

VESSEL MOVEMENT MONITORING ALTERNATIVES

At the November 2015 Council meeting, the Council selected its preliminary preferred alternatives (PPAs) for three management measures:

1. Monitoring Restricted Areas with Vessel Monitoring System
2. Fishery Declaration Enhancements
3. Movement of Individual Fishing Quota Fishpot Gear Across Management Lines

Council staff incorporated the PPAs, Council guidance, and some preliminary impact analyses into the public scoping document (Agenda Item D.2, Attachment 1). The Highly Migratory Species Management Team and Advisory Subpanel met at the April 2016 Council meeting and provided comments (Agenda Item D.2.a, HMSMT Report and D.2.a, HMSAS Report).

Under this agenda item, the Council is scheduled to select their final preferred alternatives for each management measure.

Council Action:

Adopt final preferred alternatives for each management measure.
