Portland, OR 97220-1384

RE: Agenda Item D.5: Deep-Set Buoy Gear and Federal Permit Update

Dear Chair Lowman and Members of the Council:

The Pew Charitable Trusts has collected 7,946 public comments in support of clear guidance for permitting options to keep buoy gear authorization on track.

Please include the attached petition as an electronic submission on the web site for the Council's supplemental briefing book. The petition itself is included here, along with the names, cities and states of individual signers that were gathered as of June 14, 2016. The Council may continue to receive additional comments in the days ahead.

Sincerely,

Tara Brock
Senior Associate, U.S. Oceans, Pacific
The Pew Charitable Trusts

RE: Agenda item F.3 - Deep-set Buoy Gear Amendment Scoping

Dear Chair Lowman and council members:

Thank you for your work to prioritize the authorization process for deep-set buoy gear to catch swordfish off the West Coast. I am writing to encourage you to keep authorization of this innovative fishing method on track in June by offering clear guidance on permitting options.

Deep-set buoy gear provides the Council an opportunity to substantially reduce the unwanted catch of marine animals such as whales, dolphins, sharks, and sea turtles. The authorization process for buoy gear gives decision-makers, fishermen and the public a chance to weigh options for making this gear a success for fishermen and a win for reducing the waste of marine life.

Thousands of Californians from across the state have consistently called for a full transition of the swordfish fishery to more sustainable fishing methods, and the Council has stated its own concerns about bycatch from drift gillnets.

Deep-set buoy gear can help address bycatch while ensuring an alternative that supports sustainable fisheries and local economies on the West Coast. Please ensure that deep-set buoy gear authorization stays on track at your June meeting.

Thank you for your consideration,

[We the undersigned]
