been prohibited since at least 1977 when the State of California promulgated regulations declaring that “Swordfish may be taken only with handheld hook and line or handthrust harpoon.” 14 C.C.R. § 107.12 Pelagic longlining more generally was prohibited by Fish and Game Code § 9028 which banned hook and line fishing gear longer than 900 feet. However, swordfish and other longline-caught fish caught outside the EEZ could be landed in California if a declaration indicating such intent was filed with the Department of Fish and Game prior to departure. F&G Code § 8113. In light of this regulatory scheme effectively prohibiting longlining in the EEZ off California, but allowing the landing of longline-caught fish from outside the EEZ, the California-based longline fleet has historically been rather small, with most U.S. longline fishing in the Pacific being based out of Hawaii rather than California.

Nevertheless, due to litigation that led to NMFS virtually eliminating the Hawaii-based longline fishery for swordfish, in the late 1990s and early 2000s California-based longline fishing vessels caught and killed numerous federally protected species. From October 2001 to March 2003 NMFS placed limited observers on some of the California-based longline fishing vessels. These observers, monitoring only a fraction of the fishing effort, recorded entanglements of 23 loggerhead sea turtles, 2 leatherback sea turtles, and 1 olive ridley sea turtle. In August

² Polovina, J. J., & Woodworth-Jefcoats, P. A. (2013). Fishery-induced changes in the subtropical Pacific pelagic ecosystem size structure: observations and theory. *PloS one*, 8(4), e62341.

2003, NMFS predicted (based on prior observer data and assuming that fishing effort remained the same as in 2002) that the California-based longline fishery was entangling 174 loggerhead sea turtles (47 killed) and 53 leatherback sea turtles (14 killed) each year.

The Council and NMFS curbed the interactions by issuing the long-overdue Highly Migratory Species Fishery Management Plan (FMP) and accompanying regulations. 69 Fed. Reg. 18444 (April 7, 2004). The FMP brought the California-based longline fishery under federal management and included a provision prohibiting shallow-set longlining west of 150° W long. 50 C.F.R. § 660.712(2). However, in its biological opinion for the FMP, NMFS concluded that allowing shallow-set longlining east of 150° W long. would jeopardize the loggerhead sea turtle. NMFS therefore issued a reasonable and prudent alternative requiring the prohibition of shallow-set longlining east of 150° W long. NMFS instituted this closure pursuant to its authorities under the ESA. 69 Fed. Reg. 11540 (March 11, 2004); 50 C.F.R. § 223.206(d)(9). There is no justification for revisiting the decisions to ban longlines from the EEZ off California.

Conclusion

We urge the Council to reject exempted fishing permits that use longlines in waters off the U.S. west coast and any exempted fishing permit that allows fishing by drift gillnets or longlines in the Pacific Leatherback Conservation Area. Thank you for consideration of these comments.

Sincerely,

RE: Agenda Item E.2 - Resubmitted EFP Final Approval

Dear Chair Lowman and Council Members:

We write in regards to the Alliance of Communities for Sustainable Fisheries' (ACSF) Exempted Fishing Permit (EFP) application resubmitted to the Council proposing to use drift gillnet (DGN) gear in the Pacific Leatherback Conservation Area (PLCA) and shallow-set longlines (SSLL) in the Exclusive Economic Zone (EEZ). Because this application does not meet the Council's stated objective in soliciting EFPS and does not comply with Council Operating Procedure 20 (COP-20), we recommend the Council reject this proposal. Pew supports the development of new and innovative fishing gears that have the ability to significantly reduce bycatch and bycatch mortality, while providing a high quality product. Unfortunately, ACSF's proposal does not meet that standard.

The Council's stated objective in soliciting EFPs is "to test alternative fishing gear as a substitute in the large mesh [DGN] fishery, or test new approaches or methods of fishing DGN gear . . . while significantly reducing the bycatch from what has been observed in the contemporary DGN fishery."¹ The proposed EFP lists two fishing gears to be used, SSLL and DGN gear. In regard to DGN gear, the application references fishing techniques that *may* be employed throughout the duration of the EFP. However, the application fails to establish a protocol as to when and how those techniques will be applied and does not require that those techniques be used at all. Instead, the application leaves open the possibility that the applicant will simply be fishing unmodified DGN gear in the PLCA, which does not meet the Council's objective to test new approaches or methods of fishing DGN gear. If the applicants wish to test new techniques against the performance of the contemporary fleet, they are able to do so within the current restrictions on the fishery and do not need an EFP to determine if there is a measurable reduction in bycatch.

¹ [EFP Solicitation Letter, July 02, 2014](#), Agenda Item G.3.a, Attachment 1, Sept. 2014; [Renewed EFP Solicitation Letter](#), Sept. 29, 2014.

It is also unclear how fishing DGN gear in the PLCA without specified modifications or standardized changes in fishing methods can provide information useful to management as required by COP-20.² The applicants assert that they will compare fishing in the PLCA with the DGN fleet fishing outside the PLCA, but information already exists to compare the bycatch rates of the contemporary DGN fishery to bycatch rates in the PLCA before the closure.³ The DGN fleet fished in the PLCA with current gear configurations, including pingers and lowered nets, for several years before the closure. Even if the proposed EFP resulted in lower bycatch rates, there would be no way for managers to guarantee that the results could be replicated. As such, it is difficult to view this aspect of the application as anything more than a thinly veiled effort to allow DGN gear in the PLCA.

In regard to EFP applications, “[t]he Council and HMSMT have previously stated that proposals to fish within the PLCA would likely only be considered on a limited basis. For example, buoy gears may present new opportunities for fishing within the PLCA, but DGN gears would probably not draw much support.”⁴ The HMSMT also indicated that “applications to test modifications to DGN gear would be unlikely to be considered within the PLCA.”⁵ It is unclear why the HMSMT has endorsed DGN fishing in PLCA without modifications to the gear or implementation of a new standardized approach to fishing.

The longline portion of the application is also flawed. It makes little sense to open the West Coast EEZ to the use of pelagic longlines without adequate assurance that the EFP could meet the Council’s objective of significantly reducing bycatch below levels observed in the contemporary DGN fishery. Pelagic longlines are known to have high bycatch of sea turtles⁶ and were prohibited on the West Coast specifically because of their impact on endangered sea turtle populations.⁷ Because SSLL have not shown the ability to significantly reduce bycatch below levels observed in the contemporary DGN fishery, it is highly unlikely that an EFP applicant could meet the Council’s stated objective and adequately justify an exemption to the regulations.⁸

Conclusion

We are troubled that ACSF is using the EFP process merely as a way to fish in the PLCA without any indication that bycatch will be reduced. The use of SSLL in the EEZ and DGN gear in the

PLCA is not likely to meet the Council's stated objective to significantly reduce bycatch from levels observed in the contemporary DGN fishery and should not be approved.

RE: Agenda Item E.2: Final Approval of Resubmitted EFP Application

Dear Chair Lowman and Members of the Council:

The Pew Charitable Trusts has collected 10,278 comments to date urging the Council to reject any exempted fishing permit (EFP) applications proposing to use pelagic longline or drift gillnet gear.

Please include the attached petition as an electronic submission on the web site for the Council's supplemental briefing book. The petition itself is included here, along with the names, cities and states of individual signers that were gathered as of June 3, 2015. The Council may continue to receive additional comments in the days ahead.

RE: Agenda Item E.2: Final Approval of Resubmitted EFP Application

Dear Chair Lowman and Council members:

Please reject any exempted fishing permit (EFP) applications proposing to use pelagic longline or drift gillnet gear in the Pacific Leatherback Turtle Conservation Area (PLCA).

The PLCA was created for a reason: The California and Oregon coast from Point Sur, California, to Lincoln City, Oregon, is a critical feeding area for Pacific leatherbacks in late summer through the fall after their epic migration across the Pacific Ocean. The PLCA has reduced the number of leatherback deaths in the fishery from 112 between 1990 and 2001 to near zero between 2001 and 2012.

Opening the PLCA to the use of fishing gear with documented bycatch problems would be detrimental to the continued survival of this endangered species and inconsistent with the Council's intent in approving EFPs to research and develop new and innovative gears with significantly reduced bycatch. Again, please reject any applications proposing to use pelagic longline or drift gillnet gear in the PLCA and focus instead on developing alternative fishing gear that is more selective and actively tended.

jacklyn	loughbom	manhattan beach	CA	Please do the right thing
janet	monfredini	san francisco	CA	Please do whatever you are able to protect these amazing creatures.
Eleanor	Riley	Marina del Rey	CA	Please don't allow this testing .
Nuri	Pierce	La Mesa	CA	Please don't go backwards on the protections afforded to the sea turtles. They need more protections not less, and more fully protected areas, not less if they are to recover.
jen	Bradford	Spring Valley	CA	Please end the use of,these horrific nets.
chris	brazis	SF	CA	Please help our one and only sea turtles.
Allan	Kaopua	San Rafael	CA	Please help protect our vanishing wildlife
Katheryn	Neville	North Highlands	CA	Please help save our turtles!

Gail	Caswell	San Francisco	CA	Please help save these precious and ancient creatures!
Leslie	Gould	San Anselmo	CA	Please help stop species extinction!
rob	christiansen	Laguna Beach	CA	Please help!!
Jacqueline	Stehr	Los Angeles	CA	Please keep the Pacific Leatherback Conservation Area just that. If opened it is danger and death as it can inadvertently catch and kill species of marine life.
Sea	Glasaman	Los Angeles	CA	Please let's aim at an enlightened relationship with all of the animal kingdom.
Julie	Amato	Mountain View	CA	Please maintain the protections for these amazing Sea Turtles! They SO deserve a better life, which they would have, if not for us...please help them. Thank you...Julie
Lynn	Freudenberg	North Hollywood	CA	Please make the industry responsible, nets are killing innocent mammals.
Carolyn	frazee	Eureka	CA	please prevent their extinction!
Michelle	MacKenzie	San Carlos	CA	Please protect our marine wildlife from longline or drift gillnet gear.
Luna	Gooding	L.A.	CA	Please protect our turtles!!
Dana	Williams	Eureka	CA	Please protect our turtles...
blake	wu	lafayette	CA	Please protect the largest reptile in the world, and one of the longest living animals. Extinction is forever, and we cannot allow this to happen to leatherback turtles.
Sherri	Venezia	Davis	CA	Please protect the Leatherback Turtles by preventing drift gill net or longlines in fishing their ecosystem.
Roderick	Brown	San Diego	CA	Please Protect the Leatherbacks.
Antoinette	Imus	Lake Forest	CA	Please protect these beautiful sea turtles!
June	Alexander	Rohnert Park	CA	Please protect these beautiful turtles!
Linda	Stokely	Petaluma	CA	Please protect these sea creatures for generations to come to see.
Nicole	Fountain	Fremont	CA	Please protect this majestic highly endangered species from extinction. Thank you!
Judith	Hansell	Richmond	CA	Please protect turtles!
Tom	Rudholm	Modesto	CA	Please reject any exempted fishing permit (EFP) applications proposing to use pelagic longline or drift gillnet gear in the Pacific Leatherback Turtle Conservation Area. Tom Rudholm
Elaine	Brandt	Venice CA	CA	Please reject any exempted fishing permit applications that may use pelagic longline or drift gear in the Pacific Leatherback Turtle Conservation Area. All our wild creatures must be protected from human abuse/interference with their natural ecosystems. It is humankind's job on this planet.
gina	bilwin	SOLVANG	CA	PLEASE REJECT ANY PERMITS ALLOWING LONGLINE OR DRIFT GILLNET IN THE PACIFIC . THEY KILL FAR TOO MANY ANIMALS. ALWAYS HAVE ALWAYS WILL BE MORE DESTRUCTIVE THAN USEFUL.
harper	lang	woodland	CA	Please save the turtles.
Frank	Hill	North Hollywood	CA	Please stop the destruction of wildlife in the name of money
Barri	Clark	Los Angeles	CA	Please stop the distraction of EVERYTHING!
Robin	Gulling	Guerneville	CA	Please take care of our turtles
Susan	Goldich	La Crescenta	CA	Please take care..& be aware..Protect and reject longline & drift gillnet. Save our turtles.
Teresa	Stilwel	Hayward	CA	please take the measures to do the right thing and protect the Pacific Leatherback sea turtles.
Adrienne	Tucker	San Jose	CA	Please uphold the proper protections for marine wildlife!

KJ	Linarez	Carmichael	CA	Please use your position to protect this species.
Michelle	Mehlhorn	Richmond	CA	Please! Extinction is not an option!
Tess	Husbands	San Diego	CA	Please, do not kill this vital strand in the web of all life.
Rick	Macias	Corona	CA	Please, let's stop killing our planet!
David	Clayton	La Crescenta	CA	Please.
Alice J.	Felix	Walnut Creek	CA	Protect our Pacific leatherback Sea Turtles!!!
Dan	Perdios	Palm Springs	CA	Protect our turtles. They belong to us all.
Abby	Wanamaker	Woodland Hills	CA	Protect Pacific leatherback turtles in their Conservation Area.
Constance	Glenn	Forestville	CA	Protect the leatherback.
Bruce and Wendla	Duncan	Citrus Heights	CA	Protect the sea turtles now! Extinction is forever!!!
Sally	DeHart	Oakland	CA	Protect these magnificent animals.
Jewels	stratton	San Francisco	CA	Protect these turtles!
I	Roiz	San Francisco	CA	Protect what's left of our precious marine life!!!
Susan	Chapman	LOS Angeles	CA	Reject the deadly fishing gear in sea turtle protected areas!!!!!!!!!!!!!!
Kate	Russell	San Jose	CA	Responsibility is the price of freedom (Elbert Hubbard)
Sharie	Foster	Tujunga	CA	Responsible fishing is critically necessary to preserve ocean health and our ocean food source!
Claire	Joaquin	Pollock Pines	CA	Responsible stewards of the seas do not allow drift gillnet gear or pelagic longlines in turtle conservation areas.
Gerardo	Licciardi	Torrance	CA	Save ocean sealife for future generations and economic stability!
Jim	Phillips	Sonoma	CA	Save our Leatherbacks and other species of Turtles from extinction. They are an important part of the ecology of the oceans.
Steve	Purvis	Santa Monica	CA	Save the Leatherback Sea Turtles
char	laughon	montara	CA	save the turtles
Jay	Atkinson	El Sobrante	CA	Save the turtles!
Robin A	Enos	Newcastle	CA	Save the turtles, save the planet.
Janet	Williams	Oakland	CA	Save these amazing animals!
Greg	Goodmacher	Carlsbad	CA	Sea life has drastically decreased in the last century because of our mismanagement. I want future generations to be able to enjoy the beauty and bounty of a healthy ocean ecosystem.
Lisa Ann	Kelly & Family	Santa Barbara	CA	Sea Turtle populations have plummeted worldwide, and a lot of that decimation of population has to do with humans committing the depredation. We need to protect sea turtles in wherever and whenever and however we can. Banning drift gill net and longline fishing gear would help save sea turtles and many, many other incidentally killed marine creatures.
Mary	O'Brien	Sacramento	CA	sea turtles are ancient, long surviving reptiles, who deserve to be protected. Please don't allow bycatching of these marvelous creatures.
William	Schoene	Santa Monica	CA	Sea turtles face ever-growing threats to their survival and we must maintain all of their current protections at the very least.

Sylvia	Ruiz	Los Angeles	CA	So many marine animals threatened by commercial fishing. Why can't these commercial interests remain out of the habitat of marine life especially since the request for testing of equipment that helps to further endanger marine life.
M	R	San Rafael	CA	Sometimes it's difficult to do the right thing. This does appear to be one of those times.
Joseph	Boone	San Luis Obispo	CA	Stop killing life bon Earth.
Raquel	Karno	Pala	CA	Stop pushing sea turtles to extinction, there is no excuse for the use of gillnets and longlines that harm non targeted species like turtles,not ever is this ok by me or anyone of sound mind
Patricia	Farber	San Francisco	CA	Sustaining and respecting the natural world is our responsibility
Marlene	Fisher	West Hollywood	CA	Take drift gillnet & long line gear off the table for the sake of sea life.
Peter	Freedman	El Cerrito	CA	Thank you
Mary	Small	Santa Clara	CA	Thank you for placing your focus on developing this alternative fishing gear. This is where your focus should be.
Barry	Kaufman	Burbank	CA	Thank you for reading my letter.
Chris	Candell	Oakland	CA	The fish caught for human consumption is not worth the killing and possible extinction of by-catch! Please don't allow drift gillnet and longline in conservation areas. Not good for boats either when they go adrift and wander into other areas.
Deborah	Filipelli, Ph.D.	The Sea Ranch	CA	The following letter represents my position in strong support that the Pacific Fishery Management Council reject any exempted fishing permit applications proposing to use pelagic longline or drift net hear in the Pacific Leatherback Turtle Conservation Area.
Aida	King	Redding	CA	The health of our oceans depends on ensuring the biodiversity. We need our oceans to help sustain this world.
janus	matthes	sebastopol	CA	The oceans are collapsing and without protection, mass extinctions. Please leave something for the next generations.
Mara	Williams	Sonoma	CA	the oceans are in peril. Please do your part to preserve life and the turtles.
Betty	Murphy	Long Beach	CA	The Pacific Leatherback is my favorite of the ENDANGERED SEVEN.....drift gillnets must be banned wherever possible and long liners caught...I know it is an uphill battle, but we must make more people aware of the dire consequences....
Tiffany	Casler	Laguna Beach	CA	The time to take right action is now. Thank you for your time.
Carole	Ehrhardt	Pebble Beach	CA	There is already available fishing gear which does not kill turtles. Please insist that any fishing gear has these features and make it tough financially for anyone to use the wrong fishing equipment.
Nancy	Elchler	Albany	CA	There is no need to test gillnets or longlines. Both have been used and are known to be dangerous and destructive.
Cathy	Thornburn	Los Angeles	CA	These animals deserve our protection and our respect as citizens of the ocean.
Arlene	Zimmer	Rancho Palos Verde	CA	These are precious creatures that must be cared for and saved. We humans are too selfish and self-serving!
Toby-Rachel	Leder	San Diego	CA	These beautiful animals deserve to live in peace!
Linda	Antonioli	Los Angeles	CA	These dinosaurs of the deep need our help to survive man's impact.
Drew	Powers	Artesia	CA	These helpless, beautiful creatures must be protected at all costs!
Jean	Turley-Sinclair	Grass Valley	CA	These iconic turtles need to be protected!

Drs. Derrell and Hil Chambers-Lorrain	Kensington	CA	These magnificent animals survived millions of years and endured a number of climate swings. It is a crime and moral shame that we are driving them to extinction. They have been here many eons longer than we have. Please protect them.	
Donald	Koch	Landers	CA	These nets are destroying the seas and the animals in it. Better get it right before there is nothing left to protect.
sylvia	lewis-gunning	Thousand Oaks	CA	These threatend animals deserve our protection!!!!!!!!!!
Stanford	Crane	San Jose	CA	These treasures need protecting.
Clifford	Brooks	Berkeley	CA	These very innocent and helpless animals deserve more than our wrath upon them, they need our strength of compassion now more than ever, please.
Patrice	Sena	Pasadena	CA	this action needed to be taken years ago...
Wendy	Raymond	Monrovia	CA	This has got to be one of the worst ideas ever.
CLAY	HOWARD	San Rafael	CA	This is crucial.
zelma	fishman	Los Osos	CA	This is too important to dawdle on. These turtles are in danger and you can't get them back. Perhaps you think they are not important. This is not the case.
Gary	Baisden	Mt Shasta	CA	To whom it may concern - It seems to be a fact that as humankind develop more and more advanced ways of fishing, more and more sea creatures become collateral damage and/or death statistics. In this case, since there already is a Conservation Area for the leatherback sea turtles in place, it would be oh so easy for you folks to leave it as it is, a place of comparable safety for these giants. Please do that. Please do this for them, just to show that greed does not always win. Thank you.
Pat	Mierzwa	La	CA	Try to keep it sustainable
Arlene	Hansen	Kentfield	CA	Turtles are another part of the chain of life. All critters needed to stay in balance! And protected!!
Marijeanne	Sarraille	Pittsburg	CA	Turtles are important.
Jennifer	Adams	San Francisco	CA	Turtles have a hard enough time at the beginning of their precious lives to survive, it would be a crime to die at the hands of a humans decision to use a death trap long line.
Luise	Perenne	Fountain Valley	CA	Way past time to get rid of vacuuming up the sea bottom and threatening so many endangered species.

West	Smith	Ojai	CA	<p>We Americans are loosing our rights because some of our leaders are supporting Corporations that put profit over the health and safety of American Citizens.</p> <p>WHAT KIND OF LEADERSHIP IS THIS ?!!!!!!!</p> <p>When rights get taken away from the American people, that weakens Democracy.</p> <p>Our leaders keep trying to</p> <p>TAKE AWAY OUR HEALTHCARE TAKE AWAY OUR SOCIAL SECURITY. TAKE AWAY OUR PENSIONS.</p> <p>BLOCK THE VOTE.THEY MAKE MIDDLE CLASS AMERICANS PAY TAXES THAT CORPORATIONS SHOULD BE PAYING.</p> <p>This is just the tip of the iceberg and the list goes on an on. And as Corporations demand to get richer, our leaders try to take more of our rights away.</p> <p>Lately I have been seeing more and more statements on the internet from people who are saying that If our rights continue to be taken from us then it could eventually lead to another civil war in the United States. That frightens me. Hitler came to power in a democracy with a highly liberal constitution, and in part by using democratic freedoms to undermine and then destroy democracy itself. That democracy, established in 1919, was a product of defeat in war and revolution and was never accepted by most of the German elites, notably the military, large landholders and big industry. This might sound like another one of those annoying Hitler comparison.BUT the corporate domination that is taking place in our country right now. Is very similar to the change that took place in Germany. You can see why many of us Americans are becoming very nervous over this. SENATOR BERNIE SANDERS IS FIGHTING THIS OUTRAGEOUS CORPORATE CORRUPTION IN OUR COUNTRY AND HE IS RUNNING FOR PRESIDENT OF THE UNITED STATES.</p>
Larry	Lapuyade	San Anselmo	CA	<p>We as humans should examine our interaction, whether planned or not, with all species and from that form policies that help to preserve all other species and still allow us to do what we need to do for our selves. Thomas	Woolard	Fresno	CA	<p>We need conservation areas in each ocean</p>
Dr. Joseph	Sinda	Long Beach	CA	<p>We need more protection for aquatic Fish and Mammels. Better regulation for killing nontargeted species of Leatherback Turtles.</p>
mary	rojeski	santa monica	CA	<p>We need to ban the longline and drift gillnet!!!</p>

Lolita	nettles	Los Angeles	CA	We need to do all that we can to protect majestic creatures. It takes nothing to test those same nets in a swimming pool and inset fans to stimulate currents!
Christel	Capps	san jose	CA	We really need to join together and save the Pacific Leatherback!
Patricia	B. West	McKinleyville	CA	We should do everything possible to help save our planet and it's living creatures.
melissa	miller	pleasant hill	CA	when these animals are gone,it is forever.
Virginia	Stewart Carton	Orinda	CA	WHY are these fishing methods even being considered!!? AGAIN?!! This must stop!!
Sharlee	Moore	Los Angeles	CA	Why must we keep begging the Big Corporate Polluters NOT to KILL EVERYTHING ???
Lindsay	Sharp	Topanga	CA	Why put these magnificent creatures at known risk unnecessarily? Sheer folly and greed? Stop this criminal change now please!
Claudia	Gibson	Fairfax	CA	You put a price on everything and destroy everything of real value! Insanity.
Connie	George	San Francisco	CA	Your consideration of possible rejection of longline fishing permits and drift gillnet gear is greatly appreciated. Isn't saving the Pacific Leatherback turtles worth it? Thank you!
Dana	Poirier	Surrey	Canada	I love turtles. Will always speak up for them.
Luree	Dell-Bryan	Shawnigan Lake	Canada	Too many people in the world!
G	Royal	London	Canada	Please do not allow drift gillnet gear or the pelagic longline in the Leatherback Turtle Conservation Area. This was set aside as a safe place for these endangered species and no applications now or in the future should ever be considered.
Jane	Broxup	South River	Canada	The oceans and all that live in them are essential to the health of the planet.
Nancy	Lowe	new lowell	Canada	We need to save the animals that are left before we destroy them all. Shame on us thus far for our greediness and uncaring behaviours around animal and planet welfare.
Rosa	Borisova	Mount-Royal	Canada	All non-human species's existence is extremely important.They are not trash, nonsense or trinkets.As the most powerful species on this planet we must protect,respect,appreciate and defend them and our environment,not destroy.Our crippled,greedy,selfish needs seem endless and it will be never enough.The more people have the more they will take if there are no limits,strict,severe rules and regulations. I can only hope that people like you with powers to make it right will not be blindfolded by greed.Please do what ever you can to stop this vicious circle of greed.What we do today will impact everyone else's life tomorrow.Thanks.Rosa
Suzanne	Lacroix	st-laurent	Canada	If this is a CONSERVATION AREA then it should be kept as one - please do not allow fishing in this area !
Carmen	Rojas	San Pedro de Mont	Canada	Sea turtles deserve to be protected!
Diane	Carson	Longmont	CO	All animals are precious on this Earth, each valuable in it's own way. Save the Pacific leatherback sea turtle.
gary	ong	Colorado Springs	CO	Cousteau.
Weslie	Phillips	Golden	CO	Help them!!!
Susan	Granias	Pagosa Springs	CO	I am against anything that will put animals, especially endangered at further risk. We cannot do business as usual, we need to and create ways to do business and still protect the environment. This is where new technologies are found and developed.
Jennifer	huenerkopf	Broomfield	CO	I believe that we all agree that preserving the water source and it's creatures will only benefit us our children and their children why is it such an issue.

Maggie	Schafer	Boulder	CO	I DON'T KNOW WHY WE HAVE TO EVEN ASK YOU TO DO THIS! IF YOU WERE GOOD MANAGERS, YOU WOULD KNOW THAT THESE ANIMALS AS WELL AS OTHERS ARE THREATENED! I GUESS GREED WINS AGAIN!
Katherine	Delanoy	Eagle	CO	I have seen a Pacific leatherback in the ocean. It is sickening to think that these creatures are being killed because we are too indifferent to regulate fishing gear and the fishing companies couldn't care less. Please do what needs to be done to protect non-targeted species.
Renate	Uhl	Grand Junction	CO	I seriously hope that these sea turtles get the protection needed.
Alice	Green	Wheat Ridge	CO	If we don't protect our wildlife, they will become extinct and the faster they become extinct the soon we all will become extinct.
Bruce	Berger	Aspen	CO	Longline and gillnet fishing should be withdrawn from all waters.
Mary Ann	Dimand	Arvada	CO	Our fellow-creatures deserve our attention and respect. For all of our survival and thriving.
Susan	Fladager	Leadville	CO	Please be kind.
Lori	Fortier	Evergreen	CO	Please maintain protections for these beautiful creatures!
Diane	Alpern	Boulder	CO	Please protect these turtles, and other marine life, from these horrible practices.
Jane	Williams	Denver	CO	Preserve and save these precious sentient Ocean life from extinction!
Judith and Bernard Heideman		Hotchkiss	CO	Sea turtles in the wild are like angels of the sea. So amazing and beautiful. Please protect them.
John	Eckler	Lakewood	CO	Thank You for reading my letter
Rob	Carter	lafayette	CO	Thank you in advance for doing the right thing to protect the oceans animals
John	Eckler	Lakewood	CO	Thanks for reading my letter
Barbara	Forsyth	Colorado Springs	CO	Use common sense, care, & respect for all wildlife in water, on lands, or in the air! SAVE Every Leatherback & Every Kind of ALL Sea Turtles!
Anastasia	Walters	Littleton	CO	We all need to work on protecting this very important species before they are extinct.
Sheryl	Sussbauer	Longmont	CO	We KNOW these drift gillnets and longline fishing gear cause nontarget deaths! PLEASE maintain Sea Turtle protections!
Tom Goddard	Tom Goddard	Holyoke	CO	What would it be like caught in a net underwater until you drowned.
Christina	Anderson	Boulder	CO	Why endanger the lives of these turtles with a practice that is known to kill them. Only greed would do something like this.
Kelly	Swing	Quito	Costa Rica	This is about way more than a few species of turtles.
Maria Susana	Garcia	G Baigorria	Country	Portejan la naturaleza ... leguemosles a los niÃ±os un mundo mejor
Robin	Tierney	Branford	CT	As a concerned citizen, I strongly urge you to protect Pacific Leatherback Sea Turtles. Please keep longline or drift gillnet gear out of their conservation area in order to protect the population.
Tom	Adamski	Oxford	CT	Drift gill net and long line are destructive, unsustainable forms of fishing, and should be banned
Margaret	Sawyer	East Haven	CT	Fishery Management for who's benefit?
Jacquelyn	Sanders	Old Lyme	CT	Help the leatherback sea turtles from a certain tortuous death by not allowing the use of gillnet and longline fishing gear.

melinda	ramsey	Monticello	FL	I hope one day to see a Pacific Leatherback. They're so magnificent.
Mark	Holmgren	St. Petersburg	FL	If we can't sustain habitat and balance with these creature/persons/fellow travellers in space, then name what we are really doing...think.
dee	preston	Iantana	FL	If we don't protect these amazing creatures now they will be lost forever and it will be our fault. If you cannot protect these creatures please step down so someone else who cares can step in. Thank you.
philip	katzman	n.palm beach	FL	if you ever saw a leather back, as rare as they are, you would understand the need to protect them...
EUEL	OLIVER	PANAMA CITY	FL	I'm an animal lover.
John	Watt	Melbourne	FL	It seems to be a beneficial result when we make intelligent decisions which though somewhat less than desirable, allow for the continued survival of all natural species. Nature has been quite successful in keeping things balanced. It seems only when we get involved, that things get really messed up. I have yet to witness or experience a disaster which resulted from our returning to a natural environment and its controls. Wasn't this the norm, when we started our fishing efforts in this area.
Addie	Lozano	Indiantown	FL	Let's save these BEAUTIFUL creatures!"
MARC	TASLIT	Trinity	FL	NO DRIFT GRILLNET OR PELAGIC LONGLINE FISHING GEAR! It's not worth endangering or killing sea turtles and other bycatch. Surely better gear can be developed.
Ann	Grenci	Palm beach garden	FL	Not in our life time!!

Dale	Prillaman	Hollywood	FL	One Oil Spill knocks out most rebounds seen. For TwentyFive years. Keep Constant Protections In Place, and in fact, Up Them!!! Thanks for Doing The Right Things.
Marion W.	Hylton	Gainesville	FL	Please continue these sea turtle protections, including the magnificent leatherback turtle, now threatened by the undisciplined use of drift gillnets and longline fishing gear.
Elizabeth	Cori-Jones	Gainesville	FL	Please do not do anything to further endanger these magnificent Pacific Leatherback turtles! We are on the verge of losing many of our sea turtle species, and to allow testing of these known killers of sea turtles in leatherbacks' protected areas should continue to be prohibited. Please do not allow testing of longlines or drift gillnets where they can endanger these wonderful turtles!
Arwen	Weiss	Orlando	FL	Please don't rollback protections for the Pacific Leatherback! We must make responsible and sustainable management practices a priority!
Margo	Bliss	Jacksonville	FL	Please help protect our sea turtles
Babette	Bruton	Treasure Island	FL	Please help the turtles!
Judith	Costello	St. Petersburg	FL	Please keep in mind that once every endangered animal is gone, they are gone forever. It is our duty as Americans and stewards of the land and water to do all in our power to protect these wonderful creatures and our environment for future generations.
S	Logan	Miami	FL	Please keep these ancient animals alive!!!!
Dorothee	Custer	Merritt Island	FL	Please leave the protected area in place. We've worked too hard to save this species.
Mercedes	DiMaio	Tampa	FL	please let us be kind to these beautiful innocent animals!!
Natalie	Nevera	North Miami	FL	Please protect sea turtles from being killed by gillnet fishing which is prohibited in some areas of Calif & Oregon.
Rebecca	Cowart	Orlando	FL	please protect the sea turtles..they deserve to live free as God intended
Sue	Amell	Harmony	FL	Please protect these precious creatures!

c.	connor	mac	FL	When there are none left guess who will go down in history as not helping to save the turtles. What will your kids say then?
Deborah L	Born	Ocala	FL	Why do this? The records are clear. Do we really need any more testing?
Charlot	Taylor	Palm Beach	FL	Why do we have to Request that irresponsible, destructive gear not be used???? This should be automatic. Knowing that most species are way down in numbers, Every capable Fishing Manager should always be looking for best practices techniques in the fishing industry. Why do we have so many, dense, uninformed and careless people in positions of authority? They are ruining our precious planet and must be promptly replaced.

ynez	fernandez	Wailuku	HI	once they're gone, we're next; protect them now and we all live to see a better day
L.M.	Holmes	Honolulu	HI	Please help protect these last remaining sea turtles. They should not be snuffed out because of human carelessness.
Denise	Towle	Kailua Kona	HI	Please protect these precious animals from drift gillnet and longline fishing gear!
Kendra	Hunter	Haiku	HI	Please take care of our sacred Honu!
Jacqui	Skill	Lahaina	HI	So important to stop the killing of marinelife such as the leatherback turtle by banning longline and driftnet gear..thank your awareness and wisdom on this..
noenoe	barney-campbell	Honolulu	HI	We need our turtles, especially the Leatherback, to help reduce the growth of jellyfish in our oceans. They are important protectors of their ocean environment!
Joseph	Kohn MD	Wailuku	HI	www.WeAreOne.cc
Charles	Mitchell	Keokuk	IA	Commerce kills. You have to be its conscience.
Rose	Riker	Sioux City	IA	Get rid of the drift gillnets and longline fishing gear testing. Both have proven deadly to marine wildlife! I want future generations to be able to see and appreciate the sea turtles and that won't happen if they're forced into extinction by dangerous fishing methods!
Sheila	Tran	Hartley	IA	I love sea turtles and we need to do what we can to protect them.
Lauri	Coffman	Cedar Falls	IA	If we protect turtles -- we protect all living beings!!!
Margo	Vanderhill	Alton	IA	No viable fishing industry can continue reckless practices that produce waste, also known as by-catch. We must stop destructive drift gillnet and longline fishing because past experience shows their detrimental effects on a wide variety of species.
Anne and Murl	Borts	Nevada	IA	Please do not let these beautiful, wonderful animals become extinct. They deserve as much help as we can give. Thank you.
Andy	McCollum	Mount Vernon	IA	Please recognize the value of protecting this critically endangered species. Leatherbacks are unique, superlative animals and are declining rapidly in the pacific. I urge you to continue giving them the strongest protection.
Lynnette	Lane	DES MOINES	IA	The beautiful sea turtle must be protected and preserved.
Mary	Brady	Dubuque	IA	This is your job, please don't let us down or the turtles. We seem to be allowing the total destruction of which ever fish/animal a corporation finds to be inconvenient when it comes to making the Billions of dollars they expect, just because they are Billionaires.
Virgil	Dahl	Waterloo	IA	treat the earth, and all that dwell upon (within) with respect
Sherry	Toelle	Atlantic	IA	We MUST protect our ecosystem, including turtles and other ocean life.
Jody	Mahnken	Boise	ID	Please protect the precious Pacific leatherback sea turtles
Sandra	Walters	Driggs	ID	THIS IS URGENT!!!

ruth	hosek	chicago	IL	Both those methods have proven lethal to other species. Is your organization there to kill the living in our environment? Without the environment we all die. You do know that, don't you? May you and your org. be first should it happen.
Steve	Drucker	Sherrard	IL	EVERYTHING WE DO AFFECTS EVERYTHING ELSE. GET WITH IT!
Mary	Eliades	Evanston	IL	I encourage you to open the Pacific leatherback Conservation Area. We need to protect these turtles and other creatures who inhabit the ocean.
Cath	Boul	Highland	IL	I reject any net or line fishing that entraps turtles, dolphins, etc.
Wendy	Mackey	Chicago	IL	Important!
Margaret	Friedenbach	Savanna	IL	Let's protect turtles.
d	arslani	Downers Grove	IL	NO DRIFT GILLNETS &/OR LONGLINE FISHING GEAR!!!
Donna	Estes	Toledo	IL	Please don't let the drift gillnets be used. These turtles will be pushed to extinction.
andrew	hoffman	morton grove	IL	Please don't open this area for this type of fishing.
Rachel	Krucoff	Chicago	IL	Please respect the designation of Conservation Area. It is crucial that we maintain areas where these turtles can survive without threat. That is the very reason we created the Conservation Area to begin originally. It is because there is an urgent need for it. I strongly urge you not do disregard this need and to safeguard this area.
Katie	Mullen	Chicago	IL	Please stop endangering these turtles.
Roberta	Freeman	Chicago	IL	Please!
Karla	Klueter	carbondale	IL	PLEASE! DO SOMETHING NOW THAT YOU THINK YOU CAN HELP THEM!!! THE LONGER YOU WAIT, THE MORE NEEDLESS DEATHS!!!
Caroline	Mead	Glenview	IL	Protect sea turtles NOW!!!
Shannon	Peterson	Homer Glen	IL	Sea Turtles, like other living beings, are not totally and forever expendable. They are all part of an ecosystem that needs them all to remain in healthy balance. Are fishermen so lazy as to wantonly kill turtles in order to harvest fish? Stop it or someone will wantonly harvest us.
Chris	Nelson	Naperville	IL	Sustainable oceans mean we protect all wildlife. These turtles eat jelly fish. They help contain this water species. If we destroy their habitat we will lose them and control over jelly fish.
jane	mccreadie	lake zurich	IL	Testing? What do they need to test? We know what these fishing methods produce!!They are death traps. Do not allow it under any circumstances. I this greed or stupidity????????????????? or both.
Chris	McCormick	Lake Bluff	IL	Thank you for protecting our innocent sea turtles!
Nikki	Weihe	Oak park	IL	The earth is a beautiful planet. It is amazing because of the diversity of living beings that somehow find a way to coexist here. The only creatures out of sync with the environment are humans. Please take responsibility and say no to the things that harm other sentient beings.
Aaron	Turkewitz	Chicago	IL	The only truly striking feature of our planet, as far as we know, is that life arose here, and subsequently gave rise to the stunning and beautiful array of creatures that inhabit it. Now we are in the beginning of a massive extinction event due to humans. You have an opportunity, and therefore a responsibility, to decrease the chances that marine turtles will be one of the casualties. I implore you to take this responsibility as your highest priority.
Marianne	Flanagan	Des Plainesd	IL	There is no justification for testing a method of fishing known to harm untargeted species.

Rowena	Huser	Rantoul	IL	These animals need all the protection we can give them.
steve	lyons	rockford	IL	They are few in number and disappearing fast
Brian	Chadwick	Chicago	IL	This must be stopped immediately. I am ashamed that I need to even sign a petition to preserve this amazing species. Brian D. Chadwick
Dennis	Kreiner	Carpentersville	IL	Turtles do not have a voice so we must speak for them
Susan	Francis	Lisle	IL	We are all watching closely!
David	Margolis	Buffalo Grove	IL	We are fishing the oceans dry, of life. It's time to wake up!
Richard	Ordonez	Countryside	IL	We must move forward, not backwards in allotting the necessary protections for endangered marine life. Sea turtles must be afforded that protection.
Arlene	Norris	Lisle	IL	We need to act responsibly!
Heidi	Bresilge	Plano	IL	We need to do all we can to protect these beautiful turtles!! Humans have cause too much destruction already!
marcy	gustafson	Chicago	IL	We want nature to come back: human nature is a big disappointment.
EDWARD	MIKAN	Demotte	IN	Do not even consider this HARMFUL , DESTRUCTIVE , ACTION!!!!
Lyn	Berling	Indianapolis	IN	Do not open the Leatherback Conservation Area to testing drift gillnet and longline fishing gear. Don't you understand what conservation area means?? These methods should be outlawed everywhere. We have a major problem with keeping many species on the planet. Fishermen are shooting themselves in the footâ€¢!â€¢;for very short term gains. Tragic.
Beth	Knuth	Roann	IN	Everyone loves the leatherback, that has a fricken brain in their head!
Mark	Harrison Jr.	Bedford	IN	Leatherback turtles should be protected.
Marcia	Ouellette	Lafayette	IN	Thank you for your time & consideration.
Rosemarie	Overstreet	Indianapolis	IN	We owe them all the protection we can give them
Mark	Hodie	Munster	IN	When will the federal government realize that so many of our creatures are under threat? What will it take to make them listen? As other countries have proven time and time again that they don't care about protecting the ocean's creatures, the USA can and must take the lead in saving them. The USA has the power and influence to persuade other nations to start caring about turtles and other sea creatures. We cannot afford to wait and must lead by educating and teaching other countries that certain fishing methods are harmful and deadly to marine life. Longline fishing has proven to be an unbelievably cruel and unnecessary method. Millions of fish suffering a horrible death. NO MORE! There are other methods af fishing that don't cause such collateral damage.
barbara silvia	calamai	pisa	Italy	please, protect this beautiful creatures
Simon	Pugh	Maastricht	Italy	We won't realise what we have until it's too late.

Julia	Shockley	Kansas City	KS	Day after day I read more and more animals are endangered. When will we wake up? With every species of life steadily entering the endangered list or in need of protection it is only a matter of time before mankind will be at the top of the list. Then our own extinction will be eminent. What will you choose to protect or destroy? The choice is yours.
Charles	Brumleve	Manhattan	KS	drift gillnet and long line fishing gear should not be allowed in the Pacific Leatherback Conservation Area.
Carol	Bischoff	junction city	KS	Please exempt any fishing permit
Jo	Ellis	Basehor	KS	Please help protect Pacific leatherback sea turtles!!!
Carol	Wilkinson	Rochester	KS	Please help these turtles
Margaret	Walker	Bardstown	KY	All animals are God's creatures just as man is. We need to everything to help them just as we need to do the same for people
Elaine	Waters	Richmond	KY	We must be the stewards of our world to save all creatures, oceans, and lands.
Linda	Carroll	New Orleans	LA	As an American who is informed and concerned about our fragile marine species, I ask you to fulfill your solemn responsibility to protect them by maintaining the prohibitions on pelagic longline or drift gill net gear in the Pacific Leatherback Turtle Conservation Area. This area was set aside explicitly to protect turtles from the harm that such fishing implements wreak on them.
Rosemary	Gremillion	Pineville	LA	I would think that an agency entitled Pacific Fishery Management Council would want to do everything in its power to protect sea creatures instead of taking sides with companies that use equipment that could not only kill these creatures, namely the Pacific Leatherback Turtle, but cause them great discomfort before they die. You're doing it for the money, aren't you? Your true goal is lining your pockets with greenbacks. You are not living up to the standards of integrity to sea creatures as reflected in your agency's title. I hope the council members will do the right thing, the humane thing and not allow the testing of drift gillnet and longline fishing gear in an area that is referred to as a conservation area. If you vote yes to allowing testing of this gear, you are turning your back on your ideals and the true goal of the job you were hired to do.
Hazel L	Champagne	Metairie	LA	Let's protect what we still have. We seem to be in a race to see how many species we can decimate, whether we mean it or not.
Shawn	Hall	New Orleans	LA	Please do the right thing!
Evelyn	Chuter	Metairie	LA	Save all living things!
patrick	percy	baton rouge	LA	Simple decency.
Judy	Tervalon	New Orleans	LA	So sad.
Chas	Caron	Natchitoches	LA	The oceans of the world can no longer support unregulated exploitation of the oceans. I support the following....charlie
Leslie	Uhl	Brookline	MA	As someone who grew up on this coast I am very concerned about the health of our oceans and the creatures who live in it, as well as the consequences of mismanagement. Please take this request seriously.
kathy	holland medanic	Jamaica Plain	MA	Being privy to the findings of the destructive consequences of drift gill nets and longline fishing gear, how could the Council waste time on even considering testing such wrong-headed methods?
Laura	Troll	Buzzards Bay	MA	Commercial fishing, illegal fishing, and the US Navy need to stop their negative effects on ocean life.

Shawn	Sargent	West Yarmouth	MA	Every creature of the ocean, is a critical part of the web of life. Pacific Leatherback's need protection now.
Mark	Ford	Worcester	MA	Hello, natures creatures rely on humans. We are the species on this planet that is causing its destruction. As a so called superior being we need to be superior to think of others and not just the human gains. Think - it is not illegal.
Larry	Stoodt	Framingham	MA	How does allowing questionable fishing practices in a conversation area match up?
Kevin	O'Carroll	Rockport	MA	I am a thirty year veteran from the seafood industry. I have worked as a commercial fishermen, including longlining. I owned and operated the second largest underwater harvesting company in the Pacific Northwest. I have been a wholesale buyer and seafood exporter. I have spent my life on and under the sea. These drift gillnet and longline fishing gear kill everything in their path. There are better ways to harvest. Our laws and regulations need to first conserve and secondly serve. If I can be of further assistance please let me know.
				Thank you for your attention to these critical issues.
				Sincerely yours, Kevin O' Carroll, Pres. Aquaduck Diver's Inc. Retired
James K	Hadcroft	N. Falmouth	MA	I am a Veteran, Active Voter and TaxPayer. As a Veteran I put my life on the line for Democracy. This missive is Democracy in action. It is a sad fact that national socialist philosophy now drives the republican party.
Nancy	Mcrae	Pepperell	MA	I must be missing something. Why conduct tests on a fishing method that has a track record for catching and killing nontargeted marine life. And if there was a logical reason for doing so, why conduct the tests in a conservation area. It seems to me the thought process for allowing such fishing permits fails on both counts.
Leda	Zimmerman	Lexington	MA	I urge you to adopt the strongest possible measures for preventing the deaths of nontargeted species such as Pacific leatherbacks. There is no safe way to deploy drift gillnets and longline fishing gear.
Beverly	Goodell	North Adams	MA	If we don't take care of the Lands, Waters, & animals ... There we are next
Holly F.	Malarney	Chelsea	MA	It is inexcusable making any changes that would put the Pacific leatherback sea turtles in danger. This plan clearly falls into this category and should not be put into action.
Patricia	Corshia	Plymouth	MA	It's our duty to protect.
eugene	Brusin	Quincy	MA	Let the United States lead the way in protecting and guarding the Sea Turtle Protections Act.
K.	Guttormsen	Pittsfield	MA	Let's do the right thing. We lose enough species every week.
susan	foley	westfield	MA	Let's SAVE and HONOR what little natural treasures the USA still has!
Nan	Towle	Scituate	MA	Living in a Coastal town with an active fishing industry, we know how devastating a toll discriminated gill nets can take on indigenous non targeted populations. You can fish, but do it in a smart manner that allows the native inhabitants of our oceans to live their lives without killing them. All species are interrelated and have specific purposes to keep our oceans healthy and our biodiversity rich. You must act to maintain sea turtle protections. All of us, will be the better for it.
judi	Merl	Wellfleet	MA	Me mad Ma-mi!

Louise	Amyot	Greenfield	MA	Our world is becoming impoverished with the death and disappearance of so many species of animals. birds, insects and fishes. Please save sea turtles and help preserve the magic and beauty (and balance) in the world.
Diane	Dixon	Wenham	MA	Please take a global view of your personal actions.
Cheryl	Snyder	Hingham	MA	Please.
Alexander	Warren	North Andover	MA	Protect our wild life. It is important to our existence.
Paul	Lauenstein	Sharon	MA	Save sea turtles for future generations.
abigail	correia	cambridge	MA	Save the Turtles!!
Sheila	Miller	Longmeadow	MA	Such beautiful creatures need to be saved!
Susan	Blain	Gardner	MA	The existing rule is common sense, and exists for a reason. Overriding it will inevitably cause problems that would be hard to remedy.
Kate	Kenner	Jamaica Plain	MA	The numbers of sea turtles are declining because of what we have done/are doing; it is thus our responsibility to protect the ones who are left and will be born. I like having them in the world and feel that gill net fishing and longline fishing gear need to be banned. It seems there are alternatives so it is imperative that they are taken advantage of to save sea turtles and maybe other animals as well.
Lisa	Omartian	Springfield	MA	The urgent necessity of protecting endangered wildlife requires no discussion. It's simply the right thing to do. Enough said.
Lynne	Clark	Worcester	MA	The whole reason for the Conservation Area is to PROTECT, not test fishing gear.
Linda	Howe	Belmont	MA	There is no reason to put these conservation areas, which protect leatherbacks and other sea creatures, at risk.
Gail	Needham	Northampton	MA	These drift gillnets and longline fishing gear methods of fishing are brutally destructive to marine ecosystems.
deborah	russo	revere	MA	Turtles need all the protection possible, please.
Robert	Foley Jr	Attleboro	MA	WE ALL HAVE THE RESPONSIBILITY OF PROTECTING ALL OF THE SEAS CREATURES AND THEIR HABITATS.
sydney	resendez	wellesley	MA	We don't need this research--the facts are clear. Maintain the protections already in place!!
Barbara	Russek	New Bedford	MA	you've got to be kidding me. What a disgrace. You must be crazy!!!
carl	glitzenstein	silver spring	MD	All species deserve protection, especially ones as ancient and wondrous as the Pacific leatherback sea turtle.
Karen	Royer	Severna Park	MD	Conservation areas benefit many species. Fishermen are not entitled to every fish in the ocean!
Pamela	Goddard	Greenbelt	MD	Do not allow these nets to be used.
Robert	Lipsky	Kensington	MD	DO NOT OPEN THE PACIFIC LEATHERBACK CONSERVATION AREA TO GILLNET AND LONGLINE FISHING GEAR
James	Mudd	White Plains	MD	For Caroline.

CORLISS	GLENNON	Dayton	MD	<p>For present and future sustainability of our marine life, the Pacific Sea Turtle must be protected now. As it is we've waited too long. And 80% decline is unconscionable. If the PST is lost, one of the ocean's balances that we humans enjoy will be seriously affected. Jelly fish will increase in great numbers prohibiting public beach usage. Revenue lost as well. That's just one very obvious people-pocket affect.</p> <p>We have got to do more to benefit a balance for our planet. As it is the Conservation Area is only along some parts of the California and Oregon coasts and then only during turtle migration. Too little at best. To reduce this further is to aid the extinction of one of our outstanding marine reptiles.</p> <p>Thank you.</p>
Charles	Alexander	Lutherville	MD	I can not believe anyone would consider harmful gear at all.
George and France Alderson		Catonsville	MD	I grew up in Oregon and my family often vacationed on the Oregon coast, where the Pacific leatherback has its habitat. We want to see these turtles prosper in the PLCA, without the threat of longline or drift gillnets. Please hold the line against these types of fishing gear.
Robert	Woods	Havre de Grace	MD	If you were a Pacific Leatherback what would you do?
David	Iacono	Westminster	MD	It's time to stop destroying precious life in the oceans and sacrificing the life for short term profit. In the end, you will be the endangered species.
Linda	Robbins	Rockville	MD	I've never had the privilege of seeing a leatherback turtle but I worry I never will if gillnet and longline fishing isn't eliminated from our oceans. Please do the right thing and REJECT permits that use these antiquated techniques.
Marc	Moshman	Silver Spring	MD	Please continue to refrain from harming these awesome peaceful creatures. I've encountered sea turtles while scuba diving and it's a magical experience to share their world to a small degree.
eugenie and brian	jenkins and holme	Baltimore	MD	Please!

nancy	lewandoski	inver grove hts	MN	bit by bit protection for animals is disappearing. they need help1
John	Fitzgerald	Kilkenny	MN	Drift gillnet and longline fishing gear are the leading perpetrators in the unseen slaughter known as bycatch, in our oceans. They must be kept out of protected areas and better ways found in general, so as commercial fishing does not collapse the oceans ecosystem.
Jon	Olson	Webster	MN	Having just spent one week on a volunteer vacation near Savannah, Georgia supporting loggerhead conservation projects, I can attest the effort to protect all marine life from destructive fishing practices is worth it.
Jerald	Lehnert	Dakota	MN	How can you even consider allowing testing of drift gillnet and longline fishing gear!
Christopher	Gaffer	Mankato	MN	Maintaining healthy populations of sea creatures needs your support, not gillnets and longline fishing gear.

Bryan	Wyberg	Coon Rapids	MN	Please reject the attempt to revise history to reintroduce deadly fishing gear into the Conservation Area of the leatherback sea turtle. We know that long-line and gill nets are deadly to turtles, which is why the ban was put in place. It is ludicrous to test whether it works now.
William 'Skip'	Dykoski	New Brighton	MN	Reject this thinly veiled attempt to circumvent existing and reasonable limitation in this area. Please show the same compassion to these beautiful sea creatures as you would, say, your horse.
Susan	Grey	Minneapolis	MN	Please!
Kate	Dougherty	Duluth	MN	The move to allow drift gillnet and longline gear to fish is egregious. You know it. Please act responsibly and morally.
kathy	dunn	brooklyn park	MN	These nets are destroying habitat and raping the sea of unintended by-catch. Enough of it's use. We need to think of our responsibilities for the planet, not our pocket books or the economy - it is time for change, change that harbors policies that protect our planet and the life that is on it including other species, not just our own. We need sustainability. Enough greed. Enough corporate buy outs. Our government and the agencies created as watchdogs like yours to maintain certain standards need to be accountable to the people and the planet, not the long arm of corporations. We need people making decisions in offices like yours who are willing to think differently and manage the planets resources differently. The TIME IS NOW.

Joan	Dulberg	Raleigh	NC	Sea turtles are such beautiful, incredible creatures. They deserve our best efforts to preserve their lives and help them thrive. They do not deserve getting stuck in nets and suffocating to death. Neither does any other creature that isn't a target of the fishermen. Force them to use the proper gear that will let them catch their fish but preserve every other creature in the vicinity. After all we've done to drive the turtles to extinction, they deserve our care and attention.
Peter	Arata	Greensboro	NC	The more creatures we cause to be extinct the we come to extinction!

Rose	Sanchez	New York	NY	Please save the leatherback sea turtles.
Diana	Dorer	Beacon	NY	Please show your humanity and protect the Pacific Leatherback already facing decline of more than 80 percent. Please don't endanger these sentient beings. Please prohibit the use of dangerous fishing gear in sea turtle areas.
Edythe Ann	Quinn	Unadilla	NY	Please use common sense. The Pacific leatherback turtles are already endangered and their Conservation Area must continue to be protected from drift gillnets and longline fishing gear which have an established record of killing these magnificent sea turtles and other nontargeted sea life. The Council would be very negligent to disregard these facts and open the PLCA to test these already proven, destructive methods. As a college professor teaching Environmental Studies, I ask you to reject any such EFP applications. Thank you.

Erin	Marshall	Portland	OR	DO EVERYTHING YOU CAN TO DO A BETTER JOB PROTECTING OUR BELEGURED ENVIRONMENT!!!
Theresa	Tyler	Brookings	OR	Gillnets and longlines have already proved themselves to destroy far more than they produce. Allowing them into a Conservation Area is, in my opinion, counter productive to what 'conservation' stands for. Please don't take such a step; it isn't worth it.
teresa	floyd	Boring	OR	HER IS A THOUGHT. TAKE CARE OF THE TURTLES. MONEY YOU CAN GET ANYTIME. THESE TURTLES YOU CAN NEVER GET BACK SO DO SOMETHING TO HELP THEM AND NOT YOURSELF
Jackie	Critser	Aloha	OR	I have always thought that drift gill nets and longline fishing gear have always been particularly destructive and wasteful methods of fishing. It seems shameful to slaughter so many species and then dump them after you pick out what you want. I question the right of any private commercial entity to place species in an endangered status, particularly when using these shockingly wasteful and torturous methods. These egregious techniques have gone on for far too long and it is time for change!
D. Wiese.	Jones	Portland	OR	I love sea turtles!
Osalyn	Houser	Albany	OR	I strongly urge you to take positive action on this critical issue.

Barbara	Gurschke	Medford	OR	I'm very upset over what is distorting our sea turtles and we need to think about the future and what we would have left if it's all just about fishing out all we have left and killing many species not only oil spills and gillnets. Do you ever think about how devastating it would be if everything was gone and nothing left. Is it all about your eating habits and prize winning for catching many or is it about preserving for the future! I love the ocean and what it has given us and we are polluting and putting things in the ocean that kill and the beauty will not be there long if everyone takes advantage of it and then will be too late!!!
jake	culver	portland	OR	is there not a governmental agency whose mission statement includes such protections?
Bruce	Moffatt	Salem	OR	It is too soon to relax the restrictions in the Conservation Area. Please give the populations of Leatherback turtles more time to increase. They are a valuable ocean resource.
William C	See	Portland	OR	Keep the leatherbacks thriving and living abundantly.

Jeannine	Johnson	Providence	RI	You Don't Have To Test Just There Are Billions & Trillions Of Drifting Gillnets & Long line Fishing Nets All Over Our Oceans ! Billions Of Sea Turtles & Whales & Sharks & Untargeted Marine Life ! The Fisher Men Call All Of Those Marine Animals That Get Caught In Their Nets Bycatch !They Toss Them Over Board But Not Before They are All Dying Or Already Dead ! Like All Those Marine Animals Are Trash To Be Thrown Overboard ! Isn't The PLCA Suppose To Be Critical Feeding Areas For Leatherback Turtles ! Please Reject Any EFP Applications ! The PLCA Was Created For A Reason !
Samuel	Cruz	Providence	RI	You have no right to do anything that might endanger any species of the sea, they have rights too, show some respect.
Joan	Cremen	Knysna	Romania	Please help the helpless!
una	ashcraft	North Charleston.	SC	Drift and gillnets are cruel and only used by the greedy money grubbing dregs of the human race. They should be outlawed, not only in the leatherneck conservation area. These greedy twits are depleting the oceans of natural resources. We are already paying for this by un-natural fish farming. Is there not ONE noble person that will stand against this?
CYNTHIA	BROWN	Summerville	SC	it is you who must do everything you can to protect our endangered turtles ... we are all counting upon you.
Jean	McCormick	Cheraw	SC	It's simply the right thing to do.
Charlotte	Edwards	Summerville	SC	Please - we need to keep the oceans alive!
lynn	martin	bluffton	SC	Please stop killing our wildlife...their numbers are 59% lower than 5 years ago....
Carol	Maghakian	Myrtle Beach	SC	With all the technology today there has to be a way of designing gear that will accomplish the same outcome without harming the sea life.
David	Martin	Lennox	SD	Please, do not allow drift gillnet and longline fishing gear because those methods of fishing are indiscriminate to what they catch, including the leatherback sea turtle and other unsustainable fish species. The depletion of most if not all fish species has been overwhelming, we need to restore and preserve our aquatic creatures.
James	Petersen	Rapid City	SD	The science is definitive and you have the moral obligation to protect this amazing creatures for future generations
Mike	Sealey	Alicante	South Africa	The world is our home and the creatures that live on it. Please take care of it.
Tina	Florell	Stockholm	Spain	We can put people on the moon but we can't make a fishing gear that gives us what we want without killing just as much or more as bycatch. Not to speak about all the unnecessary, painful killings in lost nets that continue to kill for years. We need to finally take care of our contaminated oceans. We need to let overfished species time to regenerate. We really need to understand that there is a tomorrow!
Sandra	Ferri	BÄrretswil	Sweden	It's important to save this beautiful turtles.
Richard	Hiers	Gainesville	Switzerland	We also live on the West Coast, in Oregon and California. We have seen the tragic remains of sea turtles snagged by gillnets.
Corey	Haas	Memphis	TN	Do the right thing.
Anne	Garcia Garland	Oak Ridge	TN	How about this? Do the right thing.
Jay	Armbruster	Knoxville	TN	I like fish too. What I don't like is any excuse for not protecting Leatherback Turtles.
Rosalind	Andrews	Knoxville	TN	It is stupid and disgusting and crazy not to do all we can to protect this marvelous creatures.

RONALD M	WILSON	GALLATIN	TN	Nature is such a delicate balance between control and annihilation. Whenever we interfere with nature 9 times out of 10 nature suffers for it. Especially when it is made out of greed. Protect nature first and foremost.

Beverly	Morris	Chattanooga	TN	We are presently saving these turtles, but changing the restrictions in fishing gear will set back the recovery of these turtles and undo all we have accomplished!
Steve	Bradley	Corpus Christi	TX	ALL is ONE !
Rael	Nidess, M.D.	Marshall	TX	As fishing technology becomes increasingly efficient at eradicating the targeted food species and non-targeted 'bycatch' what' the plan for when the last inedible fish is caught and all the other species have already been wiped out?
t	logan	austin	TX	healthy ocean is esesselntial and beautiful
ROBERT	WATSON	PLANO	TX	Human activity is doing tremendous damage to our planet and its wildlife. Over fishing is rampant in so many of our oceans with its destructive consequences. So why the rush back to fishing methods we know are harmful? Leatherbacks and all creatures that become bycatch must be protected from that fate. Rejecting the use of longline and drift gillnets is therefore essential.
Elsa	Calderon	El Paso	TX	Humanity - if you don't care about wildlife you too will become extinct. Stop being so selfish and money greedy. Stop attacking God's creatures!
Mindy	Finklea	Kilgore	TX	I fail to understand why this would even be considered! Turtles drown in gill nets.....is not this a Leatherback CONSERVATION Area?
Mr Lauren & Gingie Brightwell		Laredo	TX	IF the are still ravished - enventually there will be no more Sea Turtles in the long run!!!

Simone	Fields	London	United Kingdom	I am very concerned for these turtles and their protection. Please don't compromise it by allowing testing of drift gill net and longline fishing gear.
Peter	Gunn	Glasgow	United Kingdom	This has got to end we are destroying everything in this beautiful world, for greed.
Tim	DeLyle-Turner	SWINDON	United Kingdom	Too much blind opportunism already. We know that we have damaged our environment, killing & injuring wildlife indiscriminately in the past. It is time to stop.
simon	barrett	bath	United Kingdom	Help protect Pacific leatherback Sea Turtles
Rosa	Garrett	Godalming	United Kingdom	Turtles are so beautiful and unique and live so long. We must as humans do all we can to preserve and protect this beautiful species.
Jane	Burgess	West Bromwich	United Kingdom	I am writing from the UK as I believe that the amount of killing of non targeted species that occurs in the oceans cannot go on. In order to fish sustainably and stop have a detrimental effect on marine eco-systems important measures need to be taken. I hope you are in agreement with these comments.
Harriet	Wharton	Surrey	United Kingdom	Some things are more important than profits..

Judy	Sutton	Roanoke	VA	Humans must stop destroying our planet and the habitats.
Piotr	Sliwka	Manassas	VA	In addition, millions of tons of plastic trash float in all oceans. Do clean up all the trash using National Guard and Coast Guard if needed. Plastic traps and kills marine mammals, sharks, sea turtles, and fish. Ban all plastic bottles, bags, containers, and so on in the whole wide world, because our planet looks like a private corporate trash bin.

Judith	Sanders	Fredericksburg	VA	Sea turtles are an important part of Mid-Atlantic tourism.
Liz	s.	Henrico	VA	The diversity of all ecosystems, especially the ocean, is imperative to maintain above and beyond all efforts towards increasing a catch or haul. Alternative methods must be sought and found, but will not be if old, dangerous methods continue to be tolerated or supported. Please end the use of all longline and drift gillnet gear for any fishing.
Marian Beth	Beauchamp	Roanoke	VA	The environment MUST come before any and all corporate profits!. Period.
John	McPeek	fairfax	VA	They're not out of the woods yet, so you can't start ignoring them again.
Roberta	Parrish	Springfield	VA	This is an issue of great concern to me. Please protect the wildlife, particularly the turtle conservation area.
Thomas	Gannon	Montpelier	VA	Time to be serious about protection. Allowing exceptions will not help conservation.

Mona	Hendrick	Corbin	VA	We must all do whatever we can to protect our marine life and wildlife.
Theo	Giesy	Norfolk	VA	We need not to go backwards in regulating fishing gear. Approving the use of gear with serious bycatch is the wrong direction.
Patricia	Rowell	Alexandria	VA	Why must environmentalist keep asking responsible parties to protect the survival of animals that underly their jobs? Loss of any animal disrupts the food chain and species disappear. Remember, we are one of those species.
a	metcalf	vergennes	VT	ALL life is already facing enough challenges due to climate change and other human based activity.
Joel	Trupin	Marshfield	VT	In this time of global warming and ever increasing activities of humans that destroy earth's wildlife, we must act aggressively to protect animals from further depletion.
Lindsay	Knowlton	Glover	VT	Please protect this magnificent turtle! Thank you.
Kate	Ruland	Dorset	VT	We need to maintain all of the species that exist as they each have their own part in keeping the ecosystem healthy.
Eric	Heikkila	Aberdeen	WA	Bi-catch of any sort is unacceptable. Please save the turtles, they have suffered enough.
neal	umphred	redmond	WA	Do the right thing.
charlene	canonica	burien	WA	Every time we allow more animals to go extinct we take one more step toward extinction ourselves.

Patrick	Conn	Kent	WA	Fishing doesn't give ANYONE the right to MURDER HELPLESS VICTIMS (INTENDED OR UNINTENDED)! Killing with a gun is AT LEAST legal MANSLAUGHTER if human and ANIMAL CRUELTY if not. It is IGNORANT and SOCIAL STUPIDITY TO ACCEPT this type of fishing as SOCIALLY ACCEPTABLE. IT IS FLAT ARROGANT, SELFISH AND GREEDY, WHICH I DO NOT CONSIDER SOCIALLY ACCEPTABLE TRAITS. DO YOU?
Judy	Mason	Bellevue	WA	Gill nets are so over. So stop using them and protect Leatherbacks whenever you can.
keith	comess	Bellingham	WA	Given the overwhelming scientific evidence indicating the precarious condition of the marine environment in general and leatherback turtles in specific, it seems bizarre to be urging the PFMC to act reasonably and prudently in defense of the environment...yet, once again, this is what the general public must do: Ask the PFMC to act reasonably and prudently to sustain the oceanic ecosystem and protect the leatherback turtles. Elimination of long-line and drift gillnet equipment is but the first step, however, it is a critical one. Please do it.
sunday	kraushaar	Camas	WA	Help them
Nadine	LaVonne	Seattle	WA	I don't see how anyone could callously harm an innocent sea turtle.
Tracy	Hendershott	Kirkland	WA	I have spent a lot of time with turtles dying from net entanglement, hooks, propeller hits, water pollution and plastic bag consumption. Longline and drift gillnets and gear should be banned and efforts should be made to recover the nets currently causing the deaths of turtles, whales and other sea mammals and fish.
Steven	Redman	Ashford	WA	If the sanctity of Life on Earth itself and all of its species isn't reason enough to do the responsible thing and protect them, then humankind too is doomed to a short and bleak future.
marilyn	evenson	Tacoma	WA	If they are not protected, they will be gone.

thomas	trescone	Seattle	WA	No more by catch!!! I stop eating seafood entirely when I found out how many other species suffer and die in your nets. Many of my friends and family has as well.
Sigrid	Asmus	Seattle	WA	No need to test drift gillnet and longline fishing gear exists; that would be like shooting someone with a gun to see if it harms them -- and the proposal is both misleading and fraudulent in intent. I am writing you personally to ask that you reject and oppose any and all EFP applications that are falsely proposing to test lethal gear in the Pacific Leatherback Turtle Conservation Area.
Lia	Craven	Tacoma	WA	Please protect these wonderful sea turtles
Michael	Hill	Elbe	WA	Please. please protect these turtles
Nancy	Jacobs	Bellevue	WA	Real progress has been made in protecting Pacific leatherbacks. Opening the PLCA to longline or drift gillnet gear will cause a real setback in protection. Please don't allow that to happen..

Craig	Garcia	Friday Harbor	WA	The killing of non-target species continues without properly addressing the full impact of the marine ecosystem. Please use and intelligent process to evaluate.
Gayle	Janzen	Seattle	WA	The Pacific Leatherback Conservation Area is supposed to be a place where sea turtles will not get caught in those deadly drift gillnets and longline fishing gear. I urge you to keep this area safe from these deadly nets and fishing gear and reject any exempted fishing permit asking to be used in this area. Sea turtles are being decimated because of pollution, climate change, destruction of their habitat and ending up as byproducts of the fishing industry. The PLCA has saved many sea turtles over the years, so please don't go backwards now.

Barbara	Laudan	Lynden	WA	We cannot afford to keep killing off species after species in the oceans and on land. This is unnecessary, cruel, and we will be worse off for it in the end. We are not the only species that matters on this earth.
Patrick	Woodland	Olympia	WA	We must protect all marine mammals.
Barbara	Ocskai	Snohomish	WA	We must take all species into consideration when we determine what is best practice in how we live our lives and harvest our food. Please and thank you for protecting the Leatherback sea turtles - they deserve our conscious considerations, as do all our brethren.
Steve	Mashuda	Seattle	WA	We've seen the success of the PLCA. We should be looking for ways to build on that -- not undermining it with risky tests.
Joan	Bykonen	Lacey	WA	Why would you take away something that is working to save this turtle?
Barbara	Keller	Olympia	WA	You are the ones who decide whether these are the End Times or the turnaround point for our care of the planet. In your own realm of influence. If each decisionmaker makes the ethical decision at each turn, then we - and they the turtles - have a chance.

Beth	Jones, U.S. expat	Salzburg	Australia	<p>As someone with personal experience patrolling nesting beaches, measuring egg-laying female leatherbacks, digging out and releasing straggler hatchlings that are left behind and even catching one memorable female's eggs for relocation under a full moon as cold waves washed over my back and into her surf-line nest, I can only LOUDLY advocate against a continuation of the lackadaisical, maybe-we-should-do-something-someday Inaction in the face of this ancient species' ongoing decline. THE LAST thing these ancient dinosaurs of the sea need is to face yet another danger out in our plastic-infested oceans.</p> <p>The business-as-usual bycatch attitudes are IRRESPONSIBLE AND UNACCEPTABLE -- always were, always will be. So let's all get with the program and protect these irreplaceable members of the web of life of which we are also a part. Dear Chairwoman Lowman and Councilmembers,

RE: Item Agenda Item E.2: Final Approval of Resubmitted EFP Application: OPPOSITION

Dear Council members,

I am writing to you to express our categorical opposition to the EFP proposal from ACSF to “test” longline gear in California and to “test” drift gill net gear inside of the PLCA. Both have already been tested with unequivocally disastrous results and there is no need to gather more information on these gears.

The PLCA was created precisely because the bycatch of numerous species, including and especially sea turtles, was unequivocally unacceptably high. The only thing that has changed since 2001 is that the population status of the Pacific leatherback sea turtle has gotten even more desperate. The results of the test that is being proposed here are already available and can be seen in Table 1 below.

Table 1

Species	Estimated Deaths Before PLCA		Estimated Deaths After PLCA	
	1990-2000 (15% Avg. Observer Coverage)		2001-2010 (20% Avg. Observer Coverage)	
Leatherback Turtle	112		6	
Loggerhead Turtle	25		3	
Turtle Unidentified	15		*	
Green Turtle	7			

We already know the results of the proposed test long before any net hits the water from the prior natural experiment already conducted in 2001. The results are as follows: The risk of mortality of endangered species will be between 8 and 20 times higher within the PLCA than without.

Indeed, the fact that such a proposal would even be suggested is unconscionable and provides yet another powerful argument for the closure of the drift gillnet fishery: As long as drift gill nets are legal, there will be perennial proposals to use them in areas that pose unacceptably high risks to the natural heritage of the American people and the people of California. These areas are closed to drift gill net fishing for a very good reason based on decades of experience. The only major change is that the species at risk are in worse condition than in 2001 and therefore drift gill net use in the PLCA is even less warranted than it is today. The bycatch data from the fishery in the 14 years subsequent to the closure has conclusively proven that fishing within the PLCA results in unacceptably high environmental impacts.

Similarly, long line gear has a dire record that has been tested in California previously with such unambiguously catastrophic results (http://www.pcouncil.org/wp-content/uploads/K5b_SUP_SWFSC_PPT1_MAR2014BB.pdf) that we need no further “experimentation” with this gear. In a previous NMFS study, the bycatch amounted to 76% of the catch of the deep set longline gear, even worse than the current drift gill net fishery. Some forty blue sharks were caught for each of the eight total swordfish caught during that trial. The data from the Hawaiian fishery is absolutely unequivocal that the catch of turtles, bird and marine mammals is even higher still for shallow-set long line fishing. Certainly, Turtle Island Restoration Network has decades of experience with the Hawaii shallow set long line fishery, and that experience is one of winning a series of lawsuits against NMFS to deal with the illegally high bycatch, resulting in extreme measures such as Take Reduction Teams under the MMPA, a measure reserved only for the dirtiest fisheries. Given that history, it is not surprising that the applicants chose the Hawaiian fishery as a comparison, since it is likely about the only fishery in the US that could potentially be even worse than what is proposed here. Even a cursory examination of the extensive data on this gear provides all the insight we need. There is absolutely no basis in the best scientific information available to have any rational belief that shallow set long line gear within the EEZ would result in an acceptably clean fishery. This is an experiment the public has no need for, especially when proven alternatives, such as harpoon gear, and promising experimental gear, such as deep set buoy gear, are readily available.

Finally, in possibly the most nonsensical aspect of all, this “experiment” proposes to collect absolutely ZERO scientifically rigorous data, which means that there is virtually no conceivable public or informational benefit to be gained from this proposal. Despite claims that the information will be used to inform “experimental design” the reality is that any ecologist and marine biologist of modest competence could design a rigorous study with some statistical validity without two years of anecdotal evidence. Biologists have been designing rigorous experiments well before having two years of data for well over a century, and experimental design is a very well-developed field. Thus, there is no scientific

merit to this proposal whatsoever. Without gathering data in a rigorous manner, the applicants will be unable to meaningfully compare what they purport to want to compare. Even if this experiment were to proceed, without rigorously collected data, the Council would be in no better position to evaluate the gear than it is today.

It would be a true abuse of discretion to approve any EFP of absolutely no scientific, management, environmental, or economic benefit to test well-known gears that have been proven to be unacceptably indiscriminate. In truth, the Council and NMFS both already know what the results of these trials would be. Not only must this proposal be rejected, but it is time for the Council to send a clear signal that such proposals involving known destructive gear in environmentally sensitive areas will not be entertained in future. While there are many potential improvements and advances to be made, returning to the discredited gear of the past is not the place to be looking for them.

Respectfully submitted with best regard,

Doug Karpa

Dear Chair Lowman and Council members:

Please reject any exempted fishing permit (EFP) applications proposing to use pelagic longline or drift gillnet gear in the Pacific Leatherback Turtle Conservation Area (PLCA).

The PLCA was created for a reason: The California and Oregon coast from Point Sur, California, to Lincoln City, Oregon, is a critical feeding area for Pacific leatherbacks in late summer through the fall after their epic migration across the Pacific Ocean. The PLCA has reduced the number of leatherback deaths in the fishery from 112 between 1990 and 2001 to near zero between 2001 and 2012.

Opening the PLCA to the use of fishing gear with documented bycatch problems would be detrimental to the continued survival of this endangered species and inconsistent with the Council's intent in approving EFPs to research and develop new and innovative gears with significantly reduced bycatch. Again, please reject any applications proposing to use pelagic longline or drift gillnet gear in the PLCA and focus instead on developing alternative fishing gear that is more selective and actively tended.
