

GROUND FISH ADVISORY SUBPANEL REPORT ON  
FINAL ACTION ON UPDATED COORDINATES FOR THE 125 FATHOM ROCKFISH  
CONSERVATION AREA LINE IN CALIFORNIA

The Groundfish Advisory Subpanel (GAP) was briefed by Mr. Andre Klein for final action on the updated coordinates for the 125 fathom Rockfish Conservation Area (RCA) line in California. The GAP offers the following comments and recommendations.

Referencing Agenda Item F.9.a, CDFW Report, the GAP supports the RCA line modifications at Usal Canyons and Noyo Canyons with implementation as soon as possible. The industry will be working with California Department of Fish and Wildlife on other possible modifications to the RCA lines at Delgada Canyon, Point Ano Nuevo, and Cordell Bank as part of the 2019/2020 specifications process.
