

## CURRENT HABITAT ISSUES

The Habitat Committee (HC) will meet on Wednesday, September 14, 2016 to discuss ecosystem matters, offshore wind project proposals, and other issues.

The Humboldt Bay Harbor, Recreation and Conservation District recirculated the draft environmental impact report for the Coast Seafoods Renewal and Expansion Project, and subsequently extended the comment deadline to September 15 (Agenda Item C.1, Attachment 1). Given that the extension would not allow enough time for thorough vetting of the resubmitted proposal, on August 22, 2016; the Council sent a letter to the District reiterating its previous concerns about the Coast Seafoods project; that letter is attached (Agenda Item C.1, Attachment 2).

### **Council Action:**

**Consider comments and recommendations developed by the HC.**
