Re: Agenda Item H.3. Authorization of Deep-Set Buoy Gear and Federal Permitting

Dear Pacific Fishery Management Council,

This letter is written on behalf of hundreds of thousands of members represented by Turtle Island Restoration Network, Kurmalliance, San Diego Coastkeeper, Ocean Defenders Alliance, Pacific Marine Mammal Center, Whale and Dolphin Conservation, Endangered Habitats League, Save the Turtles, Hollywood Divers, Ghostfishing, WILDCOAST and San Francisco Bay Chapter of the American Cetacean Society. We are writing to express our support for actions by the Pacific Fishery Management Council (Council) to minimize bycatch from the U.S. West Coast swordfish fishery by advancing deep-set buoy gear. Through the creation of the deep-set buoy gear fishery, the Council has the opportunity to further minimize bycatch by incentivizing the reduction of much more harmful drift gillnet fishing. We believe that reducing drift gillnet fishing should be addressed in the action to authorize deep-set buoy gear. We encourage the Council to take this opportunity to further protect ocean wildlife threatened by commercial fishing.

The effectiveness of using deep-set buoy gear to reduce bycatch would be greatly enhanced by simultaneously decreasing use of drift gillnets.

As the Highly Migratory Species Management Team (HMST) Report mentions, the purpose of the proposed action to authorize deep-set buoy gear is to encourage the use of a fishing gear in the West Coast commercial swordfish fishery that minimizes bycatch and bycatch mortality of finfish and protected species (including sea turtles, marine mammals, and seabirds) to the extent practicable while allowing for the fishery to remain economically viable. Yet, encouraging the use of a gear that minimizes bycatch does not necessarily function to reduce bycatch if this action is taken alone. Unless the use of the gear that does not minimize bycatch, drift gillnets, is also discouraged, the problem of high levels of bycatch will continue to plague the West Coast commercial swordfish fishery.

The HMST Report also mentioned that, if deep-set buoy gear is not authorized, drift gillnets would remain as the primary fishing gear used in California to supply swordfish. With the authorization of deep-set buoy gear, deep-set buoy gear would have the opportunity to become the primary fishing gear used in California. However, drift gillnets would remain as the primary source of bycatch. If the Council's purpose is to minimize bycatch, then the Council's continued refusal to consider linking the decrease of drift gillnets with the increase of deep-set buoy gear is blocking the accomplishment of that goal.

The HMST report notes that the option of a voluntary or mandatory trade-in of a drift gillnet permit for a deep-set buoy gear permit has been brought forward numerous times. The Report acknowledges that this approach seems to address multiple considerations in one action. However, the Report explains that a trade-in will not be pursued because it would extend the participant pool beyond the scope of who the gear was designed to supplement, allowing drift gillnet permit holders to trade in those permits for a deep-set buoy gear permit which they have no intention of fishing so that they can transfer it to someone with no experience in the fishery.

Instead of closing the door to the option of a trade-in, the Council may be able to find ways to address any shortcomings that a trade-in would present. For example, the Report voices concern that permits under a trade-in scheme may be transferred to someone with no experience in the fishery. If some of that concern stems from how the deep-set buoy gear would be operated by fishermen without fishery-specific experience, the Council could direct for additional training for fishermen without fishery experience to be a component of the trade-in mechanism.

According to the Report, the perception of the HMST is that a trade-in would be unfair to current swordfish fishermen and exempted fishing permit participants. We support deep-set buoy gear being a limited entry fishery for reasons both economic and environmental, and we welcome the swordfish fishermen and exempted fishing permit participants being able to profit from the use of deep-set buoy gear. However, the Council's goal to reduce bycatch should be taken into consideration along with the economic advantages for a limited number of fishermen to make more money from having exclusive access to a public resource. It is our perception that it is

unfair to marine wildlife, including endangered species, to continue to be unnecessarily caught and killed when an economically viable and more sustainable gear is available.

In conclusion, we request the Council to reconsider its refusal to link drift gillnet and deep-set buoy gear permits and for the Council to further analyze a trade-in system as it moves forward with the authorization of deep-set buoy gear and federal permitting. The opportunity to use deep-set buoy gear permits to provide compensation for trading in drift gillnet permits is critical to reduce bycatch.

Subject: Please authorize deep-set buoy gear

Dear Chair Pollard and Council Members,

Sustainable, locally sourced seafood is an essential component of our businesses. Many of us signed a letter to the Council in March of 2016 expressing as much, while also urging the Council to authorize deep-set buoy gear to catch swordfish off the California coast.

We write to echo those comments and ask for the Council's leadership to develop and adopt a range of alternatives for authorizing deep-set buoy gear (DSBG) at the Council's June 2017 meeting and request that you keep final action on this issue scheduled for March 2018.

Our customers demand the highest quality and a commitment to ensuring our ocean resources are sustained for generations to come. That's why we remain excited by the prospect of selling swordfish caught with deep-set buoy gear, a method that is actively tended and minimizes interactions with non-targeted species such as whales, dolphins, sea turtles and sharks.

The success of deep-set buoy gear is already starting to show in many of our establishments. Because fishermen are able to land, bleed and put the fish on ice quickly, buoy-caught swordfish are of higher quality than fish caught with most other fishing gears. This means a higher price to innovative West Coast fishermen and a tastier product for consumers.

As mentioned in 2016, we all share in the responsibility of making our fisheries more sustainable. Please help give fishermen - and by extension, our businesses - the tools to help meet this responsibility and prioritize the authorization of deep-set buoy gear.

Thank you for considering our comments.

Sincerely,
We the undersigned

Re: Agenda Item H.3 – Deep-set Buoy Gear Federal Permit Preliminary Range of Alternatives

Dear Chair Pollard and members of the Council:

We write in support of the Pacific Fishery Management Council's actions to authorize deep-set buoy gear (DSBG) under the Highly Migratory Species (HMS) Fishery Management Plan (FMP). In doing so, the Council can help meet its bycatch reduction goals and move toward a sustainable swordfish fishery that provides a high quality product to West Coast markets. DSBG has been researched and developed for over six years with consistent results and we ask the Council to authorize a DSBG fishery without delay. Scientists, researchers, fishermen, and NGOs support DSBG as an effective method for catching swordfish with minimal bycatch. Through numerous conversations with various stakeholders, we find there is a lot of consensus on how to authorize a DSBG fishery. We provide the following recommendations in order to inform the authorization process.

Purpose and Need

We support the HMS Management Team's (MT) proposed purpose of this action. However, we recommend that the Council specifically state that part of the purpose of this action is to reduce bycatch in the West Coast commercial swordfish fishery.

We agree that this action is needed to address the Magnuson-Stevens Fishery Conservation and Management Act's (MSA) 10 National Standards (NS) specifically NS 1, NS 8 and NS 9. We commend the Council's continued commitment to reducing bycatch in the West Coast swordfish fishery and to achieving optimum yield (OY). The MSA defines OY as the "maximum sustainable yield from the fishery, as reduced by any relevant economic, social, or ecological factor."¹ It is "the amount of fish which will provide the greatest overall benefit to the Nation . . . taking into account the protection of marine ecosystems."² While

¹ 16 U.S.C. §1802(33)(B).

² *Id.* at §1802(33)(A).

the swordfish stock off the West Coast is currently considered to be healthy, it has been inaccessible due to the high rates of bycatch resulting from the current methods used. The authorization of DSBG provides the opportunity for fishermen to target this resource without the high bycatch associated with drift gillnet (DGN) and longline gear.

Encouraging fishermen to use fishing methods with lower bycatch rates helps the Council meet the MSA's bycatch reduction goals. Under NS 9, conservation and management measures must minimize bycatch to the extent practicable and, if bycatch cannot be avoided, minimize the mortality of unavoidable bycatch.³ As recognized by NOAA Fisheries, "[b]ycatch should be examined in the context of biological, ecological, economic, and social impacts to provide a comprehensive evaluation of its overall significance."⁴ Under National Standard Guidelines, the Council must also consider the negative impact on affected stocks,⁵ the existence value of bycatch species, and impacts on other marine organisms.⁶ In essence, the Council should take a holistic, ecosystem-based approach to managing bycatch and the authorization of DSBG is one component of such an approach.

Gear Description

DSBG is designed to target swordfish at depth while avoiding sensitive species at the surface. The current gear configurations, discussed in depth at past council meetings, are a result of several years of research and tagging data. For future clarification we support the MT's recommended change in terminology using an umbrella term of DSBG that encompasses two separate gear types, standard buoy gear (SBG) and linked buoy gear (LBG). We also support the addition of radar reflectors on each piece of SBG and on the terminal ends of LBG as suggested by the enforcement consultants (EC) to prevent gear loss and allow for enforcement of gear tending requirements.

We further support the approach suggested by the MT under the second alternative for gear descriptions which allows for the authorization of SBG and LBG under one action and, ultimately, under one permit. However, we do not support a delay in authorizing SBG until LBG is ready for approval. Although we cannot recommend the most appropriate regulatory mechanism for carrying out this framework at this time, we suggest that both gear configurations could be authorized and only SBG would be allowed under the issued permits until sufficient data on LBG performance has been collected and analyzed by the Council. This approach ensures authorization of LBG does not result in a new class of

³ 16 U.S.C. § 1851(a)(9).

⁴ [National Bycatch Report First Edition Update](#), 2014, p.4.

⁵ In the 2013-2014 fishing season, the DGN fishery caught nearly 4,000 common mola. Although common mola are often released alive, there is no current stock assessment nor has a comprehensive study of post-release mortality been completed.

⁶ [National Standard Guidelines](#), 50 C.F.R. § 600.350(d) (2009).

permits and notifies the public of the Council's intent to authorize LBG in a timely manner pending EFP results.

Gear Tending Requirements

A key attribute of DSBG is the active tending of gear. This provides assurances that bycatch will be released quickly and intended catch is retrieved and iced to ensure a superior quality product that demands a higher price. With this in mind, we support the EC definition of active tending which requires a fishing vessel to maintain a distance of no more than 3 nautical miles from any piece of buoy gear with two additional suggestions. First, we recommend that a total footprint area be added in order to ensure that all gear is set within a specified zone. After conversations with those who have fished both SBG and LBG, it appears that a 3 nautical mile footprint for SBG and a 5 nautical mile footprint for LBG would allow for proper deployment of SBG and/or LBG while still allowing the vessel to actively tend their gear. Second, we suggest that a requirement be added to the definition of active tending that vessels fishing DSBG remain mobile and maneuverable in order to properly mitigate non-target interaction and promptly tend gear. Active tending and serviceability of DSBG are what distinguish the DSBG design from other gear types. These attributes are why DSBG has garnered the support of a wide range of stakeholders and must be required in a fully authorized fishery.

Use of Multiple Gear Types

We understand the desire to allow the use of multiple gear types to help improve the economic productivity of a fishing trip. However, assurances that the use of other gear types will not take away from the active tending of DSBG gear are necessary. One way to approach this is to add a requirement to the definition of active tending that a vessel remain mobile and maneuverable as suggested above. We further recommend that the Council require fishermen to separate their catch in order to distinguish between buoy-caught swordfish and swordfish caught with other gear types and to help the EC determine if a permit holder is modifying the gear to target species other than intended. This may also include a requirement that a vessel have an observer on board if they plan to fish DGN gear on the same trip as DSBG.

Species Retention

Although some concerns have been raised about the potential for DSBG to be fished improperly and lead to the targeting of other species, we do not believe it is necessary to further restrict prohibited species beyond those already prohibited under the HMS FMP. By adding a depth restriction, the Council can ensure DSBG is not being fished on the bottom and, by requiring separation of catch, managers will be able to track DSBG landings and will be alerted to misuse of the gear.

Geographic Area

Because DSBG is selective and actively tended, we support the authorization of its use outside of the areas that have been extensively tested. However, we recommend that observer coverage be required on early effort in these areas until NOAA Fisheries requirements are met. We also support the implementation of a 150 fathom depth restriction that would allow DSBG to be utilized properly by deploying all hooks below 90 meters and would help mitigate potential gear conflicts and improper targeting of non-target species.

Permitting Alternatives

Determining the permitting regime is likely the most difficult part of the authorization process. We recommend a geographic split in permit regimes north and south of Point Conception with a limited issuance of permits in the Southern California Bight (SCB) and an open access fishery north of Point Conception. We believe there is consensus among stakeholders for this approach. In doing so, the Council will prevent overcrowding in the SCB, allow the market for buoy-caught swordfish to expand gradually and provide opportunity to fishermen in northern areas where swordfish effort has been minimal since the implementation of the Pacific Leatherback Conservation Area.

South of Point Conception, we recommend the Council implement a phased-in approach that prioritizes permit issuance first to EFP participants that have invested in the development and advancement of DSBG followed by active DGN fishermen. The qualifications for EFP participants should include consideration of the EFP holder's contribution level and participation in EFP fishing. While there are many approaches for defining what it means to be an "active" DGN fisherman, we recommend using the last seven years of landings. We also support issuance of additional permits during the biennial specifications process if it is determined that more capacity in the fishery will not cause negative impacts on fishery resources or protected species.

North of Point Conception, we recommend the Council consider an open access fishery that allows for entrants that would not qualify under the above criteria due to the lack of recent swordfish fishing off northern California and Oregon. As noted above, we expect additional observer requirements on the initial effort in these areas until enough data is collected to ensure there are no unforeseen impacts.

We also support inclusion in the range of alternatives (ROA) of a voluntary trade-in option for DGN fishermen that have fished in the last five years that would allow a DGN permit holder to receive two DSBG permits if they relinquish their DGN permit and dispose of their net. By offering incentives for fishermen to use DSBG, trade-in options help meet the stated purpose and need "to encourage the use of fishing gear in the West Coast commercial

swordfish fishery that minimizes bycatch and bycatch mortality.” This approach has been supported by the Advisory Subpanel and members of the DGN fleet.⁷ Trade-in options provide compensation for DGN fishermen and, because it is a voluntary decision, it allows each individual to decide what makes the most sense for their business. It also addresses NS 8 by offering additional and sustained opportunity in the West Coast swordfish fishery and NS 9 by incentivizing the use of gear with minimal bycatch.

Trade-in options provide an opportunity for new entrants in the SCB by creating permits that could be transferable immediately to those who do not qualify for a permit under the initial phase of permit issuance. We disagree with the MT’s concern that this could extend “the participant pool beyond the scope of who the gear was designed to supplement” or that it would be “unfair to current swordfish fishermen and EFP participants.” This may be true if trade-in options were only offered to latent permit holders. Conversely, trade-in options for active fishermen can offers an opportunity to current swordfish fishermen to potentially receive an additional DSBG permit that they can sell as compensation for their net. With the implementation of hard caps and other management measures in the DGN fishery, opportunity could become limited and some fishermen may see the trade-in option as valuable compensation for their potential losses in a future DGN fishery.

Transferability and Durability

Limiting the transferability and placing requirements on the maintenance of DSBG permits can help ensure that permits go to those most likely actively participate in the fishery and help grow the market for buoy-caught swordfish. While we are not prepared to offer specific recommendations on transferability requirements, we do suggest that permits be issued on an annual basis. This ensures sustained participation in the DSBG fishery and ensures a stable market for buoy-caught swordfish.

Timeline for Authorization

We request the Council keep the authorization of DSBG on track to allow for final action in March of 2018 as proposed by the National Oceanic and Atmospheric Administration’s Fisheries Service in their March 2017 workload planning report.⁸ The Council has the information it needs to adopt an ROA and identify Preliminary Preferred Alternatives at the

⁷ [Supplemental HMSAS Report](#), November 2016 (“The HMSAS is not opposed to incentives for DGN fishermen to voluntarily transition to DSBG. For example, an option could be for fishermen to receive two DSBG permits for one DGN permits. The DSBG permits should be fully transferrable so if the Council moves in the direction of making the fishery limited entry, fisherman could then sell the extra permit. This voluntary exchange would not preclude DGN fishermen obtaining a DSBG permit without surrendering their DGN permit.”).

⁸ [Supplemental NMFS Report](#), March 2017, Agenda Item C.5.a.

September 2017 meeting. This would allow NMFS adequate time to conduct the analysis required for final action in March 2018.⁹

Conclusion

We support an economically and environmentally sustainable swordfish fishery off the West Coast that can supply domestic demand. To this end, we support the authorization of DSBG which has the ability to significantly reduce bycatch and bycatch mortality from what has been observed in the contemporary DGN fishery, while providing a high quality product. We look forward to working with the Council, advisory bodies, and other stakeholders to accomplish this goal.

Agenda Item H.3: Authorization of Deep-Set Buoy Gear and Federal Permitting

Dear Chair Pollard and Council Members,

As of the May 31, 2017, the Pew Charitable Trusts can confirm 18,066 email comments from ocean advocates asking the Council to develop and adopt a range of alternatives for authorization of deep-set buoy gear and to ensure the authorization process stays on track for final action in March 2018.

The petition language is included here, along with a compilation of all of the names, cities, states, and any personal comments of individual signers.

Thank you for your time and consideration. We appreciate the opportunity to work with you to maintain sustainable fisheries and healthy ocean ecosystems.

Reduce bycatch, authorize deep-set buoy gear

RE: Agenda Item H.3: Authorization of Deep-Set Buoy Gear and Federal Permitting

Dear Chair Pollard and Council Members,

I am writing to ask the Pacific Fishery Management Council to develop and adopt a range of alternatives for authorization of deep-set buoy gear and ensure the authorization process stays on track for final action in March 2018. In doing so, the Council can move toward more selective and actively tended fishing gear in the West Coast swordfish fishery. The research is conclusive and demonstrates that this gear is ready for approval.

Specifically, authorization should give priority to active drift gillnet permit holders. This can include options for the fishing fleet to trade in its existing permits for one or more deep-set buoy gear permits, which will incentivize fishermen to transition away from drift gillnets.

Deep-set buoy gear allows fishermen to target swordfish at depth during the day while avoiding interactions with marine life closer to the surface. It has the support of thousands of Californians, conservation organizations, hundreds of businesses in the seafood supply chain, and the sport fishing community. Perhaps even more importantly, fishermen who have used the gear agree that it is a viable alternative. A swordfish caught with this gear provides a high-quality product to the West Coast that can demand more than double the price of a swordfish caught in a drift gillnet.

Thank you for your work to promote our West Coast fisheries while ensuring protection for our ocean ecosystem.

Sincerely,

We the undersigned.

First Name	Last Name	City	State	Comment
Suzan	Noonan	Anchorage	AK	Here's an idea to help save a lot of marine life. Let us take it!
Mark	Gutman	Talkeetna	AK	The gill-net swordfish fishery bycatch is outrageous. Please act to implement deep-set buoy gear for this fishery.
Susan	Vogt	Fairbanks	AK	there will be no fish left at the rate we are going
Ariel	Heron	Anchorage	AK	We have to get a lot smarter about how we treat our oceans. Now.
Darby r	Stone	Harvest	AL	Humanity must protect and respect all oceans and waterways or our planet will suffer along with us.
Raymond	McGrath	Enterprise	AL	I know that it is not hard to do the right thing for these swordfish,so please pass this action today! Thankyou
Robert M/Carol G	Reed	Hardyville	AL	Save this magnificent creature. Swordfish is my favorite food, and I want it to be around for eons and eons, so catching it in a humane way that does not deplete the population is always the most favorable way to preserve and keep this species healthy and strong. SAVE SWORDFISH !!!
Jean	Langford	Huntsville	AL	Swordfish should be caught in a better method. Plz help! Thx!! Jean Langford
Pete	Sandifer	Montgomery	AL	There are better ways!
Debra	Wilks	Pell City	AL	Why kill other fish when it isn't necessary? Just doesn't make sense.
Janine	Perlman	Alexander	AR	For every kind of reason, bycatch must be minimized!

Jana Mariposa Niernberger	Muhar	Santa Rosa	AR	We have to conserve and take care of our precious and irreplaceable Animal friends.
Caro	Anderson	Mountain Home	AR	We need to respect the biodiversity in our waters & do everything we can to stop wasting lives, aka bycatch.
Gregory	Flower	Little Rock	AR	Welcome to the 21st century.
Elaine	Cambou	Flagstaff	AZ	All Sea life is important. Killing wildlife inadvertently is inexcusable!
Laura	Hessel	Santan Valley	AZ	By Catch needs to stop ASAP.
Karen	Christian	Vail	AZ	Bycatch has GOT to go!!
Peggy	Ford	Tucson	AZ	Bycatch is contributing to the degradation of our oceans. Please change your method of catching swordfish.
Judith	Acedo	Wickenburg	AZ	Do the oceans of this earth need anymore death,my God enough!

David	Lapinski	Flagstaff	AZ	Haven't we talked about this long enough? Let's take action. I was doing lectures on this subject back in the 80's!
Cathy	Della Penta	Tucson	AZ	I would be more than happy to pay more for deep-set buoy caught swordfish!
Peggie Jo	Vincent	Tucson	AZ	If deep-set buoy gear can save ocean life and contribute to the ecosystem of the ocean, every effort should be made to implement it.
Susan	Janke	Kingman	AZ	It is essential to maintain a healthy Earth, if we expect to live.
Lenard	Milich	Tucson	AZ	It's high time to phase out destructive gillnets.
Lisa	Staley	phoenix	AZ	Just do the right thing.
Diana	Rowell	Florence	AZ	Keep killing off entire species and humans will be the NEXT SPECIES TO GO EXTINCT. Period!
James	Borden	El Mirage	AZ	Let us use our knowledge and intelligence to do a better job.
James	Falsken	Queen Creek	AZ	Outlaw Gill nets!
Sheila	Cowden	Scottsdale	AZ	Please advance the use of deep-sea buoy gear.
Rebecca	Howe	Tempe	AZ	Please help protect our West Coast marine life by minimizing bycatch with the use of deep-set buoy gear instead of highly damaging driftnets. We must work toward ensuring a healthy Pacific tomorrow by taking advantage of scientific discovery and technological innovation today.
judith	tuck	tucson	AZ	
Julia	Phillips	Surprise	AZ	Please stop this morning humane way to kill swordfish
Cynthia	Bower	Tucson	AZ	Please take steps to reduce the destructive bycatch resulting from drift gillnet fishing for swordfish. Deep-set buoy gear fishing is a much better, less harmful method--please adopt it.
Kristine	Kemnitz	Phoenix	AZ	Please think of the sea turtles and other wildlife and spare them.
Bobbie	Howard	Scottsdale	AZ	Please use better and more humane methods.
Martha	Swartz	Tucson	AZ	Put some thought into this. I men some real mature, responsible, compassionate thought into how you catch these creatures. You can save thousands of non-target species.
Cornelia	Bayley	Green Valley	AZ	Stop harmful by catch and protect innocent whales, dolphins and turtles and others.
Amalia	Bodkin	Tucson	AZ	STOP THE SLAUGHTER
Rachael	Lang	Tucson	AZ	Stop trying to kill everything else in the ocean for a couple of fish.
Vista	Michael	Sonoita	AZ	This is urgent, do the right thing.
Nancy	Heintz	Chandler	AZ	Time to step up and do the right thing for once
Patricia	Always	Sun City	AZ	Use the deep-set buoy gear.

Elizabeth	Sexton	Clarkdale	AZ	We are endangering whales, dolphins, and sea turtles with current catch methods. We can change this!
Kathy	crist	Sedona	AZ	We are running out of Earth to destroy - please do better before you destroy us all.
June	Maker	Tucson	AZ	We have new methods that are not harmful. Let's use them!!! You can help make this possible.
Samdra	Mooney	Scottsdale	AZ	We need sustainable fishing policies now, or fishing may just be a thing of the past.
char	laughon	tucson	AZ	We need to save our waters and the creatures that feed our survival.
Ann-Louise	Truschel	Buckeye	AZ	We're smart enough to correct the bycatch problem. Let's get to work on it!
Anthony	Owen	Arcata	CA	A much tidier way to proceed.
Shauna	Marlin	Sunland	CA	All lives matter. Even life in the sea!!!
Mary	Rodriguez	Redwood City	CA	All living beings have a right to live on this earth. All living beings must be protected from the worst predator on earth, the human being!
Kelly	Collins	Santa Rosa	CA	Allowing 'By Catch' to continue will result in barren seas! Promote the change to targeted fishing practices now!
Laurene	Brown	Encinitas	CA	Always be ready to improve ! Stop bycatch. Be more humane.
Liz	Azevedo	Chico	CA	Animals need protection , respect, compassion. We keep invading their territory and harming them!
Leonard	Tremmel	San Francisco	CA	Any action that can be taken to preserve the balance of life in the ocean should be taken, as we're on pace to deplete it of most life within a few decades.
Aida	Marina	South Pasadena	CA	Aren't males intelligent enough to only capture swordfish, and not all of the other living creatures which inhabit the seas? If males cannot be trusted to do anything correctly, and non-destructively, then they should not be allowed to hunt any living creature.
Rene	Succa-Ruston	Sherman Oaks	CA	As a diver I urge you to get rid of gilnets. I see the destruction each time I dive.
Hal	Forsen	San Clemente	CA	As a lifelong fisherman this issue is of special interest to me.
Jim	Mathews	San Mateo	CA	As a senior citizen I find it very necessary to frequently find ways to refresh my mind and check that it's still working like it should! So I highly recommend our swordfish captors to refresh their minds as well and try the deep-set buoy gear system! You would like to have a larger profit wouldn't you?

Marie	Goewert	Clovis	CA	As human populations increase an put greater strain on all ecosystems..decreasing bycatch is a benefit to many.
JAKE	SCHWARTZ	PETALUMA	CA	As parents.....and as citizens.....we want ALL ocean creatures to thrive in OUR future. Please STOP all use of drift gillnets! Thank you.
Valory	Mitchell	Oakland	CA	As we learn more about the intelligence of whales and dolphins, it has become clear that to kill them -- especially when it is just a biproduct of another goal -- is immoral and a grave error. Please make legal changes to prevent the senseless slaughter.
Bonnie	Thompson	Los Osos	CA	As you know, our oceans are in peril. Please act before we lose too much of the delicately balanced ecosystem to meaningless by-catch.
Victor	Tweed	San Diego	CA	Ban commercial fishing.
Nikki	Nafziger	Vallejo	CA	BAN driftnets! I would rather see NO fishing of swordfish than to allow any driftnets of death
Brad	Nelson	Oxnard	CA	Be humane----stop indiscriminate killings of other species.
Corinne	Greenberg	Berkeley	CA	be innovative, use deep sea buoy gear targets and help save whales, dolphins, sea turtles
Harry	knapp	riverside	CA	become a vegetarian
Mrs.Loie	Shubert	Camarillo	CA	Buy the gear that would stop the catching of these bycatch sea animals.
donna	espoito	carlotta	CA	bycatch is a criminal waste of sea life!
Pamela	Decharo	Palo Alto	CA	By-catch is a disgraceful waste of life and resources!!!
Sarah	Lifton	Encinitas	CA	Bycatch is a major problem with various kinds of fishing, and now that there's a methodology for minimizing it in fishing for swordfish, it should be used. I go out of my way to purchase line-caught tuna for this very reason and urge you to make deep-set buoy gear available as an alternative to drift gillnets.
Susan	Hanger	topanga	CA	Bycatch is an environmental crime. Change now!
Marisa	Menicucci	SUNNYVALE	CA	Bycatch is unacceptable.
u.hugo	rupp	Oakland	CA	bycatch may be careless specicide but it will have consequences far beyond swordfish reach: Outlaw it.
Susan	Mayer	San Diego	CA	Bycatch of any kind is wasteful and wrong ESPECIALLY when it involves the death of marine mammals!!!
Steven	Brown	Yreka	CA	Bycatch sounds so tame. we are actually talking about hurting and killing sea creatures, we don't want to harm or catch, because of the small number of them that exist.

Eileen	Massey	Oakland	CA	Can there be humanity while fishing or is cruelty the only way?
Leslie	wolcott	Santa rosa	CA	Can we please just be a bit more humane?
MaryKay	Rodarte	Phelan	CA	Catching swordfish should not result in the deaths of so many other species. Please make changes to the way swordfish can be caught.
Carolyn	De Mirjian	Valley Glen	CA	Catching swordfish should only be for catching swordfish. Take care.
Jeanette	Desmond	Camarillo	CA	Change how we catch swordfish !
Wallace	johnsen	Nicolaus	CA	Change it
Ellen	North	Laguna Niguel	CA	Change the method to save other sea creatures
Janet	Monfredini	San Francisco	CA	Collateral damage is not acceptable, nor is it intelligent or ethical.
enrico	verga	sealbeach	CA	Come on guys, get with the new technology and save some innocent by-catch animals as a bonus.
Eileen	McLeod	North Highlands	CA	current methods are unacceptable!
Eileen	Mitro	Ukiah	CA	Deep-set buoy gear is a no brainer. Why hasn't it been employed? Destructive greed?
Ielia	bogard	coarsegold	CA	Do the right thing!
Ester	Deel	Oakland	CA	Do the right thing.
Nancy	Miller	Santa Maria	CA	Do the right thing.
Lee	Bunyard	Shingle Springs	CA	Do the right thing.
Charles	Alexander	Rialto	CA	Do what is right, not expedient.
p	mar	walnut	CA	Don't use drift gillnets!
Brittney	Oconnor	San Francisco	CA	Drift gill nets should be banned and never used again because they are harmful and killing endangered sealife. Also over fishing is bad for the ecosystem.
William	Schoene	Santa Monica	CA	Drift gillnet fishing simply snares way too many marine mammals and fish other than swordfish. Better methods now exist.
Robert	Kurz	Laguna Niguel	CA	Drift gillnets continue to produce unacceptable levels of bycatch, including protected species. Deep-set buoy gear offers a real opportunity to significantly reduce bycatch and produce a more marketable product for consumers. An alternative to drift gillnets is long overdue, and authorization of deep-set buoy gear will provide this alternative for commercial fishermen.
GERALYN	LLOYD	YORBA LINDA	CA	END THIS RECKLESS BARBARITY NOW!

William	Harrison	Tarzana	CA	Ever minimizing harm, injury and death to non-targeted species (ever reducing bycatch) should be a core, on-going, ever-more-successful effort with all commercial fishing. Please do all you can to make that so.
Larry	Dinger	Rocklin	CA	Fish should not be caught at all. Let them live in peace.
Nancy	Holt	Rocklin	CA	Fishing responsibly protects the sea life for future generations.
Marilynn	Brown	Fairfield	CA	For humans to thrive, it is necessary for our oceans to survive, along with their inhabitants.
Frank	Nakayama	Los Angeles	CA	For the sake of other species, it makes common sense for this approach in catching Swordfish.
Adrienne	Tucker	Newark	CA	Get smart!
Susan	Beltran	San Diego	CA	Gill nets have long been responsible for the capture of many NON-FOOD sea creatures. Please act to save the lives of dolphins, sea turtles, and whales.
				Gillnets are a cruel and archaic method for fishing. The bycatch destruction and suffering is not acceptable.
Ralph	Sanchez	Capitola	CA	Please replace with method available now to eliminate gillnet cruelty.
bill	guthrie	Santa Barbara	CA	Good idea
Arlyne	London Kessler	Oakland	CA	GREATLY REDUCE BYCATCH
Molly	Huddleston	Santa Rosa	CA	How about we stop fishing for swordfish altogether or at least limit the catch allowable. They are in danger of being fished out and certainly the deep water gear is a start toward keep other species safe. The swordfish is a beautiful animal and is in danger of being fished out. Please consider the whole picture. Thank you
jed	fuhrman	Topanga	CA	I am a marine biologist with over 200 peer-reviewed publications cited over 20,000 times, and Fellow of the American Academy of Arts and Sciences.
MIRIAM L	IOSUPOVICI	Imperial Beach	CA	I am currently not eating swordfish, which I love, due to the fishing habits. Change the way swordfish are caught and I would be delighted to eat this fish. So, I expect an economic boost to the swordfish industry as a result of making these changes and publicizing them.

				I can't believe I'm still fighting to get deadly, environment- and ecology-raping gill nets outlawed after 31 years, incalculable legions of euphemistic bycatch [read: endangered whales, porpoises (including VAQUITAS!), dolphins, sea turtles and other critically endangered/necessary-for-the-food-chain-of-all-life-on-earth species!]
Nicole	Fountain	Fremont	CA	When the hell are you going to do your job and protect the oceans and ALL species therein and around?!
JoEllen	Arnold	Sacramento	CA	I don't think anyone should be catching swordfish, but if you must, use a method that is safer for other sea creatures.
Hudelle	Newman	Santa clara	CA	I have seen the by-catch and it is a disastrous waste. It is wonderful to support new gear that prevents that.
Allen	Royer	San Jose	CA	I have stopped eating fish because of the ways fish are caught.
Patricia	Bradford	Bolinas	CA	I strongly support this petition Thank you.
Carlos	Peeler	San Francisco	CA	I support this
Maria	Cardenas	Azusa	CA	I will not tolerate this stupid and cruel negligence any longer. Stop killing our precious sea creatures!
Pat	Wolff	Arcadia	CA	I'd rather establish a moratorium on fishing for swordfish, and any other very large, slow-maturing fish. If the big fish of reproductive size are all caught, it will mean big changes in the life cycles of many creatures in the sea. The big fish are the predators, and predators keep the balance in all of nature.
James	tolonen	Siquel	CA	If it improves catch and decreases bycatch it seems like it should be worth the effort to try.
Anne	Parzick	Corona del Mar	CA	If the technology exists, we must use it! It's a no-brainer - it will be beneficial to fishermen AND other sea life.
Frank	Hill	North Hollywood	CA	If this adds a penny to their bottom line, then it must be allowed no matter what. The worship of money in this country is much greater than the worship of God.
James	Clark	Torrance	CA	If you don't truly know how to fish responsibly, then STOP FISHING!
Amari	Alcala	Manteca	CA	In the best interests of oceanic inhabitants, I urge you to switch from drift gill net to deep set buoy gear as the method of choice for catching swordfish. It's a win-win solution for all! Thank you for considering the wisdom of this choice.

Ann	Keenan	La Mesa	CA	It is the right thing to do!
Lawrence	Thompson	Livermore	CA	It is time to take a scientific, rational approach to catching swordfish.
Nina	Wouk	Menlo Park	CA	It is wrong and cruel to kill animals except to eat (or to keep them from eating us). Carnivory brings responsibilities.
Adele	Kapp	La Jolla	CA	It sounds like Deep-Set Buoy gear is a means to catch sword fish and avoid harming other large fish. Please take action.....Thank you
Adriana	Hall	Pacifica	CA	Its 2017 we can do this in a safe way!
judie	stein	agoura	CA	Its a travesty to kill these beautiful beings that kill without merit.
Patricia	Rogers	Concord	CA	It's heartbreaking how many marine animals die in nets who weren't the intended targets.
Kristina	Hughes	Los Angeles	CA	It's time for a change. We can do better!
Louise	Hawley	Palm Springs	CA	It's time to change our habits and be much more aware of decisions that HURT our environment. We have a duty to protect this planet!
Yvonne	Smith	Upland	CA	It's time to change the way we catch swordfish, though nobody should be eating it anyway because of its high mercury content. Thank you for your consideration.
Sandi	Covell	San Francisco	CA	It's time to change the way we catch swordfish.
Joe	Hernandez	Alameda	CA	It's time to change to more efficient way and protect other species.
Timolin	Burke	Santa Monica	CA	It's time we make wise decisions such as this.
chris	brazis	sf	CA	It's very important we help our sea creatures for the sustainability of our oceans.
Judd	Brown	La Jolla	CA	I've been involved with the swordfish fishery for over thirty-five years. Besides the west coast squid fishery, drift nets are as filthy as it gets. GET RID OF THE DRIFT NET! Put observers in the squid fishery, see how filthy it is!!!!
Richard	Keller	Pleasant Hill	CA	Just DO IT!
suzi	rugg	riverside	CA	Just so sad and so UNNECESSARY. PLEASE, PLEASE, PLEEEEEEASE MAKE THAT SWITCH. PLEASE :(
Rachael	Hopper	Brentwood	CA	Learn about the deep-set buoy gear that helps the fishermen without the harmful bycatch.
Kathleen	Cridge	Rough And Ready	CA	leave the sword fish alone. Period
Raedelle	Miller	Arcata	CA	Let us do the right thing for the inhabitants of the ocean that are already struggling and use the deep-set buoy gear to catch swordfish.
Bob	Phillips	Simi Valley	CA	Let's be ocean smart!

Alvin	Johnson	Broderick	CA	Lets change methods of catching fish, more protection for our dwindling resources!!
pam	zimmerman	Santa Rosa	CA	Let's do the right thing here!!
Donald	McLeod	Antioch	CA	Let's do this please.
Robert	Sullivan	Sacramento	CA	Let's get smart and reduce the bycatch! Thanks.
Jimy	Tallal	Malibu	CA	Let's try the new gear, so there's a choice besides deadly gillnets.
Bill	Leikam	Palo Alto	CA	Live and let live all beings on the face of this Earth.
Dale	Anania	Berkeley	CA	make it so!
Lisa	Buckingham	Stockton	CA	Manifest Destiny is long over, time to interact with the environment in ethical, respectful and protective ways.
Claire	Joaquin	Pollock Pines	CA	Massive bycatch kills must be stopped. Stop being irresponsible.
Liz	Amsden	Los Angeles	CA	Murdering innocent animals and calling it 'bycatch' is crude behavior and power-tripping at best.
john	pasqua	Escondido	CA	MUST CHANGE THE WAY SWORDFISH ARE CAUGHT WITHOUT USING DEADLY DRIFT GILL NETS FOR GOOD.
Anne	Harvey	San Diego	CA	My family has a seafood restaurant, and we are in favor of banning drift gillnets.
Elizabeth	Housel	Carmel	CA	Need a different way to catch Swordfish no bycatch!
Bonnie	Earls-Solari	Port Hueneme	CA	No more 'accidental' deaths in our ocean.
Jane	Cirigliano	Los Angeles	CA	Now is the chance to save whales, dolphins and sea turtles
Anja	Kollbach	Menlo Park	CA	Ocean creatures are facing serious dangers. This one can be fixed.
Gary	Alderette	Santa Rosa	CA	Ocean life is under constant, unrelenting threat because there are too many humans on this planet that don't show Mother Earth the proper respect. The very least that we need to do is to use the best practices available when harvesting/exploiting the Earth's bounty. That should be a no-brainer.
Guy	Westgaard	Laguna Beach	CA	One must find ways to fish with gear that eliminate wasteful bycatch and works for targeted species.
Sandra	Rakestraw	Atascadero	CA	Our family are open deep water scuba divers and have seem ample marine life caught up in, or dragging fishing gear behind them. Mostly we have been unable to cut them free unless they are so weak, or near death, they cannot put up a fight. Those we have cut free we never know if they survived. Please stop this unneeded tragedy.
Rosemarie	Smallcombe	Mariposa	CA	Our marine ecosystem is under considerable stress. Please promote the use of deep-set buoy gear to reduce the considerable volume of bycatch.

David	Zaccagnino	Upland	CA	Our methods of fish catching should not result in the death of other precious wildlife!!!!!!!!!!!!!!!!!!!!!!!!!!!!
Patricia	Roberson	SPRING VALLEY	CA	Our oceans should be protected and all the life withing those oceans deserve to be protected.
Arndis	Hernandez	San Jose	CA	Personally I think that swordfish should be caught with a line and reel.
Francoise	May	Palm Springs	CA	Personally i think we should not catch swordfish we are destroying the oceans and we truly. the cancer of the earth!!
				Personally, I don't think swordfish should be caught at all. Do you realize that they start out as a tiny little baby fish that would fit on one of your fingernails? Then against every odd in the entire world, they manage to grow into the massive over a thousand pound magical and mysterious creatures that they are. They are nothing short of a modern day unicorn. Why would anyone want to catch and destroy such a unique and beautiful fish? And it makes even less sense that they would want to do that knowing that they will catch other species in the process. What happened to the Do no harm mindset? As the most successful species on the planet, I think it's high time we step back and realize that our species is safe, we are not going to be going extinct anytime soon, so maybe it's time we step back and try to be of help to some of the other species on the planet instead of just constantly trying to find another way with which to exploit them. All leftover and left behind netting apparatus is harmful to wildlife. There are hardly any whales on the Atlantic coast that have not been entangled and saved from death at least once. That is a horrible statistic. We can do better and we should do better. Thank you for your time.
Julie	Keeney	Fresno	CA	
Kathryn	Santana	Bradbury	CA	please
Nancy	young	Oakland	CA	Please
Regina	Esquivel	Santa Barbara	CA	PLEASE
Grace	Fenton	Sacramento	CA	Please protect our whales, dolphins and sea turtles by using the high-quality product and not use the destructive drift gillnets.
Silva	Harr	Concord	CA	Please advance this technology. Thank you.
Joanne	Pennington	San Clemente	CA	Please allow this new system to stop by catch of dolphins and many other creatures of the sea...
Abraham	Oboruemuh	Riverside	CA	Please Approve It.
Lilian Alecia	Morgan	Felton	CA	PLEASE ASAP!!!!!!

Laura	Morton	Vacaville	CA	PLEASE be conscious of what your fishing practices do!!!
carol	Leuenberger	San Carlos	CA	Please care
susan	pelican	Woodland	CA	please change how swordfish are trapped... to protect whales. dolphins, and turtles. thank you.
Doug	Phillips	Los Angeles	CA	Please change the way you catch these beautiful creatures. It's wrong!
Mario	Rivas	Sherman Oaks	CA	Please do all that you can to eliminate wasteful and inhumane fishing practices that lead to bycatch.
Becky	Cunningham	San Francisco	CA	Please do the right thing.
Tina	Panning	San clemente	CA	Please do the right thing. Thank you.
Connie	George	San Francisco	CA	Please do your part by saving whales, dolphins and sea turtles by using deep-set buoy gear to catch swordfish.
Craig	Kleber	los angeles	CA	Please don't be cruel
Nancy	Burkhart	Studio City	CA	Please have compassion
Stacey	McDonald	Thousand Oaks	CA	Please help the Swordfish. Thank you.
Milla	Manniche	Laguna Hills	CA	Please highlight that the Swordfish is in the top of the list of fish containing Mercury poisoning and other toxins.
julie	ellis	LA	CA	Please jump on board before it's too late. We must protect our oceans!
Ronit	Corry	Santa Barbara	CA	Please limit bycatch with researched methods!
Pamela	Turner	Oakland	CA	Please make these changes...it's very important.
Alice	Welchert	Los Osos	CA	Please mandate the use of the least destructive technology available to minimize by catch.
Judy	Schultz	San Francisco	CA	Please move forward to eliminate gillnets and allow/encourage the use of deep-set buoy gear in the Pacific.
Carol	McInerny	Brentwood	CA	Please move to replace drift gillnets with deep-set buoy gear, which will preserve vast numbers of whales, dolphins, and sea turtles. Thank you.
Jaye	Bergen	Palo Alto	CA	Please protect marine mammal and aquatic species from by-catch of swordfish.
Zachary	Mattocks	San Francisco	CA	Please respect life.
John	Livingston	Redding	CA	Please see that fishermen use the latest technology.
Janice	Schenfisch	Moorpark	CA	Please stop bycatching it is not right!
Laurie	Jensen	Campo	CA	PLEASE stop bycatch !

Christine	Anderson	Lafayette	CA	Please stop the bycatch from swordfish drift gillnets.
alex	nicole	santa monica	CA	Please this is a horrific and tragic end to our beautiful and supposed to be protected sea life. Please make the necessary change that will stop the ruthless killing.
Gary	Haven	Agoura Hills	CA	PLEASE USE THE DEEP-SET-BUOY TO CATCH SWORDFISH AND SAVE WHALES, DOLPHINS AND SEA TURTLES. THANK YOU.
Elijah	Perona	Venice	CA	Please use your power and influence for good and change the way we catch swordfish.
Michael	Brodie	North Hollywood	CA	Please, just catch the fish you really want. Upgrade to this better method. Thanks.
Marybeth	Rice	Berkeley	CA	Please, let's catch fish responsibly and not incidentally wipe out the whales, dolphins and sea turtles.
Dana	Monroe	San Diego	CA	Please, please change your methods.
Kelly	Kramer	Garden Grove	CA	Preserve our oceans and it's inhabitants.
Dennis	Fritzinger	Berkeley	CA	Quite frankly I think top predators like the swordfish ought not to be caught at all. The oceans are in peril and removing top predators from the food chain makes no sense.
Dennis	Villavicencio	Three Rivers	CA	Reducing bycatch is a very, very good thing. This technology has been around for a while and should be required.
Gayle	Spencer	Menlo Park	CA	Replace destructive drift gillnets ASAP.
Pat	Doherty	Cherry Valley	CA	Research and testing have shown that deep-set buoy gear would provide an way to catch swordfish without destroying other forms of life such as whales and dolphins .. USE IT !!!
Susan	Willhoit	Cardiff by the Sea	CA	Respect the Ocean and it's creatures.
W	Lynch	Los Angeles	CA	Safely catch swordfish AND protect other species of bycatch fish.
Thomas	Knecht, MD, PhD	Avila Beach	CA	Save our marine environment and wildlife!
ROGER	ANGLE	Long Beach	CA	Save the ocean, the key to the biosphere.
Paula	DeF	Richmond	CA	Sea mammals and other creatures are as important as humans. They have a right to live. There is no acceptable level of bycatch killing dolphins, whales, turtles, etc.
Vicki	Miller	Santa Cruz	CA	Serious innovation needs to happen with the fishing industry. We can not afford the loss of any whales, dolphins or sea turtles.
brandon	gregg	Burlingame	CA	Stop accidental bycatch - - - change the method of catching swordfish.

John	Meszaros	Forest Knolls	CA	Stop fishing them, the oceans are being polluted and raped of fish everyday. It's time for a moratorium on all fishing !
Joseph	Boone	San Luis Obispo	CA	Stop killing Earth's unique animals.
brian	girard	Ventura	CA	stop killing our whales, dolphins, swordfish now
Tracey	Archer	Lincoln	CA	Stop the killings now please!
Ken	Wertz	Pine Grove	CA	Stop the netting in any way at all. It is not safe to eat ANY amount of this fish. Let them be the integral part of the web of life they were filling before being turned into a commodity to exploit.
Kathy	OBrien	Redway	CA	Stop using the drift gill net or long line from killing so many other species. Their deaths are Unecessary.
Jeff	Lambeth	Green Valley Lake	CA	Sustainability is key to survive
Rhonda	Oxley	San Francisco	CA	Sword fish Protections at once!!
Ann	Rennacker	Fort Bragg	CA	Swordfish are high up the food chain so I cannot eat much of it, but the most disturbing thing is the drift net bycatch that kills other marine mammals. Stop with the indiscriminate killing of sensitive species.
Jim	Phillips	Sonoma	CA	Swordfish populations are down. Prevent them from becoming endangered.
Cathy	Holden	Sacramento	CA	Thank you.
Cathy	Goldberg	Seal Beach	CA	The cost to other animals is far too high.
Kelly	Murphy	Portola Valley	CA	The destructive impact of bycatch should no longer be ignored.
Gregory	Wright	Sherman Oaks	CA	THE OCEANS AND THE CREATURES LIVING IN THEM ARE UNDER ASSAULT FROM ALMOST EVERYTHING HUMANS DO, FROM ATMOSPHERIC POLLUTION TO SONIC BLASTS TO PLASTIC WASTE. REFORMING SWORDFISH CAPTURE IS ONE OF THE EASY REFORMS AND FIXES. DO IT!
Rachel	Robson	Berkeley	CA	The oceans are having a hard time, warming and the Arctic melting along with Antarctica, not to mention the wealth of plastic, illegal poaching, lack of oxygen, dead zones from run off of agriculture, our military and their war game practices which allow harming and killing of any fish, including whales, and the list goes on. This one thing, we can do right so let's do it!
Gary	Thornbrugh	Kernville	CA	The oceans are ours to pass on in better condition than we find them. That includes a healthy swordfish population and all the components of their environment.

Jade	Scileppi	San Francisco	CA	The question is not, Can they reason? nor, Can they talk? but rather, Can they suffer? ~Jeremy Bentham
Clara	Else	Guerneville	CA	The seas are being destroyed. Please help reduce the devastation.
Abby	Wanamaker	Woodland Hills	CA	The terrible toll of bycatch must be stopped! Deep-set buoy gear should be used instead!
Lois	Ruble	San Marcos	CA	The time is long past when we can afford to waste so much sea life as by-catch with swordfish. Ocean populations are highly stressed from over-fishing and increasing temperatures, pollution and acidification.
Gail	Henigman	San Francisco	CA	The USA has now become the murdering winner of the world. WE KILL EVERYTHING THINKING WE ARE ENTITLED TO DO SO IN ANY WAY WE WANT. THIS.HAS.GOT.TO.STOP!
Alice	Hendrix	Orangevale	CA	There are ways to safely fish for swordfish without inflicting mass death upon many other fish. It is way past time to institute these safer methods for this and other forms of fishing rather than continue to rape the ocean upon which humankind depends.
Victoria	Taylor	West Hills	CA	There is no excuse for bycatch, non of these sea creatures are expendable!
Madeleine	Fisher Kern	Los Angeles	CA	There is no excuse for the devastation of by-catch while fishing for one species of fish. Off the West Coast, the primary method of catching swordfish results in the accidental capture and injury or death of whales, dolphins, and sea turtles. THIS IS UNACCEPTABLE! THIS MUST NOT BE PERMITTED!
Tina	deKwaadsteniet	Topanga	CA	These animals should be protected.
Mike	Kelly	Huntington Beach	CA	These butchers are NOT FISHERMEN! They are greedy industrial cowards!
Sherrill	Futrell	Davis	CA	They are critically important to ocean ecology!
Daniel	Joaquin	South Lake Tahoe	CA	This continual disregard for our oceans and its sea creatures needs to end! Sustainable fishing and proper management of the fishing industry needs to happen yesterday!
Don	Saito	San Jose	CA	This is a good idea, but even better: Stop killing all animals for food.
Katherine	Martinez	Tiburon	CA	This is important.
Sarah	Brennan	Pacific Palisades	CA	This is long overdue and hugely important. Please follow through on every possible level. Thank you.

				This is so upsetting that it is hard to open up these emails and read what travesty and cruelty is discovered or policies begging to be maintained or re-implemented when this is such a horrible waste. Thank you for monitoring this issue and I hope you get all the support you need to do the right thing by all of these creatures.
LuAnn	Glatzmaier, Ph.D	Sacramento	CA	
Cynthia	McMath	Boonville	CA	This is such a terrible waste of life!
				This isn't a practice run - we must be responsible and compassionate in how our behavior kills and permanently damages not only the swordfish, but their environment, too.
Laura	Adkins	Oakland	CA	
Daena	Acevedo	La Puente	CA	This isn't right
				This June, please take new measures to eliminate destructive drift gillnets, and alternatively, be proactive and implement use of deep-sea buoy gear to prevent accidental by-catch, death, injury or capture of other species. thank you
m	gosline	oakland	CA	
Michelle	Mehlhorn	Richmond	CA	This makes sense for the fish and the fishermen.
Robert	Keller	San Diego	CA	This makes sense.
				This method of catching swordfish and others too causes unnecessary deaths.
Saran	Kirschbaum	Los Angeles	CA	
Faith	Strailey	Quincy	CA	This species is being over fished, another casualty of human excess and greed. Please protect them!
				This will protect this endangered species. Please make this change.
Gregg	Oelker	Altadena	CA	
Scarlet	Sobranie	Los Angeles	CA	TIME FOR CHANGE Please use this gear as an alternative to DRIFT GILLNETS being used currently.
Perry	Gx	Tustin	CA	Time Is Now 2 Change The Way We Catch Swordfish! ASAP Plain & Simple!!!
e	p	talmage	CA	Time to stop eating fish
K	R	SF	CA	Time to take better care of Mother Earth the way she takes care of us.
				Unacceptable to use price of swordfish as an excuse for injuring marine mammals and sea turtles!!
celia	scott	Santa Cruz	CA	
Rev. Cat	Cassidy	Twentynine Palms	CA	Use good science to catch swordfish and protect/avoid other sensitive species.
Deuel	Woodward	Chula Vista	CA	Use most modern methods. Always minimize bycatch.
				We absolutely need to regulate how swordfish to protect other species
Constantine	Bogios	Walnut Creek	CA	
				we and many of our friends haven't eaten swordfish for years due to the cruel & wasteful means of catching swordfish. We miss it. Please use better reduced bycatch methods.
Jessie	Osborne	Oceanside	CA	

Elaine	Livesey-Fassel	Los Angeles	CA	We are decimating our fisheries using vile gillnets which scrape the Oceans clean of corals and fish. ENOUGH!!!
Paul	Jacobson	Willits	CA	We are losing the ocean and all life within.
Carole	Ehrhardt	Pebble Beach	CA	We can do a better job in monitoring our oceans. If not, we will destroy our food source and the source for all ocean animals.
Josephine	Polifroni	Danville	CA	We cannot continue to endanger sealife to catch swordfish. Allow deep-set buoy gear.
Rich	Panter	Bodega Bay	CA	We cannot left this magnificent fish go extinct.
Lesley	Schultz	Oakland	CA	We don't need to be affecting other species through outmoded methods of sword fishing. I'd like to see this stopped.
Laura	Leifer	Santa Ynez	CA	We don't need to eat swordfish anyway.
George	Goffe	San Jose	CA	We don't own this planet, we're just renting it. LET'S BE GOOD TENANTS!
william	Pogue	La Mesa	CA	we don't want them to become extinct, do we? Save them change methods of fishing!!!
Tess	Husbands	San Diego	CA	We have forgotten or never knew, only wild and native species are Earth's strands in the web of all life. Protect this fish, you protect planet Earth.
kajsa	ingelsson	West Hollywood	CA	we have to start taking sustainability really serious. It should have happened many years ago, but the past is the past. Let's start today!
Shannon	Hanaway	Rohnert Park	CA	We have to use the method that doesn't endanger other species when catching swordfish.
Lisa Ann	Kelly & Family	Santa Barbara	CA	We humans are so shameful. How horrible to kill not only swordfish, but to incidentally kill so many other beings while in pursuit of swordfish slaughter.
William	Peterson	Los Angeles	CA	we kill swordfish so we can eat them, but kill other creatures of the ocean. Stop the slaughter! Change the catch method!
Cynthia	Ratliff	Santa Cruz	CA	We must act responsibly in our fishing practices and use best practices and stop this unnecessary and wasteful deaths of many species as bycatch.
Gail	Sredanovic	Menlo Park	CA	We must do what we can to avert damage.
Kenneth	Althiser	Cherry Valley	CA	We must eliminate or at least limit the amount of by catch we get in fishing for each target species.
Terrell	Rodefer	Van Nuys	CA	We MUST get rid of the murderous gill nets!!
Daphne	Yee	Sacramento	CA	We must protect our marine life!
Daryl	Gale	Los Angeles	CA	We must protect our oceans and our sea life.
Bridgett	Heinly	San Diego	CA	We must use new ways to fish for swordfish in order to reduce the amount of harm caused to other marine life.
Marylynn	Henes	Mendocino	CA	We need more CARE-full fishing... so future generations will have all our sea dwellers at hand.

Terence	Craig	San Francisco	CA	We need to be wise in how we harvest the oceans.
velda	smith	san diego	CA	We need to correct fish or we will have no fish nor an ocean to fish in. Stop this outdated way of fishing.
Pamela	Buck	Clayton	CA	We need to do a better job in our fishing practices. There is way too much collateral damage.
Sheila	Grimes		CA	We need to do everything we can to prevent 'bycatch'.
Hollis	Whiting	Pacific Grove	CA	We need to find new ways to catch the fish we want while not harming the others!
Jess	Najera	Anaheim	CA	We need to more conscious of our methods and there impact.
Emilio	Verdugo	Los Angeles	CA	We need to provide smart management of our fishing waters to ensure they will provide in both the near and distant future.
Gloria Linda	Maldonado	Redwood City	CA	We now have more knowledge about the dependence of one species with another .We also know that there are ways to protect our environment and the animals that inhabit this environment. We need to everything we can to protect the by catch.
Shelley	Strohm	Los Angeles	CA	We've known about the problems with gillnets for many, many years. It's time to act.
Janet	Parkins	Oakland	CA	When are we going to learn we can't survive on this planet if we don't stop wrecking it!
Robert	Reed	Laguna Beach	CA	when I was young, swordfish were harpooned...you had to get close without spooking them...
Kate	Russell	San Jose	CA	Where we act, we should act responsibly, with the least amount of damage.
Mary Sue	Meads	Oakland	CA	While I like to eat wild fish, if we want our children and grandchildren to have the same privilege we need to protect as many ocean species as possible. The oceans are over polluted and over fished at the moment spelling disaster for the creatures in the near future. I have a friend whose fish company has already gone out of business due to limited product. Do not dump un wanted by-catch. Find a way to release them alive and healthy.

				Why are you so cruel to swordfish and marine life? The gill nets for fishing are causing all kinds of marine life to suffer slow, agonizing deaths. At this rate, you will be responsible for our children watching turtles, whales, dolphins, swordfish, and all other marine life become extinct... don't you care about our kids' future and the animals on this planet?
Debi	Chew	Lomita	CA	
teresa	smith	Woodland Hills	CA	Why must we kill and eat everything in the ocean?
				Why not take this step? Who wants to be the politician known for killing dolphins and turtles?
Tynan	Wyatt	Chula Vista	CA	I support this science based recommendation and so should you. Thank you.
maryfrances	careccia	Los Angeles	CA	WITH PROFIT COMES RESPONSIBILITY AND ACCOUNTABILITY!
Dorothy	Wilkinson	Hollywood	CA	You're responsible for staying abreast of new developments in your field. Do so.
Hildegard	Hix	Arvada	CO	All of our natural resources are disappearing at an unacceptable rate. Please do your part in reversing this trend.
Michael	Cole	Castle Rock	CO	Bottom line; Respect for all of Gods creatures!!!
Norvelle	Couch	Parker	CO	Do not use nets to capture swordfish.
				Frankly, we shouldn't be hunting Swordfish at all. It wont be long before we essentially kill the oceans. You know it. I know it. Until we place a moratorium on catching fish period, that outcome is inevitable and coming far sooner than we think,
Mitchell	Gershten	Paonia	CO	
Alvin	Goldman	Denver	CO	Hunters confine their kills to the targeted species. Farmers confine their harvesting in the same way. This is a sound standard to be followed in preserving our fisheries.
Jim	Drevescraft	Nederland	CO	I no longer consume swordfish owing to the by catch issue.
Erin	Dalessandro	Boulder	CO	Invest in deep-set buoy gear for preserving healthy fish populations!
Thomas	Hutton	Clifton	CO	It is critical that we act to reduce the bycatch of catching swordfish.
Maggie	Schafer	Boulder	CO	IT IS IRRESPONSIBLE TO HAVE COLLATERAL DAMAGE IN THIS INDUSTRY! IT NEEDS TO STOP! BYCATCH IS IRRESPONSIBLE AND CRUEL!
Jontonian	Battleaxe	Limon	CO	It is time to CHANGE !!!

Bertha	Tournay	Pueblo	CO	Its time to update the way you catch swordfish - Deep-set buoy gear is the way to go. It will be beneficial all round.
Gary	Wrasse	Colorado Springs	CO	Mankind must adapt to better methods of fishing to protect species that are needlessly killed by the score.
Christopher	Cox	Broomfield	CO	NO MORE DRIFT NETS
Jane	Clevenger	Loveland	CO	Our oceans are dying. Please help what is surviving.
Susan	Bowles	Denver	CO	Please be more responsible and plan for the future.
Weslie	Phillips	Golden	CO	PLEASE get rid of drift gillnets!!!! They are nothing but murder!!!!
Dick	Larson	Colorado Springs	CO	please help the fish, nobody wants to hurt God's children
Jon	Anderson	Silverthorne	CO	Please prioritize limiting bycatch when fishing commercially.
Gaia	Cooksey	Colo Spgs	CO	Please stop using the destructive gillnets that cruelly snag other marine animals! Have more compassion than greed!
Joseph	Leonhard	Arvada	CO	Please use this safe alternative
LaVaughn	Standridge	Aurora	CO	Please, stop allowing the use of drift gillnets.
Jerry	Davidian	Telluride	CO	Stop stripping the oceans of life. It's time for environmental protection to take precedence over industry and private profit. No one needs to eat swordfish.
Sheryl	Sussbauer	Longmont	CO	Stop the unnecessary and extremely destructive method of swordfish catch with drift gillnets. Preserve the lives of 'bycatch' species who don't need to die!!
Charlie	Speno	durango	CO	THANK YOU FOR YOUR WORK IN PROTECTING OUR OCEAN RESOURCES, BY REQUIRING TARGETED APPROACHES TO FISHING SUSTAINABLE PRACTICES
Ed	Billeaud	Breckenridge	CO	The integrity of the environment depends on proper standards like this.
Lyn	Lowry	Longmont	CO	The threats to our oceans and ocean life keep growing. You can help put a stop to some of these by limiting - or preferably eliminating - the use of gill nets. This new gear is a start.
Bonnie	Orkow	Denver	CO	We can not afford to put this issue on the back burner.
Tom	Peace	Denver	CO	We Know what can make a difference. Let us do it.
Erik	Hvoslef	Salida	CO	We need to stop the unintended killing of non primary fish.
Marcy	Chamblin	Hamden	CT	Best case scenario: leave swordfish in peace. Failing that, the deep-set buoy should be used so as to spare the other species closer to the surface.

Douglas	Meyer	Guilford	CT	Bycatch is one of the most destructive things about commercial fishing. It can destroy vast amounts of fish for no reason, except expediency. Just stupid.
Leona	Klerer	Stamford	CT	deep-set buoy gear is the way to go!!
Royal	Graves	Wethersfield	CT	Help save our ocean ecology. Please support deep-set buoy gear.
Slowomir and Irene	Przybysz	Wilton	CT	It is a SHAME how many of these wonderful iconic fish of our oceans are being pulled in and stressed out only to DIE for somebody's TROPHY.
Bruce and Maureen	DeNunzio	norwalk	CT	It is inexcusable and unnecessary and UNACCEPTABLE how many of these mighty iconic fish are being killed every year.
jeremy	frost	southport	CT	Let's get smart about how we catch swordfish. Let's do the right thing!
Valerie	Sotere	Milford	CT	Man, enough of the amount of over-fishing that goes on in our oceans and to the balance of our eco systems. This has to be controlled much more rigorously.
Cynthia	Opderbeck	Storrs	CT	Please, I beseech you, use the best equipment to catch swordfish without bycatch -- in the interests of humane behavior and conservation of our precious and beautiful resources entrusted to us. Thank you so much.
Michael	Wichman	New Haven	CT	Preferably, catching of swordfish should be outlawed!!!!!!!!!!!!!!
Margaret	Aldinger	Groton	CT	STOP!
Jane and Rino	Servadio	Milford. CT	CT	This gear should be should be made available to all and no other kind should be outlawed
Marianne	Corona	Middlefield	CT	This method of deep-sea buoy gear is the least harmful to other sea animals. Please support the Pacific Ocean!
Patricia	Hammel	Branford	CT	We need to take care of creatures in the sea and catch them in a fair manner.
Melene	Rose	Ridgefield	CT	Whales, dolphins and sea turtle populations are threatened from numerous sources, including as by-catch. Please move forward, quickly, the means by which fish can be caught without also catching these other species.
Melissa	Lux	Washington	DC	I stopped buying swordfish because I can't stand the thought that a whale would die for my nice dinner.
Hanna	Schwing	Washington	DC	Please vulnerable Pacific protect species. Deep-set buoy gear has been proven effective at reducing bycatch.
basil	gianniotis	long key	FL	20 year moratorium needed on swordfish!!!! basil gianniotis
Brad	Snyder	Port St.Lucie	FL	A sensible solution.

David	Marshall	New Port Richey	FL	By catch in not by it is wasteful slaughter of creatures that will only rot with no sense or reason. Many of these are food for other creatures that will starve because of the stupid term of by catch. r8dmarshall
Kate	Mullan	Panama City	FL	By catch is not acceptable and must be stopped. We are depleting our oceans of valuable life in order to satisfy their greed. There is a better way. Support deep-set buoy gear to save our oceans.
shelley	king	Flagler Beach	FL	Bycatch is terrible, unnecessary and wasteful. Please institute the use of deep-set buoy gear. Thank you.
Virginia	Aradio	Wellington	FL	Bycatch results in a total waste and disregard of Marine life.
Ruth	Cassidy	West Palm Beach	FL	Catching & Killing bycatch MUST END!! PLEASE USE DEEP-SET BUOY GEAR!!!
Barbara	Hughes	Sanford	FL	Catching everything in sight and killing all for one species is terrible waste.
Sheryll	Topping	Jensen Beach	FL	Change gear and prevent wasteful by-catch!
PHYLLIS	DUPRET	Delray Beach	FL	Change is needed NOW !!!
susan	stavros	altamonte springs	FL	Do the Right Thing! Protect the Ocean and its Citizens NOW!!!
Nancy	Lowell	Tampa	FL	Drift gillnet cause SO much damage to the marine ecosystems that a system that can deliver a superior product without the damage has to be tried, and hopefully accepted.
Robert	Parkinson	Fort Lauderdale	FL	Dry netting is incredibly archaic! Where have you been for the past 30 years?
Joline	Barth	Jacksonville	FL	Fishing should be managed responsibly.
Alexine	Pope	Holt	FL	Help the fish!
Hilda	Andrews	Miami	FL	I am not a fisherman, but am inclined to feel that those that make a living fishing should do everything possible to stop killing other species of fish by following methods that have proven successful in preventing the needless killing. Our oceans must be protected. Thank you.
Mark	Holmgren	Saint Petersburg	FL	I care so much for the health and diversity of our oceans and its life-giving inhabitants.
Karen	De Falco	Homosassa	FL	I have a good idea, put yourself in the situation. No, I am not kidding. All the above are mammals as we are. Imagine getting stuck in a net, knowing you can't get out. You drown. Now picture yourself or a child? These creatures are the same. Give them a break and stop the greed.

E.	Rock	Eustis	FL	I urge you to advocate for all marine life by officially approving of species specific fishing methods, such as the deep set buoy. The abandonment of drift nets of any sort can help oceanic species who find themselves trapped. Thank you.
jeff	howe	fort lauderdale	FL	I'm signing this but with reservations. I've read that swordfish has very high levels of mercury. Shouldn't we leave this species alone since mercury is a toxin to us?
Paul	Horne	Boynton Beach	FL	It can be done without all the waste and incidental killing.
Malcolm	Brenner	Punta Gorda	FL	It would seem insane to not adopt a method that reduces by-catch!
Eric	West	Port Orange	FL	It's a small planet. Don't screw it up
Edward	Tedtmann	boynton Bch	FL	It's our nature to preserve
Laurel	Fee	Daytona Beach	FL	It's simple; keep screwing with the ocean and we all lose.
Judy	Yll	Deerfield Beach	FL	It's time t change the way we catch swordfish
Richard	Thurston	Fort Lauderdale	FL	its time to stop hunting these great animals
beverly	alfimow	daytona beach	FL	just do the right thing
Cheryl	Currier	Seminole	FL	Let's avoid the bycatch of drift net swordfishing and actively pursue deep-net methods.
Chad	Hanson	Crawfordville	FL	Let's make the switch to more sustainable, safer fishing gear and practices! Deep-set buoy gear is better for the fish and the fishermen!
Ellen	Dozier	Merritt Island	FL	No by-catch, no gill nets, no factory catching of fish
Laurel	COVINGTON	Lutz	FL	No more destructive gillnets
				Not having reduced/greatly eliminated the By Catch and Damaged/Killed Species caused by still current methods of Commercial Fisheries is an Affront to all things to which the USA should be the Leader of in Modern Times.
Dale	Prillaman	Hollywood	FL	Time to make Safe and Sustainable Practices Law, not just some side note hidden in the back of the pile.
Hugh	Turner	Pensacola	FL	Please minimize hazards to other marine life.
Migdalia	Ortega	De Leon Springs	FL	Please protect them.
Melissa	Roberts	Nokomis	FL	Please stop the use of gill nets and long line fishing
Joan	Walker	Bell	FL	Please take action at least to reduce the slaughter of the bycatch !

Susan	Caruso	Wilton Manors	FL	Please take the necessary steps to save our precious, yet dwindling, ocean resources.
sheri	cutright	St. Augustine	FL	Please Use Deep Set Buoy Gear to catch swordfish, and stop with gill net fishing!
Gloria	Trinka	Naples	FL	Pls.
Kathleen	Burson	Titusville	FL	Protect and defend our heritage. Tread lightly and carefully in all we do.
Maureen	Wasley	Saint Petersburg	FL	Protect sea mammals and other bycatch from gill nets and updating the ways that fish are caught.
Lillian	Martin	Plantation	FL	SAVE AND PROTECT SWORDFISH. BAN OVERFISHING. OTHER SEA ANIMALS NEED TO EAT SARDINES TO SURVIVE.
Gail	Roberts	Key West	FL	Save our whales and dolphins!!
David	Wheeler	Niceville	FL	Save the mamals and other by catch.
Cecelia	Nelson	Orange City	FL	SHAME ON US!!! As long as WE get what WE want, WE don't care WHO or WHAT gets in the way. SHAME ON US!!!
Paula	Morgan	Hollywood	FL	Since there is deep buoy gear and it works why not prevent bycatcch by using this system?
Michelle	Terriault	Jupiter	FL	Stop catching whales!!
ken	gunther	Jupiter	FL	Stop extirpating the incredible swordfish.
Christian	Clausen	Miami	FL	Stop killing innocent animals!
scott	miller	boca raton	FL	Human cruelty has no limits!!!
candice	tharp	wildwood	FL	STOP KILLING WHALES!!!!!!
Marjorie	Scott	Parrish	FL	stop this madness
Ewa	Stein	North Port	FL	Thank you for taking the time to read my request.
Marcia	Markwardt	Fort Pierce	FL	The death of whales, dolphins and sea turtles, these sensitive species is not acceptable! Please turn to more humane, less harmful methods to capture the swordfish.
Marcie	Clutter	Inverness	FL	The research is clear and changes must be made now. What are you waiting for?
Arwen	Weiss	Orlando	FL	The threats to the survival of whales, dolphins, sea turtles, etc. is so high. Please reduce this threat by advancing techniques that cause less incidental bycatch when fishermen target swordfish.
Candis	Harbison	Panama City	FL	The use of drift gillnets results in the injury or death of whales, dolphins, sea turtles and more! Please make deep-set buoy gear available and save marine life!
HOWARD	STAFFORD	Ocala	FL	There are methods of harvesting swordfish that reduce bycatch. Please see that they are implemented.
Cynthia	DiSanto	Port Saint Lucie	FL	There is no excuse to not avoid other important marine species.
				these are valuable creatures, not to be tossed aside as collateral damage to the primary catch

Michael	Flowers	Dunnellon	FL	These remarkable animals need to be left alone to live their lives to its long and safe journey. Please pass this on !!
David	Landskron	Winter Haven	FL	this is not fishing the right way
charles	wightman	islamorada	FL	time to better protect the Sorrdfish also. When I can buy Swordfish steaks in a local Winn Dixie grocery store in the Florida Keys for just \$8.99 a pound that tells me that the market is being flooded with product and needs to be further regulated to insure future stocks of Swordfish.
Barbara	Schwartz	Ocala	FL	Use common sense for the common good please.
Lynn	Miller	Ocala	FL	We are losing valuable fish due to shoddy fishing management.
Michael	Brezin	Tallahassee	FL	We can and should do better to protect whales, dolphins, and sea turtles from becoming bycatch!
Elizabeth	Horvath	Crawfordville	FL	we can do better - lets adopt these measures
Mary	Mobley	Live Oak	FL	We CAN do BETTER! Get it done!
Marilyn	Egan	Delray Beach	FL	We have a huge sport fishing catch and release program that supports our tourist economy in Florida. Please consider the serious nature and impact of your decisions. Thank you.
JULIE	WALTERS	miami beach	FL	We must act smarter to stop the destruction of many species in this stupid manner.
Tanya	Pierce	Eustis	FL	We must protect our oceans and maintain balance. Extinction due to fishing is irreversible!!
Benjamin	Joannou Jr	Pinecrest	FL	We must stop the wasteful practice of fishing that produces bycatch. This results in a practice that is destroying our planet's ecosystem. Once that ecosystem collapses, our civilization will collapse with it.
Deborah	London	Fort Lauderdale	FL	We need to do EVERYTHNG we can to prevent needless deaths and waste of our ocean life.
Bobbi	Segal	W.P. B.	FL	We need to start being more humane.
Maryann	Piccione	Holiday	FL	We need to start doing things humanely with more sensitivity
M	Royce	Lake Worth	FL	We really need to update how we do things from primitive to compassionate methods. Let's use our intelligence to do more good than harm to nature.
E	R	Pompano Beach	FL	well, reading this makes me a reflective consumer. I hope we aren't eating fish into extinction. We are a menacing species that seems to never let the rest of the animals sharing this planet with us, have any peace.

Kelle-Anne	Campbell	Boca Raton	FL	When technology gives us the chance to adopt a more humane approach to any enterprise, we should leap at the chance. Doing things the way we've always done them because that's the way we've always done them is no reason, especially when so much harm is being done to marine mammals.
Brita	Skarbrevik	Plantation	FL	When there is a better way to do things why not use it?
Deborah L	Born	Ocala	FL	Why does it take so long to effect changes that are beneficial to the planet? When we have new technology we need to make it available.
				Ya' know,NO ONE MUST EAT SWORDFISH ,NO ONE NEEDS TO EAT SWORDFISH. so fishing for this animal is actually UN NECESSARY and therefore is fished for profit only.those who choose to exploit this fishery are not given free rein to destroy other species of marine life in order to make a profit and must be cognoscente of the destruction they are causing these other species and must be made responsible and liable for wasteful practices.Those fisher people must be regulated closely and their methods dictated by law for the future of the fishery and the protection of all the other creatures they scoop up and call bycatch otherwise the fishery should be closed and swordfish declared non commercial and not allowed to be sold.
karol	klein	dade city	FL	
Laura	Raiman	Tucker	GA	Avoid the bycatch with deep-set buoy gear, please!
Ralph	Emerson	Athens	GA	Lest we forget, Noah's ark was full of flora and fauna, not people.
Lawrence	Wallen	Hinesville	GA	Make them do it right or not do it at all.
Beth	Severance	Covington	GA	Move to improve!
arleen	marsden	Douglasville	GA	Please consider moving forward on deep-set buoy gear to the next step from the current research phase.
Susan	Dzienius	Hoschton	GA	Please help. It's the right thing to do. Speak for those who have no voice. Thank You.
Drs Paul and Mary	Davidson	Sandy Springs	GA	Please let us conserve fish species by improving the care-ful methodology of how we fish and also the proactive APPLICATION of best methods! Oceans/fisheries = life sustaining for humans.
Jim	Day	Athens	GA	Please support the change to deep-set buoy gear for swordfish.
Benjamin	Lazar	Atlanta	GA	We must implement sustainable fishing practices of population collapse is imminent.
LISA	Manthey	TYRONE	GA	What would God say?

Jeanie	Kilgour	Kailua Kona	HI	As an avid diver - and marine creature lover, I am appalled at the destruction present swordfish fishing costs. Let's give this new method a try!
John	Naylor	Makawao	HI	Bycatch is NOT acceptable!!!
Teri	Skillman	Honolulu	HI	I live in the middle of the Pacific Ocean where I paddle and swim. I see first hand what the plastic pollution and fishing nets do to animal life. This has got to stop, for the sake of our planet and the health of our oceans.
debbie	kelly	pahoa	HI	More humans need to die
Lory	Ono	Kaneohe	HI	Please do whatever is necessary to end bycatch.
Avi	Okin	Kamuela	HI	Stop the bycatch now.
L.M.	Holmes	Honolulu	HI	These measures should be taken now. Sea creatures need all the help they can get.
JoAnn	Kalinowski	Pahoa	HI	Unlike the destruction of deep water trawling, deep-set buoy gear reduces by-catch and the loss of undesirable or endangered species. This should be the go-to method and not drift gill nets.
stephanie	curran	princeville	HI	We can no longer allow the accidental capture and injury or death of sea creatures because of our greed. This is the 21st century and different fishing gear is available. Stop the murder of innocent sea creatures!
Lesley	Patton	Kapa'au	HI	We need to take advantage of every possible improvement to our methods of harvesting the ocean, before we push and waste it to death.
Jesse	Bernhardt	Peosta	IA	Help prevent the use of gill nets and methods that produce excessive by catch
CS	Mitchell	Keokuk	IA	Let good science help us assure good fishing.
Karl	Armens	Iowa City	IA	No more bycatch!
Dave	Frank	Ankeny	IA	Protect the environment that all people depend on.
Thomas	Gardner	Ames	IA	This appears to be a solution in which everybody is a winner. Please help bring it about.
Alison	Wasielewski	Fairfield	IA	We have to protect our oceans and all creatures in it, to save ourselves!
Margo	Vanderhill	Alton	IA	With fisheries around the world in decline, we cannot waste the precious resources of our oceans. Bycatch should be reduced to prevent the loss of endangered and protected species, as well as any untargeted catch. Pillaging the ocean is destructive for both fishermen and the public as a whole.
Barbara	Chaffin	Ammon	ID	I am always amazed at the callous cruelty used in commercial fishing (among other fishing, hunting, and farming activities)
Jeff	Ruprecht	Twin Falls	ID	Please stop using drift gillnets.
Bob	Fitzgerald	Tetonia	ID	SAVE SWORDFISH...

Quinci	Rushford	Meridian	ID	You have a responsibility and absolutely should not turn a blind eye to this problem.
John	Ballo	Bensenville	IL	Are you looking forward to a dead planet - not me. Act!
Nate	Frey	Chicago	IL	Conservation is vital!
Kurt	Meyer	Coal Valley	IL	Drift gillnets should be deemed illegal for the careless devastation they cause in our oceans!
peter	Ayres	naperville	IL	Fewer and fewer of the large fish are present in our oceans. We need to make a good effort to harvest what is being sought, but not effect the others, and try to be diligent about what fish are harvested, so there are enough to sustain a steady supply.
Julie	Griffith	Saint Charles	IL	Help save what nature has given us
Linda	Bridenstine	Chicago	IL	How can people not get we are decimating the oceans and they will not be a food source at our rate of consumption. Stop being so stupid as a species!
				I love eating swordfish, but have stopped doing so because it is currently caught in a destructive way resulting in a lot of bycatch. Please switch to more eco-methods of catching swordfish so I can once again buy and feel good about eating them.
Janet	Rohde	Northbrook	IL	Thank you.
Linda	Gies	Chicago	IL	I won't eat swordfish until this action is taken.
Aaron	Turkewitz	Chicago	IL	I would myself be more than happy to pay more for swordfish, if it were captured in a way that minimized by-catch.
David	Margolis	Buffalo Grove	IL	I'm afraid that we are fishing the oceans dry. We need to be better stewards of our resources.
Kelly	Rauch	Chicago	IL	In order for humans to survive we must protect our oceans and lakes along with all the wildlife within them both.
Karla	Klueter	Carbondale	IL	It may be an inconvenience to fisherpeople to have to take the time to help save our by -catch of caught fish, but it is the right thing to do. The health and well being of our fish families is of life and death importance...for them, for all others, including ourselves. We have to be diligent and caring for our fish families...
Margaret	Friedenbach	Savanna	IL	Make changes needed to preserve the future of the oceans.
Joyce	Morimoto	Evanston	IL	Please fish in a manner that will NOT result in harmful, deadly, wasteful bycatch. Thank you.

suzanne	gaspar	zion	IL	PLEASE let's do something to help save our planet and its wild things.
Jody	Ashenhurst	Chicago	IL	Please stop the bycatch phenomenon. It's irresponsible.
Mary	Trybul	Tinley Park	IL	Please use this deep-set buoy gear to catch swordfish so the other species: whales, dolphins and turtles can go free.
Roberta	Freeman	Chicago	IL	Please!
John	Kavalunas	Village Of Lakewood	IL	Preserving ALL fish is good for everyone-- does not deplete species unnecessarily.
Paul	Crouser	Chatham	IL	Pressures continue to mount on ocean life. We must do all we can to protect ocean life.
Nada	Finn	Waukegan	IL	Reverence for life.
Suzanne	Seely	Libertyville	IL	Stop the bycatch.
Andy	McDonough	Libertyville	IL	Stop the madness! Please!
Alan	Langrall	Normal	IL	Thank you for correcting this in humane practice.
Arlene	Norris	Lisle	IL	There is a better way to do swordfish capture and harvesting with much less killing of other intended species ...this: so do it!
Jeffery	Biss	Elgin	IL	There's no reason to allow fishing as people do not need meat to sustain life or health.
Rachel	Krucoff	Chicago	IL	We have been talking and writing about this problem for years. There is no good reason why we have not yet acted to reduce bycatch Drift gillnets are inhumane and unnecessary.
steve	lyons	rockford	IL	We have to preserve our vanishing species. Both above and below the water
Sandra	Meyer	Rockford	IL	We need to do all we can to protect all sea life including the way swordfish are caught!
Cecelia	Samp	Schiller Park	IL	When there are methods to catch fish without killing other marine life it is the right way to go.
Mark	Hodie	Munster	IN	As other countries have proven time and time again that they don't care about protecting the ocean's creatures, the USA can and must take the lead in saving them. We cannot afford to wait and must take action to stop the outdated fishing methods that are causing so much damage to our fish and marine mammals.. We cannot afford to wait and must make sure that the fish and marine animals are protected from man-made harm. So many species are under threat and if nothing is done they could become extinct. Humans cause much of the damage, and so we must help to fix things. Please remember....Extinction is forever!!

Nancy	Newton	Bloomington	IN	Fulfil your responsibility and make the necessary changes to protect swordfish. We are stewards.
April	Markul	Schererville	IN	Heartless
Cherryl	Friedman	Noblesville	IN	I endorse the use of deep-set buoy gear as a cleaner way of catching swordfish!
Josephine	Salata	Mishawaka	IN	It's time to do the right thing and change the primary method of catching swordfish. Do not harm the bycatch.
J	Lukas	Greenwood	IN	Move away from drift gillnets!
mary	connors	Bloomington	IN	Please help sustain the ocean life.
Janice	Gigli	Gosport	IN	Please use the deep-set buoy gear and try to save the dolphins, whales and sea turtles!
nina	clausen	Rising Sun	IN	stop killing of swordfish
Marilyn	Berling	Indianapolis	IN	This issue related to unnecessary bycatch is way past time to be resolved! We thought drift gill nets were a thing of the past. What is the problem with fishermen? Lazy? Solve this unnecessary destruction of whales, dolphins and turtles. Right away!
Carol	Haddad	Michigan City	IN	Time to change the way by catch are caught!!!!
Peggy	Swingley	Spencer	IN	We have to change how we fish in the ocean or there will be nothing left to fish.
Gloria	Sharp	South Bend	IN	We need to make changes when we know that the way we have always done things is not working and in fact is harming other important (or even unimportant) living creatures. This is not 100 years ago. Changes need to be made. LETS DO THIS!
Kevin	Brown	Clarksville	IN	We should do the things we can do to minize bycatch that harms sea mammals and turtles.
DIXIE	SPRINGER	CHANDLER	IN	WHEN TRAGIES CAN BE PREVENTED, THERE IS NO EXCUSE TO NOT USE ANY METHOD THAT WOULD PREVENT ADDITIONAL INJURIES OR DEATHS
Richard	Boyden	Baldwin City	KS	I am a vegetarian so I an not interested to eat any kind of sea life, especially innocent by-catch.
sharon	parker	topeka	KS	protect sea life
Paula	Long	JUNCTION CITY	KS	We humans should do what we can to prevent needless pain.
Charles	Brumleve	Manhattan	KS	Why not try the deep-set buoy gear to catch swordfish? What do you have to loose!
Ardis	Moonlight	Louisville	KY	Change the way swordfish are caught so whales, dolphins and sea turtles are injured or killed by drift gillnets!
Glenna	Harris	Louisville	KY	Do not endanger our fellow creatures.

C	Ruder	Lexington	KY	How much do we need to lose before prudent and future-minded action is taken? Please change the way swordfish are caught in order to preserve both the fishermen's livelihood and the health of sea creatures. Bio-diversity is crucial. Thank you.
David	Collins	Louisville	KY	The best method is to quit catching swordfish, period!
Barbara	Clewett	Lexington	KY	Try this new method. It's cost-effective and ethical. We all thank you.
Cheryl	Cook	Lexington	KY	Why are the methods not updated? Not doing so is irresponsible, short-sighted, and just foolish. The future rests on innovations to preserve what the Earth has now, not wantonly destroy it!
patrick	percy	baton rouge	LA	Bless the beast and the children. For in this life, they have no voice. They have no choice.
Patrick	Judge	New Orleans	LA	Do it NOW!
Avis	Ogilvy	New Orleans	LA	I suppose the deep system costs more but, if the fish then sell for more, fishermen might actually make more money.
Deirdre	Newsom	Pride	LA	Please consider other methods of catching swordfish to avoid unintentional entrapment of other wildlife.
Janet	Livingston	New Orleans	LA	Please take aggressive action to take drift gillnets out of the equation.
LOLA	CUADRADO	NEW ORLEANS	LA	WE CAN DO BETTER.
Matthew	Genaze	Cambridge	MA	All species deserve respect regardless of their position on the food chain.
susan	foley	westfield	MA	Be humane, be smart, be progressive!
dick	patti	burlington	MA	change your methods now!
Lana	Israel	Great Barrington	MA	Enough unnecessary killing. Do the right thing, please.
aimee	mendes	north easton	MA	Especially in light of the current regime, all wildlife must be cherished and protected more than ever.
cathy	staniunas	northboro	MA	everyone should start going Vegan
Carolyn	Villanova	Pittsfield	MA	Have a heart.
Diana	Cartier	Chestnut Hill	MA	I feel strongly against the cruel waste of other sea life as bycatch, a technical term devoid of true description.
James	Vander Poel	Northborough	MA	I love swordfish, but if catching it means too much bycatch, I'll stop buying it until you put proper rules in place to eliminate that bycatch. You and the fishermen will listen when I vote with my wallet.
Robin	Schwarz	Rockport	MA	Imagine yourself caught in a net writhing for air. That's what whales and dolphin feel. These are mammals. Very smart mammals. Do not drown them. Do not hurt them. Respect them.

leslie	lamb	Lynn	MA	it is so important to change the way we fish for swordfish
James K	Hadcroft	Falmouth	MA	James K Hadcroft here. We must protect the Circle of Life.
Elisabeth	Carr-Jones	Arlington	MA	Life in the oceans is strong, but no invincible. Everything we can do to protect species viability and diversity matters.
Eugene	Brusin	Quincy	MA	Move to a better way for the swordfish.
Catherine	Crow	Ashland	MA	My husband loves swordfish, but I don't always feel good about buying it. This would really help!
Constance	Almy	Marblehead	MA	NO more bycatch. Clean this fishing up!
John	Nichols	East Orleans	MA	Not only change how to catch swordfish, to prtect other species, but cu the allowed number by half.
George	Gordon	Concord	MA	Or else we may have fewer ocean animals
Sybil	Schlesinger	Natick	MA	Please act now to protect our oceans.
kristin	kane	franklin	MA	Please consider a change.
NINI	BLOCH	Bedford	MA	Please do all you can to make catching swordfish free from accidental bycatch of whales, dolphins, and sea turtles.
Teresia	LaFleur	Sudbury	MA	Please do the right thing . This shouldn't even be a question.
Susan	Schwartz	Sturbridge	MA	Please pay attention & act with intelligence & integrity. Make the necessary changes to do way less harm. Thank you. Wishing you & yours blessings.
rebecca	tippens	Colrain	MA	Please!
doris s	hodgdon	framingham	MA	pls do the right thing
Richard	Correia	Ware	MA	Put the environment before greed
Carole	Smudin	Bridgewater	MA	Save the bycatch!!
barbara	mcgrath	Waltham	MA	swordfish are contaminated with mercury.so,why catch them at all?
Nancy	Carringer	Tyngsboro	MA	Thank you for considering these points.
Liza	Connelly	Brookline	MA	Thank you taking a moment to read my note. Please, please, please consider enacting these more humane methods. Thank you!
nancy	burger	Haverhill	MA	the cruelty is incredible
Christine	Chmielewski	Greenfield	MA	There are alternative ways - uses them!
Oliver	Deex	Longmeadow	MA	We can eat swordfish but we should not ruin the ocean ecology in doing so.
Inge	Knudson	Concord	MA	We have a sustainable alternative to catching swordfish. The time is now.
Donna	Scalcione	Marlborough	MA	We must protect other species. We have the ability...let's use it!
Kristin	Gray	Arlington	MA	We must protect our oceans and all that dwell in them. We need healthy oceans to survive.
Carol	Baker-Frett	Swansea	MA	We need this new technology

Brenda	Dumont	Great Barrington	MA	When is the human animal going to get our heads out of our a**es and realize we are single handily ruining the world in which we live??!!! Someday nothing else besides human animals will be alive so then we will start killing other humans for sport or greed or just for the fun of it!!! Sad just sad!!
HELEN	TAPLIN	NEWTON	MA	WHY WOULDN'T YOU? WHY COULDN'T YOU?! SHOULDN'T YOU! THANX!!! GRACIAS!
Kathleen	Vandiver	Lexington	MA	With the availability of technologies and sciences, we should avoid the harmful practices of yesteryear! Let's improve!
Pat	Parran	Baltimore	MD	Bycatch capture, injury or death of various unintended marine life--is reprehensible and inexcusable. Alternatives to destructive drift gillnets MUST BE USED!
eric	Nylen	Silver Spring	MD	Bycatch is very harmful so anything to reduce this trend would be worthwhile
Andrew	Sellman	Rockville	MD	'Collateral Damage' has now a different face: whales, dolphins, and turtles.
Kit	Mason	Silver Spring	MD	Gillnets destroy too much of the rest of the ecosystem. We need a different method for swordfish.
Linda	Pierce	Parkville	MD	I don't believe we should be catching threatened Swordfish at all. However, since we do, please implement these measures to eliminate by-catch and the unnecessary death of other species. Thank you.
Marc	Moshman	Silver Spring	MD	If we can eliminate bycatch, it's something we should invest in doing. It's important to 'do no harm.'
Eileen	Coffee	Aberdeen	MD	Less bi-catch, better quality of swordfish being caught, and higher prices at market should all be top reasons to advance deep-set buoy gear for fisheries and fisherman to adopt this gear when fishing for swordfish. And it will avoid killing whales, dolphins and sea turtles at the same time. We need to preserve our resources, not waste them!
Jill	Langford	Silver Spring	MD	Let's ban driftnets completely, they kill so much more than their intended targets.
David Jack	Kenny	Frederick	MD	Minimizing the damage done to marine ecosystems by bycatch should be a primary goal in the management of every fishery.

Steven	Hemstreet	Glenn Dale	MD	Once to many fish... are driven to extinction life as we know it will be gone, save and protect, fish sustainably.
Michael	Martin	Severn	MD	Please end the use of drift gillnets and long lines....there are much better options with less bycatch
Lise	Emond	Pasadena	MD	Please make the right decisions in helping our planet prosper and protect it's Pacific Ocean for the future of it's aquatic species.
Linda	Robbins	Rockville	MD	Please stop the bycatch carnage by doing the right thing and using ways to catch swordfish that don't harm other, endangered, marine animals.
Linda	Bridges	Abingdon	MD	STOP THIS INSANITY!!!!
Carolyn	Ricketts	Edgewater	MD	THERE IS NO GOOD EXCUSE FOR BYCATCH! WE KNOW OF THE EXTREME HARM IT CAUSES AND SHOULD HAVE BEEN ELIMINATED LONG AGO!
Laurie	Slatniske	New Windsor	MD	This is no different then catching tuna. Do it the right way
Aaron	Kornbluth	Silver Spring	MD	This is such a rare and wonderful opportunity. And it's an easy decision. Please change the way that we fish for swordfish so that people, swordfish, and other ocean animals can all share in the benefits.
Elke	Binder	Conowingo	MD	We have to get better and kinder.
Kelly	Allison	Berlin	MD	We need to include help to the fishermen here; training and subsidies to purchasing new gear. This is important, but don't ignore the business end. Get it to move forward by doing it right for all.
Maru W	Haines	Hagerstown	MD	When we have destroyed the flora & fauna of this planet, where do we get more, or another planet ?
Letitia	Evon	Dover Foxcroft	ME	Go with what's best for us all:DEEP-SET BUOY, Please xxx
William	Leavenworth	Searsmont	ME	I am a historical marine ecologist, specialized in the environmental history of the Northern New England littoral and near-shore ecosystem. The whole Swordfish catch was once taken within sight of the New England shore. That entire subrace of swordfish was virtually wiped out in the late 19th century, and has only recently begun to appear in the old fishing areas. The surface fishery takes the females out of the spawning population, while the longlines take the males. There should be no swordfish catching in American Atlantic waters for five to ten years. If we eat them before they rebuild their stocks, someone in this century will eat the last swordfish.

Wanda	Willey Halpin	Milbridge	ME	I don't eat fish/shellfish but I do hate causing unnecessary suffering to any animal (including the human variety).
Shirley	Hale	Lovell	ME	I love swordfish, but have stopped buying it until the use of drift gillnets is also stopped.
Lynn	Manley	North Berwick	ME	Please change from gillnets to deep-set buoy gear.
Betty	Lukich	Corinna	ME	Please help these valuable fish. Time to change the way we catch swordfish.
W Jean	Rohrer	Southwest Harbor	ME	Please stop the use of gillnets that trap endangered species.
James	Melloh	S Portland	ME	Please stop this wanton destruction of precious marine life
Julie	Ferneer	North Berwick	ME	Please take this step to stop unnecessary deaths of whales, dolphins, sea turtles, and other bycatch.
Russell	Wray	Hancock	ME	Please, take all steps possible to eliminate bycatch of any and all marine mammals and sea turtles. The injury or death of even one of these creatures is unacceptable! Put an end to this collateral damage NOW!!!!
Patrick	Pierce	Saco	ME	Protect these magnificent imperiled animals
John	Cotton	Brunswick	ME	The days of indiscriminate fishing are long gone, and bycatch has to be eliminated. Deep-set buoy gear will move that process along.
Vinnedge	Lawrence	West Baldwin	ME	Use of deep-set buoy gear for swordfish would eliminate environmentally harmful bycatch while resulting in a higher quality product.
Dennis & Susan	Kepner	York	ME	We can no longer afford to throw bycatch fish away or cause harm to whales dolphins and sea turtles!!! We must use fishing methods that protect the ocean creature from damage. We live on the Maine coast and know the value of the fishing industry, which if NOT made to change some of its practices will go away. The ocean is a great source of food, BUT it MUST be managed. Swordfish caught by deep-set buoy will help keep all fish safer and able to reproduce.
Ellen	Zimmerman	South Portland	ME	We need to address accidental bycatch.
mel	dickerson	tecumseh	MI	Best practices should prevail. So let's start doing it.
JoEllen	Rudolph	Petoskey	MI	Bycatch is a crime against all ocean species.. There are effective ways to reduce bycatch and they should be instituted AT ONCE!!
Carol	Fletcher	Ann Arbor	MI	Bycatch is a HUGE waste of other ocean animals.
Karen	Weir	Battle Creek	MI	Eliminate harmful bycatch.
richard	smith	melvindale	MI	got a conscience?

Coni	Barlow	Dansville	MI	I'm a scuba diver and to hear about the collateral damage done that can be prevented just makes me want to cry!
Sue	Reynolds	Farmington Hills	MI	It's time the entire meat/fishing industry eliminated all collateral damage. It's senseless slaughter.
JIM	WARZ	ALPHA	MI	MANKIND IS KING OF BEASTS, HIS BRUTALITY EXCEEDS THEIRS. If you regard animals as meaningless, you're a amoral Stone Age barbarian, not fit for. Do not hurt animals, we've hurt them enough; save their lives and preserve their habitats. DO IT NOW !
michael	wright	otisville	MI	Men love to kill. Even when NOT necessary.
sabrina	s	gwin	MI	no 'do overs' when they're gone they're gone!
Bern	Faulkner	Belleville	MI	Please help us!
Mary	Follis	Kalamazoo	MI	Please try this more humane method!
Liz	Bode	Grand Rapids	MI	Please work to eliminate the use of gillnets which result in bycatch in the swordfish fishing industry. Bycatch is unnecessary, preventable and must be ended to save whales, dolphins and sea turtles. There needs to be a better alternative to gillnets.
robert&mary	swain	grandrapids	MI	Preserve,conserve,&PROTECT our rare&precious planet !
Mark	Johnsen	Commerce Twp	MI	Prevent by catches, change methods
clark	crowe	Detroit	MI	protect our oceans,please.
Lynne	Van Ness	Traverse City	MI	Thank you for considering this humane maneuver!
Jackie	Collins	Edwardsburg	MI	The animals in our oceans must be protected. Please stop this wasteful practice of catching these fish.
Michael	Vogel	Brighton	MI	The bouy system should be mandatory
Michael	Raymond	Shelby Township	MI	This is getting serious. We need to protect what is left!
Richard	Sparkes	Grand Blanc	MI	We need to save as many species as we can while we still can. Thank you!
Bob	Railey	Marquette	MI	We need to use methods of harvesting that have no collateral damage--i.e., do not push other species to the brink of extinction.
Linda	Mulder	Northville	MI	Why do you want to kill everything else when you just want swordfish?
Tina	Harvey	Houghton Lake	MI	With all of the technical advances this is how we are still doing this?
Melissa	Warfield	Farmington	MN	How about using a gillnet or long line made to disintegrate within 12 hours of use. Thank you.
Dr. William 'Skip'	Dykoski	New Brighton	MN	Humans should practice humanity towards animals.

Sarah	Stahelin	Bemidji	MN	I am concerned in the preventable bycatch death of animals like sea turtles, whales and dolphins. Our animal co-inhabitants are already under so much stress from habitat loss, climate change, plastics in the ocean, etc. that we are OBLIGATED to use whatever means at our disposal to eliminate unnecessary death. The Deep-set buoy gear is one such means.
Claire	Todd	Richfield	MN	If there is a better way to catch the swordfish, that doesn't result in bycatch, why wouldn't you use it?
Linda	Herron	Duluth	MN	If there's a way to eliminate bycatch- and there is- we should use it.
Mary	Madeco-Smith	Little Falls	MN	In fact ditch catching them at all!
Florence	Sandok	Rochester	MN	Our fisheries are severely endangered now. WEe need to take important actions before it is too late.
Ann	Miller	Duluth	MN	Our oceans - and the lives they contain - are in trouble. We need to do everything we can to protect and save theses resources.
Cathy	Swanson	Inver Grove Hts	MN	Our oceans need our protection as much as we need the ocean
Diana	Cumming	Minneapolis	MN	Please stop the killing of sea mammals and sea turtles. Bycatch is a tidy word for the loss of these lives for no use and no reason.
Gina	Wood	Minneapolis	MN	Please take all available measures to be good stewards of all of the life in the ocean.
Kristi	Wilson	Excelsior	MN	Please!
kirsten	henefelt	duluth	MN	so tired of people destroying
Wendy	Moylan	Saint Paul	MN	There are better options. Why not use them?
Michael	Alexander	Saint Paul	MN	Thinking outside of the box, to change the way things are done, to protect the abused, is a sign of compassion, moral eptitude and love for our environment. Anything else is path to destruction.
Virginia	Dwyer	Saint Paul	MN	This is vial and needs to be stopped.
Joan	McGonigal Staska	Minneapolis	MN	This solution is too good to ignore! All wildlife is in jeopardy, including the creatures in our oceans!
Douglas	Rachko	Edina	MN	We must be good stewards of our natural resources, including animals.
Tamara	Johnson	Mound	MN	What ever happened to Good Sportsmanship.,
Jinger	Pulkrabek	Inver Grove Heights	MN	With our fisheries collapsing, we must find less destructive methods of fishing that limit bycatch.
Jacquelyn	Seigal	Chesterfield	MO	Act upon the research and do the right thing. Thank you.

Larry	Lambeth	Springfield	MO	Bycatch must be drastically reduced! Require fishing gear that does not result in bycatch. Bycatch is unacceptably destroying both forage fisheries and predator species. Swordfish deserve your action for better management practices and fishing methods.
James	Deshotels	Robertsville	MO	Deep-set buoy gear targets swordfish in cold, deep water during the day to avoid other sensitive species near the surface and produces a higher-quality product that can demand more than double the price of a swordfish caught with a drift gillnet or long line.
Kamia	Taylor	Preston	MO	For the US, which has abundant opportunities to otherwise produce food on land, there's absolutely NO EXCUSE for allowing fishermen to kill the oceans near us!!!
Darin	Tummons	Neosho	MO	Help god's creatures thrive and survive!
JoAnn	Hediger	Saint Louis	MO	How terrible to cause injury to whales, dolphins and sea turtles to swordfish when there is a better way. Please use the deep-set buoy gear and save whales, dolphins and sea turtles. Thank you sincerely.
Catherine	Bylinowski	Independence	MO	I am against bycatch that kills or injures other marine life. We need to be better stewards of our natural resources. Please change the way swordfish and other fish are caught immediately in order to stop the accidental capture, injury, and death of whales, dolphins, and sea turtles.
christine	harker	kirksville	MO	If we cannot eliminate the by catch of endangered and threatened cetaceans and reptiles, then we simply must END the swordfish trade altogether: dear Swordfish harvesters--your choice!

				In past legislation re: protection of wildlife, lands, waters and the species that live in our waters, your council has ruled against fish. Greed appears to have been your preference over protection of sea/water environments and the plentiful, and more importantly, the endangered species. Please begin to consider our national resources and require fishermen/their regulations to be changed. Your agency has the knowledge of deadly practices used in fishing. People can alter their behaviors. The millions of creatures have been adapting as best they can, but that is no longer acceptable and possible in all cases. Please use and apply the facts of the research and testing. Do the right thing for creatures and humans.
Rebecca	Nelson	Ballwin	MO	Thank you for your time and consideration.
Paulette	Zimmerman	St. Louis	MO	It is vital to protect precious and threatened marine species from destructive methods of fishing.
Stanley	Veyhl	Richmond Hts	MO	It's Time to Change the Way We Catch Swordfish
Martha	Jaegers	St. Louis	MO	Let's do things the best way for all of us.
mary	first	Chillicothe	MO	Lets protect the method of swordfish in the accidental capture & injury or death of whales, dolphins, & sea turtles.
Robbi	Courtaway	St Louis	MO	Please act now!
Richard	Shadwell	Warsaw	MO	We really need to take care of these marvelous creatures. Before they are all gone. Please help them.
Kate	Mabry	Vicksburg	MS	Please support and make it mandatory that Swordfish are caught using the deep-set buoy gear preferably in your Pacific Fisher Management Council meeting in June 2017. Thank you for caring about protecting all our marine resources, especially the innocent fatal bycatch species!
Margo	Salone	Shubuta	MS	Take care of life in the oceans of the world and Clean Up the Trash!! Thank you.
Gail and John	Richardson	Bozeman	MT	As divers and conservationists we recognize the importance of the biodiversity of our precious oceans. Bycatch is a serious problem for all kinds of ocean life and innovative attempts to limit it must be taken. Deep-set buoy gear to catch swordfish should replace gill netting or long lines.
Pat	Bowers	Polson	MT	OUTLAW SWORDFISH CATCHING ALTOGETHER!!!
Frank	Sennett	Lewistown	MT	Please require that fishing for swordfish does not endanger other sea creatures!
Toni	Patterson	Hamilton	MT	Please.

Ralph	Guay	Helena	MT	SOS...Save our fish. The horrible destruction and waste of marine life caused by bycatch has gone on too long. PLEASE bring fishing industries into an enlightened and smarter 21st century. PLEASE implement use of deep set buoy gear and any fishing method that will eliminate bycatch. Your mandate is to protect our ocean ecosystems and all marine life which is fast being depleted.
Kathryn	Posten	Rexford	MT	
mari	elvi	alexander mills	NC	Actually, it's time to stop fishing altogether, leave the caves and humanize our diet by eating plant-based foods.
Shoshana	Serxner-Merchant	Raleigh	NC	Any way to avoid by-catch should be used.
Donald	Harland	Candler	NC	Ban drift gillnets! Make the deep-set buoy the required option for swordfish fishing.
Ruth	Bauer	Hendersonville	NC	Deep-set buoy gear saves lives of other species and gives fishermen a higher-priced catch: sounds like a win-win to me.
				Deep-set buoy gear seems to be well worth using to catch swordfish without capturing, harming, or killing whales, dolphins, and sea turtles. I can not do the research and testing, but I rely on experts to give me the facts of what is best to catch swordfish. I am a retired public school speech pathologist and families relied on my expertise to help their children.
Hazel	Poolos	Richfield	NC	
JULIANNA	BENEFIELD	CARY	NC	Find a safer way to do this.. so that you are nit harming other sea creatures ...
Kermit R.	Davis	Hayesville	NC	In this critical juncture in history, we have to manage the oceans and fisheries in a responsible scientific manner. Please act in a proactive way to manage our remaining fisheries.
Jim	Thomas	Chapel Hill	NC	IT'S TIME TO CHANGE THE WAY WE CATCH SWORDFISH.
James	Thomas	Chapel Hill	NC	IT'S TIME TO CHANGE THE WAY WE CATCH SWORDFISH.
lynne	patton	east bend	NC	its time to use deep set buoy gear instead, and save the unnecessary harm to other creatures who are caught by mistake. thank you
Anthony	Madejczyk	Durham	NC	Let's stop wasting wildlife with sloppy by-catches.
John	La Stella	Charlotte	NC	make the changes now
Sara	Vernon	Burlington	NC	Mother Earth provides for us and we should make sure we respect her and every way possible.

				Our oceans are dying and we need to do everything possible to save our oceans and particularly our sea turtles, whales and dolphins. They are already stressed enough due to environmental issues which are largely out of control. Do we really need to add to their stress by helping commercial fishermen who don't apparently care about the destruction they're causing? Certainly there's a way for swordfish to be caught without destroying so many other lives!
Susan	Allen	Raleigh	NC	
Thomas	Monforte	Indian Trail	NC	PLEASE - move forward on using catching methods like this that avoid bycatch. Thank you!
James	Hoots	Germanton	NC	Please be responsible! Do what's right for people and animals.
Joe	Romano	Henrico	NC	PLEASE BE SENSATIVE TO OTHER SPECIES.
Anne	McLaughlin	Hot Springs	NC	Please move forward and spare this population of animals for now and the future
Sarah	Creech	Surf City	NC	Save the swordfish, dolphins, whales
Jean	Clark	Charlotte	NC	STOP THE FISHING!!!
C	Rising	Carrboro	NC	Thanks for doing the right thing.
Ronald	Clayton	ASHEBORO	NC	This is a better option for the fishing industry AND the environment.
				WE are the only ones who can make this world better by not causing the early and torturous death of swordfish and other unintentional deaths of these lovely creatures. Let's do something about it now by making safe catch methods the law for everyone.
Donna	Oliver	Gastonia	NC	Donna Oliver
Carolyn	Smith	Stoneville	NC	We must preserve every species by whatever means available.
Mark	Schmerling	Saluda	NC	We MUST reduce bycatch drastically!
Karen	Hodges	Charlotte	NC	We need to put our best science and technology to work to protect marine resources.
Lisa	DeVille	Mandaree	ND	Protect Gods creations!
Deborah	Davy	Fargo	ND	There is no excuse for killing whales, dolphins and turtles while fishing for any other fish. Let's do what's right, not what produces the highest profit!
Susan	Harrie	Grand Forks	ND	Unbearably cruel practice. It's way past the time this is changed.
				I have been privileged to see gray whales up close and to interact with these beautiful animals. They, and other bycatch, must be protected and the council can help by adopting innovative buoy gear.
Nancy	Roberts	Omaha	NE	
Heather	Potthoff	Omaha	NE	Other animals do not deserve to die
Jo ann	Foglia	Omaha	NE	Please put a stop to bycatch

				The technology is there and the protection of our oceans and everything living in them should be of the utmost importance. There is absolutely no reason that innocent victims in our oceans should die because driftnets or longlines are used when deep-set bouy gear is available. Do not allow whales, dolphins, turtles and other marine life to perish when there is another responsible option. Not only will our oceans be healthier, the fishermen will make a larger profit when swordfish are caught in colder waters.
Renae	McKeon	Kearney	NE	
Diane	Pease	Littleton	NH	BETTER YET! LEAVE THE FISH ALONE!
Chris	Anctil	North Hampton	NH	How's this not fixed yet? This has been available for decades and needs to be implemented...
Barbara	Mathews	Deerfield	NH	Protect whales, dolphins and sea turtles!
Penelope and Patrick	Eggleston	Amherst	NH	Protecting species should be a top priority.
Christine	Kuhlman	North Sutton	NH	there is an alternative--please don't destroy other beautiful species for the sake of the swordfish industry--both can survive
john	canepa	Warner	NH	This means of catching swordfish is untenable due to the by catch costs.
Sammia	Panciocco	Salem	NH	We need to stop killing and destroying and do everything to keep every living animal etc. before we kill it all and kill ourselves in the process!
Phyllis	Lau	Colonia	NJ	A new and proven better way to catch swordfish is available! Please order the use of this better, safer method! Thank you for doing everything possible to save our endangered and precious marine animals.
Dr. Eric	Davis	Highland Park	NJ	Are we going to destroy all fish in our oceans through foolish and short-sighted over fishing policies?
Karen	Krieger	East Brunswick	NJ	Bycatch is inexcusable especially when there are alternatives available.
Stuart	Strongin	Dover	NJ	Catching one species(swordfish) should not endanger other species. Support the use of deep-Set Buoy gear to catch swordfish.
Paul	Meyers	Denville	NJ	I strongly believe this to be a very important issue that must be addressed. Even though this message came from an organization that I respect and support, please be assured that I have read it entirely and agree with it. In fact, I could not have said it better.

				If people have to eat swordfish, then the industry has to be responsible not to injure or kill innocent bycatch that needs to be saved for the ocean's balance. Let's promote and use the alternative deep-set buoy gear. Before its too late for everything, let us all do what is right for this Planet.
Mary	Derstine	Kinnelon	NJ	
Brian	de Castro	South Orange	NJ	If we don't change our fishing methods, many important fish species will be lost for good.
				It is imperative that we learn the right way to advance our techniques without despoiling our heritage. Take this step.
Bruce	Neely	Butler	NJ	
robert	rieger	tabernacle	NJ	its time to protect our oceans
				It's time we got serious about how we manage our oceans so as to avoid the harmful practices of the past.
John	McDonald	Newark	NJ	
John	Gfrorer	Wenonah	NJ	Mans inhumanity to man is only surpassed by mans inhumanity to other living creatures!
Francisco	Dacosta	Willingboro	NJ	N/A
		Ridgefield		
Kathleen	Ferrara	Park	NJ	No, simply, no. Save the swordfish-
				Our seas are dying and your by catch is endangering species survival
Joan	St Claire	Galloway	NJ	
				PLEASE DON'T GRAB UP ALL THE OCEAN INHABITANTS; USE DEEP SET BOUY GEAR TO BE MORE SELECTIVE...IN FACT, STOP KILLING OCEAN CREATURES ALTOGETHER
siegrid	berman	washington	NJ	
Candace	Bassat	Beachwood	NJ	Please don't take more lives than necessary
Gail	Bolka	Hewitt	NJ	Please ELIMINATE all drift gillnets! Thank you!
Marvin	Feil	Newton	NJ	Reducing bycatch would be a good thing.
				Save the lives of all the bycatch. Stop wasting lives. Use the deep-set buoy gear for swordfish.
A	Rossner	Summit	NJ	
		New		
Winifred	Johanson	Providence	NJ	Stop the killing of other species when catching swordfish. Thanks.
		CAPE MAY		
Angela	Plagge	COURT		
		HOUSE	NJ	Stop this right away!
		Monroe		
Eddie	Konczal	Township	NJ	Thank you for considering my comments on this important matter.
		PHILLIPSBUR		
JON	ROWLAND	G	NJ	THX
		Carneys		
Jane	Bonkoski	Point	NJ	Time to use the deep-set buoy gear NOW.
				We all must learn to be more protective of our resources!
Jo Ann	McGreevy	North Bergen	NJ	
				We can't endanger so many species for the convenience of one....Man.
STEPH	VESEY	KEANSBURG	NJ	
Louis C	Harris Jr	Cherry Hill	NJ	We must become more careful. We must.

Gina	Megay	Mantua	NJ	We must use existing methods of avoiding by catch. A diverse marine environment is necessary for a healthy, sustainable food supply
Andrea	Bonette	Hopewell	NJ	We need to do everything we can to protect ocean species before it is too late. The populations of just about everything, starting with tiny corals, is steadily shrinking.
jean	publieee	flemington	NJ	we need to preserve and protect these species. stop the wholesale killing and murder
Arthur	Gilroy	wharton	NJ	While there is almost always a better way, when you know you are doing something wrong you need to stop. Let us take this time to stop, think and design a better way for now.
Paul	Kimmins	Shrewsbury	NJ	Why not take progressive steps tp save us from excess fishing.
Sharon	Rothe	Morris Plains	NJ	You're supposed to protect marine life not harm it.
Mark	Gall	Santa Fe	NM	As fishing for swordfish is not necessary for survival in North America, there is no reason to NOT take these precautions.
L.L.	Wilkinson	Taos	NM	Bycatch is another word for death. Should be illegal.
mary	co	abq	NM	For harvesting swordfish, please ensure the use of deep-set buoy gear. It would provide an innovative way to catch swordfish that benefits fishermen without the harmful bycatch of whales, dolphins, and sea turtles. Thank you.
Valissa	Taggart	Clovis	NM	Hence bycatch needs to continue because...? Please change the way we catch swordfish!!!
Tony	Greiner	Albuquerque	NM	I have worked in the fishing industry and saw first hand the declines in catch size and weight. Please do everything you can to support strong and healthy ocean ecosystems and US fishing industry.
Russella	Serna	SANTA FE	NM	I want the harmful bycatch and injury of whales, dolphins, and sea turtles to end. Please change the way we catch swordfish. Thank you.
Monica	Steensma	Santa Fe	NM	Ocean biodiversity is CRITICAL for long-term sustainability of its ecosystems, & for our future survivability -- protect non-target fish & marine mammals from irresponsible & lethal fishing methods, for Swordfish & all other food species!!!!!!!!!!
Jan	McCreary	Silver City	NM	PLEASE get rid of gillnets!!!
Corinne	Case	Hurley	NM	Please stop harming our oceans.
Kathryn	Kaffer	Gallup	NM	Please stop the collateral damage of the seas.
Pamela	canyonrivers	Pecos	NM	Take this seriously and make necessary changes!
J R	Checchia	Arroyo Seco	NM	We must be caretakers not just takers.

Jacqueline	Pereira	Placitas	NM	We need to be the stewards of our ocean.
Pat	Duncan	Los lunas	NM	We need to protect the whales.
David	scott	Las Vegas	NV	Go vegan!!!!
Sharon	Seremeta	Las Vegas	NV	If WE do not speak up for stopping the unnecessary slaughter of these magnificent sea creatures, who will? WE MUST!
Karen	Winters	Minden	NV	It's time to recognize we share this world with a plethora of beings that make this world liveable for all beings, including us. Be smart about how they are treated!
Keith	Augusto	Las Vegas	NV	It's time to STOP poisoning our already acidified oceans and protect its future health and abundance. Thanx Keith
JoAnn	Thompson	Reno	NV	Please find a better way.
Jon	Becker	North Las Vegas	NV	Stop destroying our fish and oceans.
Jean	Perry-Jones	Las Vegas	NV	Stop the bycatch waste in our oceans.
Thelma	Matlin	Reno	NV	There has got to be a better way to fish for swordfish that doesn't harm other sea creatures.
Jon	Angarola	Las Vegas	NV	This practice is archaic and cruel - please update the standards to respect the environment.
Jean	Morse	Reno	NV	While our family has 3 generations of divers, we are not alone in our concern for the health of our oceans and the life they sustain on our planet. Follow the science! Protect our sea life, our oceans, our planet, and our own lives.
Howard	Booth	Boulder City	NV	With gillnets becoming less and less acceptable in the swordfish fishery due to destructive by catch, and with researched deep-set buoy gear now ready for active replacement, I feel the Pacific Fishery Management Council should make the newly researched method standard practice.
Denise	Martini	Las Vegas	NV	Your response is welcome.
Judith	Weis	New York	NY	As a marine biologist and member of the ecosystems advisory panel of the MAFMC I am very concerned about ecological damage of by-catch.
Kathleen	Lovell	Auburn	NY	As we find out better ways to do things, we need to step into the future and keep from killing other species.
N.	Dumser	Northport	NY	Avoid injuring and killing sealife when fishing for swordfish.
Brian	Truax	Forestport	NY	Current methods of catching swordfish need to change to eliminate the unnecessary waste of bycatch.

				Deep-set buoy gear targets swordfish in cold, deep water during the day to avoid other sensitive species near the surface and produces a higher-quality product that can demand more than double the price of a swordfish caught with a drift gillnet or long line.
Jean	Naples	Suffern	NY	
douglas	nemeth	syosset	NY	Do the right thing
Paul	Petrucelli	Coram	NY	Do the right thing for these creatures!
Alan	McKnight	Willow	NY	Drift gillnets and long lines are wasteful and lead to overfishing of the resource,
Scott	Draper	Armonk	NY	Easier is not necessarily better. Let's eliminate the by catch
Deirdre	Rylander	Yonkers	NY	End drift gill net & long line methods of fishing for swordfish now!
David	Lowe	New York	NY	extinction is final
Bruce	Cohen	Nanuet	NY	Fish are way more important than the people who eat them. Make gill nets illegal.
marcy	moyer	bronx	NY	gillnets are horrendous. and now obsolete. please. please get rid of them
M	Ericson	white plains	NY	HOW CRUEL, INDECENT AND DISGRACEFUL WITH INDIFFERENT WAY WE TREAT LIVING CREATURES. CRUELTY IS ON THE RISE AND WE ARE IN DEEP TROUBLE!
Gerald	Kline	New York	NY	I do not eat swordfish and tell all my friends to consider doing the same.
Eileen	Graves	New Paltz	NY	It is irresponsible to allow the use of drift gillnets or long lines to hunt for swordfish. It causes the accidental capture and injury and death of whales, dolphins and sea turtles.
Eileen	de Ravin	Brooklyn	NY	It is time to end all drift nets, the ghost killers of the oceans!
Arden	Down	New York	NY	It is wrong to harm dolphins, whales and other fish life during the capture of swordfish
gloria	klein	new york	NY	It's time to go back to pole fishing and the would be less by catch and more fish to eat.
David	Boehm	New York	NY	It's time to modernize!
Peter	DePasquale	Brooklyn	NY	It's time to take definitive action against bycatch.
Alex	Orlov	New York	NY	just do not catch
del	ericson	n collins	NY	Limit drift gillnets
Edythe Ann	Quinn	Unadilla	NY	Move this innovative gear to implementation and protect whales, dolphins and sea turtles as a bonus. Thank you.
John	Prybylski	Buffalo	NY	NO MORE DRIFT NETS/LONG LINES....YOUR KILLING OUR OCEANS...!!!!!!!!!!!! SAVE OUR PLANET NOW...!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Dan	Grassi	Binghamton	NY	Now is the time in the 21st Century to move forward and use innovative deep-set buoy gear to capture swordfish. Please implement this change that spares the harmful bycatch of other sea creatures in the Pacific Ocean. Thank you for your thoughtful consideration.
Matthew	Van Brocklin	Harrisville	NY	Our natural resources are a big reason why we are rich as a nation. As those that represent the American People, The best science and practices should be used to protect our vital natural resources. It is the only intelligent way forward.
Leslie	Lund	New York	NY	Our ocean brothers and sisters need our help now. Destructive fishing techniques that result in the deaths of oceans mammals and turtles are not acceptable and must stop now!
Naomi	Zurcher	Brooklyn	NY	Our Ocean habitats are being decimated by pollution and ill-informed fishing procedures. Gill net fishing is so destructive this strategy for catching certain fish must be rethought if we are going to have an Ocean that can actually support life. The clock is running and we are running out of time so it's time for all decision makers to put on their REALITY HAT and do something to protect and save our Oceans.
Ken	Rosenblad	Brooklyn	NY	Please act to protect whales, dolphins and sea turtles from an accidental by catch fate!
Barak	Zimmerman	New York	NY	Please act to reduce bycatch and stop the needless depopulation of our embattled oceans.
Donna	Kalil	Larchmont	NY	Please be humane. Fish the right way.
rosemarie	santiesteban	new york	NY	Please begin using the new deep set nets. We can prevent harm and bicatch and preserve species from being unnecessarily harmed.
Arrie	Hammel	Niagara Falls	NY	Please change this process.
margaret	mora	spring valley	NY	Please heed this request...Thanks...
Dr Harry and Patricia C.	Schwarzlander	Syracuse	NY	Please protect the creatures who are wounded or killed by changing to the use of deep-set buoy gear!
Ines	Nedelcovic	Rego Park	NY	Please stop using drift gillnets, there is a better way to catch fish.
Mary	Bentivegno	Middle Island	NY	Please try to save the swordfish. .They mite get extinct and they re a very pretty fish.
Edith	Fried	New York	NY	Please!
Barbara	Appelbaum	New York	NY	Preserving all kinds of existing fish is vital for mankind.
Thadeus	Dziekonski	Hamburg	NY	Protect our oceans.
Josh	Heffron	NYC	NY	Save The SwordFish

Rachel	Berg	New York	NY	Someone has got to start caring about the way fish and other ocean dwelling beings are treated. They deserve caring, humane treatment- even if they end up as food for humans.
Candace	Klein-Loetterle	Brooklyn	NY	Stop hurting our whales and dolphins, sea turtles etc... Maybe stop killing the swordfish as well. Thank you.
Peter	Sweeny	Pleasantville	NY	Stop the deadly by-catch of the swordfish industry.
Amy	Harlib	New York	NY	STOP THE INSANELY WASTEFUL BYCATCH!
Lisa	Ramaci	NYC	NY	Stop this incidental killing!
Fran	Smyth	New York	NY	such marvelous creatures
Kathleen	Jacobsen	Youngstown	NY	Thank you for reading my message.
Michele	Paxson	East meadow	NY	Thank you for reading my petition
Melissa	Paige	New York	NY	Thank you for your attention and action on this important matter.
David	Klass	New York	NY	Thank you for your immediate attention and cooperation in this urgent conservation matter.
Carol and Barry	Meehan	Wappingers Falls	NY	The amount of by-catch is disgraceful and disastrous for ocean health.
Edna	Litten	Altamont	NY	The death of whales, dolphins, and sea turtles as bycatch in the swordfish fishery has gone on far too long. Now deep-sea buoy gear has been demonstrated to prevent this disastrous bycatch while providing higher quality swordfish. This innovative gear should be made available for commercial use at the soonest possible time.
Nivo	Rovedo	Lagrangeville	NY	The food we take from the ocean must be carefully managed so it continues to feed the world.
Caroline	Thomas	New York	NY	The name itself 'bycatch' is typical of the selfish, cynical attitude of the commercial killing of sea animals to benefit human animals. These are living beings that are senselessly destroyed. Get the gear and stop this murderous practice which further depopulates our seas, already under siege of massive pollution...
Michael	Zuber	Binghamton	NY	The ocean is a finite resource.
Robert H.	Feuchter	Jamaica Estates	NY	The world cannot continue to feed itself if we continue to raise animals for food and drain the seas.
Ronald	Lemmert	Peekskill	NY	There is no excuse for this bycatch. Go back to using a rod and reel, and catch only what you are fishing for. Leave the whales, dolphins and turtles alone.
Matt	Stedman	Montauk	NY	These methods are archaic, selfish and poorly designed. You can do better and protection of unintended species should be prioritized!

Joanne	Luongo	Red Hook	NY	This method of catching swordfish is very concerning. Please adopt sustainable and ethical methods of catching these fish, which I boycott due to these practices.
Elin	Defrin	Amenia	NY	This should not be done.
RS	Pierrepoint	Locust Valley	NY	Time to start being smart about managing salt water fisheries and fishing techniques!
ELIZABETH	ROOT	TRUMANSBU RG	NY	Too many endangered and treasured species are being sacrificed by gillnets. Deep-set buoy gear spares these animals. And everyone wins.
				Un-sustainable and destructive fisheries practices must be ended if our oceans and their ecosystems/creatures are to survive. Long-lines, destructive nets, fry-killing methods, killing food fish for other species, killing fry for fertilizer and supplements and lax enforcement of foreign fleets must be stopped! In addition spawning grounds and nursery areas of vast dimensions must be established and protected to rebuild threatened stocks of all species. Pollution of bays and estuaries by land-based farming factory animal operations must also be stopped. What is our future if all we seem to care about are profits above all else? Act now to build a sustainable future!
Vic	Tiship	Putnam Valley	NY	
Gail	DeSavio	Hamden	NY	Waste and useless killing is not tolerable.....
Beverly	Bullock	New York	NY	We eat a lot of swordfish but will stop until humane fishing practices are adopted.
Katherine	Denison	Rochester	NY	We must be better in protecting precious species on the land and in the sea. This is your duty to the future.
Susan	Baxt	Island Park	NY	We were on vacation and saw the charter boats coming back with hundreds of swordfish, it was ghastly. Please stop this wasteful practice.
Laura	Thurner	Honeoye Falls	NY	Whales, dolphins and sea turtles deserve our protection. No more bycatch!
Kathy	Alter	Munnsville	NY	Why do you catch them at all??
Beth	Carr	Stafford	NY	Without healthy sustainable oceans we don't have a healthy sustainable planet. Let's get this right!
Valerie	Rounds- Atkinson	Endicott	NY	Years of research and testing have shown that deep-set buoy gear would provide an innovative way to catch swordfish that is valuable to fishermen without the harmful bycatch.
Sylvia	Rodriguez	New York	NY	You can make a change for the good. Why not? It's only sensible.

Gary	Jeffers	Liberty Township	OH	Any method that helps to reduce or eliminate the unintended harm to our ever dwindling marine life is a method worth exploring. This so called bycatch results in dead and wasted marine life and dead is dead.
Sandy	Kucinski	Toledo	OH	BOTH POPES HAVE DECLARED ANIMAL ABUSE AND CRUELTY NEW SINS FOR TODAY. THESE FISH ARE ANIMALS IN ACCORD WITH OUR CREATOR AND NEED TO BE PROTECTED.
Sandra	Cobb	Moreland Hills	OH	Don't kill whales while trying to catch swordfish. You can do better.
Sher	Pullen	Columbus	OH	Let's avoid the by catch of cogent mammals and sharks, b y giving the a 2 year trial run
Sara	Pandolfi	Oberlin	OH	Let's do this right.
Ben	Grego	Columbus	OH	Please do what's right for this sea life!!!
Emma	Shook	University Hts	OH	Please protect bycatch species and update fishing methods!
Janet	Hofmann	Sunbury	OH	Please replace destructive drift gill nets with deep-set buoy gear and protect whales, dolphins and turtles.
Dave and Cyndy	Wampler	Faitborn	OH	Please use your power to protect the sea's wildlife while we still can and quit using the destructive drift gillnets.
Chris	cramer	McArthur	OH	Please, do the right thing!
Sally	Newman	Northfield	OH	Stop killing whales, dolphins and turtles and whatever else as bycatch!!
Gayle	Schuett	Powell	OH	Thank you for your consideration of this important matter.
Jacquelyn	Fay	Copley	OH	The ocean is in a crisis situation right now with overfishing and demands on certain fish so it behooves all of us to do what's best the maintain sustainability.
r	penn	columbus	OH	Will not eat swordfish until catching tactics change.
DRJA	Stewart	Tulsa	OK	Folks are by and large willing to pay for eco-wise higher quality
Marla	Bradley	Broken Arrow	OK	Please adopt the deep-set buoy gear. Thanks for considering my comments.
Carlee	Singh	Owasso	OK	The oceans are collapsing and predicted to be fish-less by 2050. This is reprehensible and guarantees a mass extinction event. Please, protect all creatures in our oceans from Homo sapiens.
Neil	Fisher	Tulsa	OK	We must do better at reducing bycatch and stop destroying our fisheries.
h.m.	sustaita	eugene	OR	All of the swordfish left in the world are not even adults. How about not fishing for them at all?
Danny	Dyche	Hillsboro	OR	Any threat to biodiversity is unacceptable.

Terry	Jess	Albany	OR	As iterated Off the West Coast, the primary method of catching swordfish results in the accidental capture and injury or death of whales, dolphins, and sea turtles, also known as bycatch. Save our precious resources.
John	Brennan	Portland	OR	Because, in part, of bycatch, I choose not to eat swordfish. Please take actions to keep bycatch to a minimum.
Ken	Sexton	Salem	OR	Catch swordfish in sustainable ways that reduce bycatch.
Ann	Watters RPE,BCPP	Salem	OR	Change now
Patricia	Barry	Bandon	OR	Collateral damage is as unacceptable for animals as with humans.
Diana & Darryl	Boom	Lake Oswego	OR	Do this for this and future generations
Patricia	Ferguson	Medford	OR	Do this now!
Susan	Upton	Portland	OR	Drift gillnets are unconscionable.
Carol	Ampel	Medford	OR	Driftnets really are anathema to the sustainability of our ocean fisheries. This would be a win-win and I urge you to establish this alternative's availability.
Ed	Loosli	Portland	OR	Establish deep-set buoy gear as the only legal way to catch swordfish.
Jeanie	Ogden	Sisters	OR	Fishers must respect the sea and all of its inhabitants and fish responsibly.
Susanna	Askins	Portland	OR	Get rid of those gill nets once and for all!
Lesley	Laing	McMinnville	OR	Have you watched whales and dolphins play? If you have you will agree they must be protected while also enabling fishermen to fish sustainably.
Lary	McKee	Gervais	OR	I agree with this petition
Fred	Ingram	portland	OR	I believe we have an obligation to incorporate updated tools and technology in the fishing industry to make less of an impact on the natural world we so completely depend on.
charles	ciecko	gresham	OR	I support the proposed changes to deep set buoys for swordfish. It is imperative that this fishery be more sustainable by reducing bycatch of marine mammals. Thank you. Charles Ciecko
Theresa	Tyler	BROOKINGS	OR	If the ocean is to be 'sustainable' then the horrors of the bycatch must be addressed. Require gear that puts an end to this horror.
Bobbee	Murr	Portland	OR	Industrial-scale fishing is wiping out marine species to extinction.

Melissa	Hathaway	Gresham	OR	It is cruel and wasteful to fish for swordfish this way.
Michael	Gray	Portland	OR	It is time to take responsibility and change our actions.
David	Coffin	Brookings	OR	It's time to stop the carelessness!
Jan and Larry	Slobin	Portland	OR	Let's end the brutal use of glints ASAP!
Frances	Greenlee	Bend	OR	Let's not be predators of unintended catches when there is a way to avoid it.
John	Morris	Nehalem	OR	Make the necessary changes in fishing practices to protect turtles before it's too late.
Cynthia	Laughery	Eagle Point	OR	Makes no sense to deplete species when safe methods are easily available.
M.	W.	Brookings	OR	Managing fisheries by stopping the slaughter. I'm vegan. You? I manage fisheries pretty well.
Belinda	Dodd	Eugene	OR	NO destructive drift gillnets !
Barbara	Arlen	Corvallis	OR	Please change the ways to catch Swordfish, primarily to help save the other species in the ocean.
Debra	Duquette	Portland	OR	Please preserve life whenever possible.
Paula	Eppler	Happy Valley	OR	Please set your agenda to advance the use of the fishing gear that will reduce the waste of bycatch and result in better products for the fishermen themselves
Anna	Becker	Hillsboro	OR	Please stop using drift gillnets as they kill so many other marine animals and there exists much better methods like the deep-set buoy that produces much better quality of product AND greater profit for our fishermen.
Katie	Shultz Walker	Portland	OR	Please we have to speak for them!
patricia	carcasses	Portland	OR	Please, we must be more mindful of the manner in which we fish. The health of the oceans and it's inhabitants is paramount otherwise, as they oceans go, so do we...
Dianne	Ensign	Portland	OR	Protecting the environment is my highest priority, and I care about the health of the oceans and the diversity of life they support.
roy	adsit	Portland	OR	reduce 'by catch'
Richard	Gorringe	Portland	OR	Research and testing have shown that deep-set buoy gear would provide an innovative way to catch swordfish that is valuable to fishermen without the harmful bycatch.
Wendy	Rundel	Ashland	OR	stop cruelty
Laura	Hanks	Milwaukie	OR	Stop overfishing now!
Mary Anne	Joyce	Portland	OR	Sword fish are endangered
m. lee	zucker	Eugene	OR	Thank you!
Barry	Oaks	Eugene	OR	There has to be a better way that does not threaten whales and dolphins.

Tasia	Gehrman	Milwaukie	OR	There needs to be a more sustainable way.
Rita	Castillo	Springfield	OR	This needs to be corrected! Please act!
Michael	McKeag	Mosier	OR	This solution sounds like a win, win, win, for sea life, for fishermen, for consumers.
James	Findley	Portland	OR	This technique makes sense of the often senseless waste of countless sea creatures through bycatch. For the continued fecundity of our fisheries we need to fish smarter!
Gerald	Lorenz	Salem	OR	This way of fishing is terrible, it musst change.
Frank	Glass	Albany	OR	We *must* be more intelligent in the way we manage the oceans, and thus in the way we fish. We can no longer afford the indiscriminate killing of sea life.
Mary	Peterson	Newport	OR	Thank you.
Rodney	Whisenhunt	Roseburg	OR	We can do better.
Catherine	Dishion	Corbett	OR	We can no longer allow gill net fishing, it is simply too destructive to the ecology of the ocean to drift nets that catch thousands of unwanted and unnecessary fish and mammals. The desimation of numerous species as bycatch that just happen to be in an area that the nets are in is unconscionable and wholly unsustainable.
James	Tyree II	Portland	OR	We must be more careful with our marine life. We all need a healthy ocean.
Susan	Haywood	Portland	OR	We must minimize by catch and catch in sustainable ways always !
GINA	BILWIN	BEND	OR	We must protect all life on Earth as conditions for survival are becoming more difficult.
Michelle	Robinson	Portland	OR	WE MUST PROTECT OUR WILDLIFE IN THE SEAS AND ON LAND. BY CATCH IN THE SEAS IS UNCONSCIONABLE SLAUGHTER. GILL NETS MUST BE STOPPED. COMPLETELY. NOW.
Bonnie	New	Hood River	OR	GILL NETS MUST BE STOPPED. COMPLETELY. NOW.
r	c	Ashland	OR	We must protect them!!
William	Brown	Portland	OR	We should be ashamed of and work to end ALL unintended bycatch. And whales, dolphins, and turtles in particular!
				When fishing for a particular fish, there should be no bycatch! This harmful, and wasteful practice is dangerous and avoidable. We must not endanger endless other species with accidental captures.
				You know what is right, now make it into law.

Martha	Thomae	Uwchland	PA	All species are needed to ensure the continuance of the ocean as a reliable food source. Fishermen no longer have the luxury of killing and discarding other sea-living creatures as unwanted by-catch. All belong and all are necessary for life in the ocean.
Walter	Mayer	Reading	PA	As a former resident of Washington State, I believe we must protect the Pacific and it's marine life.
Hal	Brundage	Kennett Square	PA	As a practicing fisheries biologist, I am very concerned about bycatch mortality in our commercial fisheries. I strongly support the adoption of new technologies and approaches to minimize bycatch while maintaining the target fisheries. I strongly urge you to support the initiative to operationally advance the deep-set buoy technique.
Catherine	Young	Stroudsburg	PA	Bycatch are unacceptable and this practice is long past due for change. Please utilize deep-set buoy gear which has been researched and tested.
Roberto	Pace	Philadelphia	PA	Bycatch is unacceptable.
Christina	Stanton	East Lansdowne	PA	Careless practices catching fish only ruins things for everyone in the future. True fishers know that.
April	Silverman	New Hope	PA	Compassion instead of greed and ignorance!
Eileen M	Schmitt	Newtown	PA	Do unto others.....
Marilyn	Head	Hatboro	PA	Fish are sentient beings!
Pamela	Jensen	Wayne	PA	For a healthy ocean - and continued productivity of the ocean - it is essential to eliminate by-catch.
Sharon	Narushoff	Hanover	PA	Get real!
David	Clemens	Milton	PA	Gillnets MUST GO NOW. Bycatch is sinful and disgraceful and you know it. As usual...it is ALL about the money. Deep set buoy gear must be required.
Anne	Golub	Levittown	PA	Gillnets should be banned. If it's not pollution and global warming killing marine life, it's these horrible nets.
Karen	Kirchdoerfer	Orefield	PA	If the industry refuses to use better methods, then it should not exist.
Christopher	Tobias	Pittsburgh	PA	If there's a safer, more efficient way to catch swordfish without collateral damage, then it makes sense to adopt it.
David	Fiedler	Bensalem	PA	if we don't soon begin taking decisive action on sustainable fish populations species collapse will result.
Bonnie	Nickle	West Chester	PA	If you can prevent harm then do it
Richard	Alloway	Philadelphia	PA	It is time to step up for our PLANET and the creatures in it!!!

Patricia	Kraus	Plymouth Meeting	PA	Keep the balance of Nature by eliminating by catch.
Jayne	Hiltman	Phila	PA	LEAVE THE FISH ALONE- BE VEGAN
Dorothea	Leicher	Columbia Cross Roads	PA	My husband and I are cruisers so the health of the oceans is personally important to us. Additionally my husband's family had a number of fishermen who first-hand experienced the decline of their livelihoods because of overfishing or mismanagement such as indifference to by-catch. the oceans are a critical biological and food source and we have stressed them to the hilt. I am a mother and grandmother and want my (grand)children to still be able to rely on these irreplaceable resources. Don't waste marine life!
Barbara	Hegedus	Parkesburg	PA	NO BYCATCH! DEVESTATING GILLNETS ARE SLAUGHTERING FAR TOO MANY OCEAN CREATURES. THERE ARE ALTERNATIVES, AND FISHING BOATS SHOULD BE MANDATED TO USE THEM - AND SAVE COUNTLESS HELPLESS LIVES.
Carlos	Alfon	Allentown	PA	Off the West Coast, the primary method of catching swordfish results in the accidental capture and injury or death of whales, dolphins, and sea turtles, also known as bycatch.
Linda	Addis	Hermitage	PA	Years of research and testing have shown that deep-set buoy gear would provide an innovative way to catch swordfish that is valuable to fishermen without the harmful bycatch.
Deane	Lavender	Cranberry Twp.	PA	Please be responsible.
Paul	Palla	Greencastle	PA	Please consider the proposed change involving deep-set buoys.
Felicia	Lewis	PHILADELPHIA	PA	PLEASE DON'T LET HUMANITY'S STUPIDITY AND GREED KILL OFF ANY MORE SPECIES!!
Larry	Trout	Havertown	PA	Please help end the tragic bycatch of sea turtles and marine mammals!
Rosemary	delPino	Baden	PA	PLEASE HELP!
Marie	D'Amore	Philadelphia	PA	Please protect the animals that are accidentally captured while catching swordfish. There is a solution so please take advantage of it. Thank you.
Tammy	Nogles	Philadelphia	PA	Please stop this practice - it is so unfair!
Francine	Cohen	Havertown	PA	Protect our oceans and innocent living beings from harmful gillnets! Only capture what you're hunting for and protect our ocean lives instead of wrecking havoc. We are all connected and need the oceans for survival.
				Save some for our children!

Judith	Mueller	York	PA	Stop the wasteful, in humane practice. There's a better way, and the oceans will be healthier for it.
				The Pacific Fishery Management Council has the opportunity to advance this gear beyond the research phase so that it can be made available as an alternative to the destructive drift gillnets used today. Deep-set buoy gear targets swordfish in cold, deep water during the day to avoid other sensitive species near the surface and produces a higher-quality product that can demand more than double the price of a swordfish caught with a drift gillnet or long line.
Mary Ann	Leitch	Phila	PA	
Serena	Van Buskirk	Pittsburgh	PA	This is a great idea, a win-win proposal!
Thomas	Mc Clellan	Lafayette Hill	PA	Time to take activity in the oceans seriously. Thank you.
Sarah	Caspar	Downingtow n	PA	Using the deep set buoys noot only protects whales but improves your swordfish catch.
Susan	Misa	Biglerville	PA	We are killing more sea turtles, dolphins and whale because of the fishing nets they use. They need to change their ways and not kill other sea live just to catch one type of fish, in this case the swordfish.
James	Murphy	Havertown	PA	We can do better!
Margie	Hall	Lititz	PA	we need to protect all the fish in our oceans in order to secure a safe and healthy ocean environment .
John	Comella	Philadelphia	PA	We need to protect West Coast bycatch from drifting gillnets. Deep-set bouy gear will reduce the number of whales, dolphins and sea turtles killed or harmed by gillnets. Please encourage the use of deep-set bouy gear.
Lynn	Gajewski	Lititz	PA	When you can still get what you want and preserve unneeded death, seems to be a great choice.
Mary	More	Flourtown	PA	Why is this awful method still taking place?
sabrina	wojnaroski	Pittsburgh	PA	With our oceans facing increasing risks from climate change and acidification, it is crucial that we advance our technologies for preventing bycatch.
Evelio	Pina	Old San Juan	PR	We must protect Our Oceans
james	riggs	Westerly	RI	Give nature a chance to heal herself
Jan	Tullis	Providence	RI	Please make changes to avoid by catch!

				Please there really is never a viable excuse for the unnecessary consistent accidental capture , injury and/ or death of our precious whales, dolphins and sea turtles. There is another researched method also known as deep-sea buoy gear that would enable fishermen to catch swordfish and not maim other species of ocean dwellers and would not intrude upon dolphins, whales and sea turtles.
Susan	Benesch	Tiverton	RI	Thank you for listening to me.
				Stop the bycatch now and choose a sustainable method for catching swordfish. As a film maker, I created a documentary in 2000 that showed the destructive nature of drift gillnetting and I interviewed the few remaining harpooners in Catalina and they related their first hand experiences with the destructive impact of these indiscriminate nets.
Mike	Laptew	North Kingstown	RI	
Deborah	Doolittle	Wakefield	RI	We can do better!!
				We now have an innovative way to catch swordfish without bycatch. Bycatch is harming sensitive species, it needs to stop.
JoAnn	Algasso	Warwick	RI	
rosemarie	newport	North Charleston	SC	I love swordfish, but not at the price of the by catch. Please change the rules.
				If you you have to KILL swordfish it would be nice if you could spare others from extinction, and unnecessary DEATH. Sad ALL about money.
Shari	Briggs	Elgin	SC	
				Please consider the newer and more lucrative deep-set buoy method for catching swordfish, reducing bycatch.
John	Morse	Pendleton	SC	
Constance	Prather	Charleston	SC	Please help protect our oceans animals from harm!
				Please save whales,dolphins and sea turtles by using deep-set buoy gear as an alternative to the drift gillnets used currently. Thanks.
Jo	Godwin	Fair Play	SC	
Charlotte	Edwards	Summerville	SC	Please stop eradicatng species.
				The beautiful God Creatures of the SEA should never be harmed, accidentally or not, how anyone can refer to them as bycatch I'll never understand. Please help us do what God intended, Tend and care for all of God's Creatures! Thank you!
Paula	Michaud	Bluffton	SC	
				We have got to work smarter. Doing things because that the way we've always done it has to improve.
Mel Richard	Kahrs	Landrum	SC	
William	Hewes	Madison	SD	Save our Seas and seafood.
				Bycatch is disastrous and we must change gear to protect whales, dolphins, sea turtles, and other creatures in the ocean.
Rosalind	Andrews	Knoxville	TN	

marilynn-crittenden	mcgraw	MILLINGTON	TN	It's the right thing to do!
Diana	Page	Nashville	TN	Making this change will benefit the ocean's ecosystem and fishermen.
JAMES	KOONCE	Piney Flats	TN	Please don't waste our food.
Joyce	Coombs	Corryton	TN	Please remove destructive drift gillnets - Target only the swordfish with deep-set buoy gear!!
Nathaniel	Stephenson III	Knoxville	TN	THE LORD JESUS CHRIST OUR SAVIOR IS WATCHING THANKS GOD BLESS DO THE RIGHT THING THANKS GOD BLESS
kathryn	sherrard	Sevierville	TN	This seems to be a very logical plan to allow the taking of swordfish without the harm to other species.
Tom	Sahlin	Gray	TN	We MUST protect the oceans and all its creatures.
Steven	Morris	Sharps Chapel	TN	WHY should other species suffer injury or death when there is a way that can save them and still provide a way to catch swordfish. A definite WIN-WIN for all. Implement the change NOW before countless others die.
Jay	Armbruster	Knoxville	TN	You can do your part to save the oceans or kill them. Your progeny and the nation as a whole will judge you accordingly.
				At its June meeting, the Pacific Fishery Management Council has the opportunity to advance this gear beyond the research phase so that it can be made available as an alternative to the destructive drift gillnets used today.
				Deep-set buoy gear targets swordfish in cold, deep water during the day to avoid other sensitive species near the surface and produces a higher-quality product that can demand more than double the price of a swordfish caught with a drift gillnet or long line.
Mary Lorna	Greenway	Houston	TX	
Margaret	May	Mexia	TX	Change is hard but this is the responsible thing to do.
Robert	Reece	Dallas	TX	Don't kill Cetaceans!
John	Murray	Dallas	TX	Every species matters.
Donna	Boland	Mission	TX	Fishing methods need to be modernized ASAP to avoid unintentional catches!
Mary	Jozwiak	Dripping Springs	TX	Fishing needs to focus on catching ONLY intended species. Bycatch will be the death of the ocean.

Craig	Nazor	Austin	TX	I used to eat swordfish. But because it is no longer sustainably caught, I no longer eat it. How does this help the swordfish fisherman? I will not be eating or buying any swordfish unless it is sustainably caught (without risking the lives of other ocean creatures), and I will be asking all my friends to do the same.
Linda	Fielder	Carrollton	TX	If we don't limit our catches there will not be anything left in the sea to catch except for garbage!!!
Julita	Zaborovsky	Austin	TX	IMPLEMENT RESPONSIBLE AND SUSTAINABLE FISHING PRACTICES!!!!
Sherry	Janetzke	LEANDER	TX	Killing other sea creatures just for something to hang on the wall.....
Ken	Box	Austin	TX	Make this law! No more gillnets. No more by catch!
Dave ad Rita	Cross	Lakeway	TX	New methods are available for fishing for swordfish! Bycatch due to drift gillnets have to be banned for good! Many thanks!
james	field	el paso	TX	Off the West Coast, the primary method of catching swordfish results in the capture and injury or death of whales, dolphins, and sea turtles, also known as bycatch. Years of research and testing have shown that deep-set buoy gear is an innovative way to catch swordfish that is valuable to fishermen without the harmful bycatch. Pacific Fishery Management Council: please, it's time to change the way we catch swordfish.
josie	lopez	el paso	TX	Off the West Coast, the primary method of catching swordfish results in the capture and injury or death of whales, dolphins, and sea turtles, also known as bycatch. Years of research and testing have shown that deep-set buoy gear is an innovative way to catch swordfish that is valuable to fishermen without the harmful bycatch. Pacific Fishery Management Council: please, change the way we catch swordfish.
Monica	Flores	Austin	TX	Pelease changes the way you do this!!!!
Patricia	Oliver	cleburne	TX	People are supposed to be good stewards of the Creators gifts, please consider this while you fish for a certain fish, in His eyes they all matter and should not be taken for granted.

Kay	Allen	Houston	TX	Please
Margaret	Shankles	Sherman	TX	Please consider alternative methods of catching swordfish! Thank you!
Patt	Bourland	Dallas	TX	Please look at alternate methods.
Lynette	Elliott	Dallas	TX	Please mandate deep-set buoy gear for catching swordfish without harmful bycatch of whales and other sea life.
Patsy	Gillham	Cypress	TX	Please stop ! Please be the reasonable ones !
Patricia	Patteson	Helotes	TX	Please stop bycatch methods! Harvest swordfish in a humane way!
Carol	Guffey	Granbury	TX	Please stop the decimation of whales, dolphins, and sea turtles by implementing the use of deep-sea buoy gear instead of deadly gillnets used today! Thank you!
Hector	Lugo	El Paso	TX	Save them!
David	Davidson	Shavano Park	TX	stop by catch also for birds
Jennifer	Mundine	Livingston	TX	Stop the use of gill nets.
Kathy	Spera	Tyler	TX	The gillnets are killing off some of the most endangered and beautiful cetaceans we have the pleasure of sharing this planet with. Particularly sea turtles and the 30 vaquita dolphins are of particular concern. We need to improve our oceans by not dumping waste and implementing different and more sustainable methods of fishing such as deep set buoy gear. Thank you for you time and attention to this urgent matter.
Kathryn	Burns	Austin	TX	There has to be a way to catch swordfish without killing other species that happen to wander into the nets. Please find it.
Nina	Davis	Lakeway	TX	This is important.
Roberta	White	Austin	TX	This method of catching swordfish would lessen the chance of bycatch of many endangered species.
Michele	May	Arlington	TX	We have to be more effective and assertive in protecting the oceans and it's top predators. Please make species conservation the top priority.
Rael	Nidess, M.D.	Marshall	TX	We must begin protecting everything in the ocean that we don't want for ourselves!
Beth	Riddle	Eules	TX	We must do the right thing to respect and protect all of our world's precious animals and creatures. These are all living defenseless beings that we do not have the right, nor should we accept, to play a part in their suffering and destruction. We MUST make the right humane decisions and DO THE RIGHT THING
Nancy	Faulk	Houston	TX	We must reduce bycatch!!!
William	Krause	Houston	TX	We need to preserve wildlife for the benefit of all.

kim	kensinger	Houston	TX	we should NOT be catching them at all!!!!!!!
Linda	Salerno	Smithville	TX	We should NOT be fishing ANYTHING out of OUR waters! Go vegan and leave nature alone!
Ruth	Reid	Corpus Christi	TX	Whales, dolphins and sea turtles are too important to our ecosystem to continue to kill them to we catch swordfish. Please improve how we catch swordfish.
Elizabeth	Luebbers	Park City	UT	ALL ANIMAL AGRICULTURE IS HARMFUL TO ANIMALS, THE ENVIRONMENT & HUMANS.
Jule	Caylor	West Jordan	UT	Bycatch is not sensible or permissible!
Gene	Ammarell	Salt Lake City	UT	If we want a sustainable fishery, we must find new ways to capture fish!
Karl	Breitenbach	Vernal	UT	It is critical that we take care of our oceans and the creatures in them. Thanks for listening.
Dana	Joslyn	Salt Lake City	UT	It is so important to protect our fisheries, and all of the amazing creatures that live in our oceans. Profit for the few should not endanger our biodiversity through the terrible waste of bycatch.
Justin	Grover	Salt Lake City	UT	IT'S TIME TO CHANGE THE WAY WE FISH, Thank You
Susanna	Miller	Virginia Beach	VA	As a Wildlife Ecologist and an avid fisherman and seafood consumer, I beg you consider this method of reducing deadly bicatch of untargeted species.
John	McPeck	Fairfax	VA	Bycatch is such a waste!
Gene	Cochran	Abingdon	VA	Common sense is all that is needed here. A no brainer
Ann	Bicking	Richmond	VA	Don't sell off our public lands
David	Addison	Arlington	VA	Eliminate destructive drift gillnets immediately.
William	Triplett	Fairfax	VA	Ending bycatch is important to a lot more consumers than you might think.
john	fitzpatrick	Springfield	VA	Help to maintain a healthy ocean.
Barry	Mowday	Williamsburg	VA	I used to really like swordfish, back when my employer was picking up the bill. It saddens me that we are not being responsible stewards of the earth.
Diane	Clark	Woolwine	VA	It's obvious that swordfish fishing needs some regulations since those who fish for swordfish do not care about anything but getting their fish.
William	Bowling	Goochland	VA	It's the right thing to do!
Elisabeth	Brisebois	McLean	VA	Killing whales, dolphins and sea turtles in the process of killing swordfish is totally unacceptable.
Jennifer	Duffy	Purcellville	VA	The greatness of a nation and its moral progress can be judged by the way its animals are treated.'
David	Scherer	Wmbg	VA	THIS IS A VERY IMPORTANT ITEM..
Christina	Cowan	Burke	VA	This should be a no-brainer.
Diane	Bostic	Virginia Beach	VA	This sounds like a win-win.

Phyllis	White	Yorktown	VA	Until gill nets are gone, i will not buy swordfish in stores or restaurants.
Elaine	Becker	Roanoke	VA	We must reduce bycatch to keep the entire system from collapsing!
Melissa	Martin	Stuart	VA	We should do everything possible to stop by catching.
Connie	Cotton	Charlottesville	VA	When you have the means to catch swordfish without harming the creatures caught in a bycatch, it is unconscionable to continue to harm other creatures by sticking with the old methods.
Arden	Green	Glen Allen	VA	You must change this method NOW to protect all ocean life!
John	Savlove	North Bennington	VT	Advocating before management councils on behalf of our place in the natural cycles is in itself an energy drain. Is it a losing battle? Are Americans too calcified in their consumer habits to dig down deeper for that extra bit of nature-saving soul? Frankly, I think the only economic alternative left from here is a holistic one. Please believe in the future accordingly.
Joel	Trupin	Marshfield	VT	Fishing practices must be changed to protect bycatch and keep our oceans healthy.
Ralph	Palmer	Brattleboro	VT	I look forward to hearing that changes in fishing strategy have helped avoid by-catch.
Rachel	C	S Burlington	VT	Please advance this necessary gear past the research stage, so that we can avoid bycatch. Thank you!
Violet	Gautesen Krukons	Essex Junction	VT	Please change the practice of catching swordfish so it does not endanger and kill other whales, sea turtles or dolphins.
Stephen	Durbin	Coupeville	WA	...protect the swordfish...we care, do you...???
Chris	Strickwerda	Chelan	WA	All other species are part of the web of life -- only catch the trophy!
Robert	Triggs	Port Townsend	WA	And when the last fish is gone, only then will you understand that you can't eat money. Cree Indian prophesy
Brenda	Michaels	Issaquah	WA	Any live animal or fish we consume must be captured, caught, and killed humanely. We have the ability to do this! It is only our lack of caring and compassion that stops us from doing so - oh ya - and as always...the bottom line!
Courtenay	Smith	Renton	WA	Bycatch is just another way of saying reckless disregard of our treasured resources.

				Considering what we are only now learning about this fascinating and important predators -- including how long it takes them to mature and breed -- we must act in their best interests to preserve them in our oceans for centuries to come.
Tom	Cole	Lynnwood	WA	
Wesley	Engelbach	Kenmore	WA	Corporations Suck
Diann	MacRae	Bothell	WA	Deep-set buoy gear is the way to go!!
Julie	Littlejohn	Granite Falls	WA	Do the right thing and use the new technology. Humans are decimating marine life to the point of extinction. Everything on earth is interdependent; you will find yourself without anything to catch and other species wiped out.
Stephen	Wille	Vancouver	WA	Drift gill nets for swordfish species capture is archaic and wasteful. We need to continue looking at innovative and more species specific methods of fishing to reduce bycatch.
Judy	Mason	Bellevue	WA	End the bycatch now. It's time we did things right.
Patricia	Curley	Eatonville	WA	Fish the old fashioned way with a pole give the animals a equal chance !!!
John	Ballard	Woodinville	WA	Frankly it ought to be illegal to catch sword fish at all.
Greg	Willett	Wauna	WA	gillnets are not acceptable for sustainable fishing and everyone knows it.
Linda	Woodall	Kennewick	WA	Greed is not a good reason to destroy the ocean.
Rosemary	Lenigan	Lakewood	WA	Having respect for other lives on our planet makes us better....sharing with other forms of feeling beings makes our Earth a better place.
				I am a supporter of protecting the bycatch animals when fishing crews are trying to catch swordfish. It appears that there is fishing gear that can be used safely and it will avoid the attraction of the bycatch - whales, dolphins and sea turtles. I urge you to make the changes necessary to change the status of this new deep set gear from research to approved as an alternative to the use of gillnets. This change will benefit the fishermen and the animals that are now caught as bycatch. I am sure that the fishermen will be happy to see the change made.
Donna	Hanson	Pullman	WA	

				I am asking for regulations that would ensure that only deep-set buoy gear be used to capture swordfish. I want the Pacific Fishery Management Council to enact policies requiring that only this gear be used to catch swordfish -- because all other gear results in the widespread, massive injury and unacceptable death of sea turtles, as well as whales, dolphins, and other marine mammals. We can't afford such terrible bycatch deaths when swordfish can be caught more effectively and more humanely with deep-set buoy gear.
Sigrid lance	Asmus bonamy	Seattle Seattle	WA WA	I am outraged.
Evonne	Laforge	Yelm	WA	I do not eat swordfish it is loaded with mercury. I know that commercial fisheries can find a way to fish with out killing dolphin, whales, or sea turtles. Change this NOW.
Karen	Howard	Blaine	WA	If commercial fishing isn't done with the ocean and all species in mind, eventually the fishing industry will suffer
Lynne	Bannerman	Seattle	WA	It would be a win/win, especially for the Pacific ocean
Mana	Iluna	Bellevue	WA	Kindly read this with your heart open.
Gary	Albright	Snohomish	WA	Let us try to minimize bycatch.
David	Smith	Olympia	WA	Let's finally end harmful bycatch!
khemarintr p	suwanchote perron	Seatac seattle	WA WA	Make Drift gillnets illegal or categorize the equipment and tax it heavily. NO BYCATCH!
Nadine	LaVonne	Seattle	WA	People of conscience reject the entrapment method of swordfish fishing or that of other species that also get caught up in gillnets.
Samantha	Solomon	Spokane	WA	Please
Heather	van Helvoort	Seattle	WA	Please be considerate for the future generations. Overfishing and killing our oceans is a very real concern for my family.
Barbara	DelGiudice	Burien	WA	Please be more careful with the creatures of the sea by adopting better practices in catching the swordfish.
Kelly	Brown	White Salmon	WA	Please do everything you can to protect these species.
John	Bayer	Washougal	WA	Please do what you can to stop bycatch and the injury and sometimes death to whales, dolphins, and sea turtles.
Mahala	Frye	Poulsbo	WA	Please do what you can to support this saner, cleaner way to catch swordfish.
Russell	Morgan	Seattle	WA	Please find a Safeway to get swordfish without harming other animals!
Shelley	Minden	Seattle	WA	Please help swordfish.

Holly	Hewitt	Walla Walla	WA	Please help!
Laura	Zerr	Auburn	WA	Please make available deep-set buoy gear so as to limit harmful bycatch.
Kevin	O'Halloran	Bainbridge Island	WA	Please protect our sea life.
Anne	Maertens	Snohomish	WA	Please think sustainably!
Karen	Gielgens	Kirkland	WA	Protection for all species is crucial.
Otto	Youngers	Tacoma	WA	PUT SPECIES ON NO CATCH LISTS BEFORE EXTINCTION!!!
Barbara	Perry	Bellingham	WA	Respect the food we eat. Give them a humane death.
Raymond	Ballweg	Bellingham	WA	Save sea life by mandating a change to swordfish catching.
Tara	Leigh	Federal Way	WA	Seriously!
Ms K	Riley	Spokane	WA	Stop catching food fish, by-catch, and other species that are threatened. We need to be more thoughtful how we deplete the ocean's bounty.
Meryle A.	Korn	Bellingham	WA	Stop the by-catch! Upgrade to gear that does not cause needless deaths of other marine fish and animals.
Laurel	Hughes	Lynnwood	WA	Stop the bycatch!!! Change the rules!
Sandra	Ciske	Seattle	WA	Thank you for acting on behalf of all fish.
Connie	Corrick	Seattle	WA	Thank you for your consideration in reading this letter.
Gary	Brooks	Indianola	WA	Thanks for your attention to this matter. If we don't manage fisheries and limit the damage to bycatch species, who will?
Mayellen	Henry	Bellevue	WA	The ocean's creatures are in dreadful danger from so many different threats that we need to protect them as best we can from human practices that further endanger them.
Rev	Minshew	Seattle	WA	This is important. Now.
Donna	Von Bargaen, Ph.D.	Renton	WA	This solution for catching swordfish has so many benefits. It's time for a smart change!
Barbara	Ocskai	Snohomish	WA	We are All Related
Diane	Weyer	Everett	WA	We can't afford to kill endangered species as bycatch. Please insist on fishing methods that won't kill them . Thank you
Madeline	Buescher	Spokane	WA	We have the knowledge and the capability to stop this useless Slaughter of animals that are not even intended to be caught. We simply have to do it. Sometimes things are slightly more costly; that's just the way it is. We pay it, because we need to.
Barbara	Gross	Seattle	WA	We have to employ better practices to avoid destroying resources, at worse, or negatively impacting resources, at best.

Lin	Provost	Seattle	WA	We need to act now not when they are almost gone!
Tore	Slette	Bellingham	WA	We need to eliminate by-catch from our fishing practices.
Ernest	Bennett	Montesano	WA	We need to protect our fisheries.
Lyssa	Danehy deHart	Bainbridge Island	WA	We need to protect whales, dolphins, turtles, etc from accidental death in the method of how we fish.
Christy	Papadakis	Bellevue	WA	Whales, dolphins, should never be mere by catch. Outrageous!
Jaspreet	Kaur	Bellingham	WA	You might as well let Earth be destroyed if you're not going to care about the sea creatures. Let's try to preserve much of what we can of our earth.
Susan	Dragieff	Oak Creek	WI	another predator species at risk of depletion and it needs protection.
Patricia	Randolph	Portage	WI	Better yet - why kill swordfish at all? Oceans are predicted to be fish-less by 2048 due to human cruelty and obsession with slaughtering every other without even known who they are and live a conscious life. YOU too will die. And fear it. Why inflict it?
Sandra	Bader	Harshaw	WI	Change the way Swordfish are caught!
P. Mark	Schwalbe	Madison	WI	C'mon--please do the right thing!
Mary Jo	Travis	Milwaukee	WI	Don't be greedy. Listen to the researchers
Robert	Whitney	Cudahy	WI	Don't eat 'em. Encourage others not to either.
Mike	Sudalnik	Argyle	WI	Go with the DEEP SET BUOY method...value added price!
Margaret	Gruna	Greenfield	WI	Help stop bycatch and save our marine life
Russ	Yttri	HUDSON	WI	more people few other things as simple as that we need to protect these places and species or they will be gone and that is forever.
frances	field	Sparta	WI	Off the West Coast, the primary method of catching swordfish results in the capture and injury or death of whales, dolphins, and sea turtles,also known as bycatch.
Jana	Kitzinger	Bonduel	WI	Years of research and testing have shown that deep-set buoy gear is an innovative way to catch swordfish that is valuable to fishermen without the harmful bycatch. Pacific Fishery Management Council: please, it's time to change the way we catch swordfish.
C.	Callewaert	Waukesha	WI	Or don't catch them at all!!!
Patricia	Bennington	Marshfield	WI	Please take care of all the animals you remove from the oceans. Take just what you need and respect the rest. Thank you!!!
				Protect the oceans and its living creatures.

Shirley	Powell	Johnson Creek	WI	Since drift gill nets cause much bycatch that leads to the death of marine animals. We need to try the new system and leave the bycatch alive in the water.
Tamara	Sedakow	Baraboo	WI	Stop killing the fish!
Martin	Pable	Milwaukee	WI	This seems like an effective way to prevent accidental harm to swordfish.
vicki	smith	merrillan	WI	We have to be smarter about fishing methods now. We know better now..so we MUST do better now. Too much waste which also means suffering. We have to be better than this - AND - it is in our long-term best interest anyway.
JG	Garey	Two Rivers	WI	We need to be conscious in todays world of everything we do to ensure the future of the sea and its wildlife!
Carol	Siewert	Madison	WI	We need to use Deep-set gear and minimize bycatch.
Paul	Kirsch	Stevens Point	WI	We've almost totally ruined one of the great Wonders of the World the Great Barrier Reef, we need to devote energy into preserving our great seas
Tim	Lienau	Menomonie	WI	When they are gone they are gone, depress the breeding #s to the point of non sustainability...
Sharon	Hurley	Normantown	WV	Bycatch is killing our oceans and its animals!
Bert	Lustig	BerkeleySprings	WV	Reduce bycatch now.
Nora	Ivers	Laramie	WY	Like many other things needed to be changed, we need to change our fishing methods. We need to start now to protect our ocean wildlife.

Mr. Herb Pollard, Chair
Pacific Fishery Management Council
70 NE Ambassador Place, Suite 101
Portland, OR 97220
via email: pmmc.comments@noaa.gov

Agenda Item H.3: Authorization of Deep-Set Buoy Gear and Federal Permitting

Dear Chair Pollard and Council Members:

Wild Oceans, Coastal Conservation Association of California, International Game Fish Association, and American Sportfishing Association write to convey our continued support for the authorization and federal permitting of deep-set buoy gear, a highly-selective, commercial swordfish gear. As leaders in California's recreational fishing community, we've changed our sport from one where most marlin and billfish were kept, to one that practices catch and release. While we've reformed our practices, we've called attention to the perils of using indiscriminate commercial gear, like longlines and drift gillnets, that catch highly migratory species. Instead, we support universal best fishing practices, such as low bycatch of non-target species, live release of incidentally-caught or undersize fish, and cost-effective monitoring and enforcement. Deep-set buoy gear achieves these goals.

The design and deployment of deep-set buoy gear (DSBG) is fundamentally different than indiscriminate gear that currently drifts in the ocean, ensnaring or hooking all forms of marine life. DSBG avoids bycatch, including marine mammals and endangered turtle interactions, by setting baited hooks below the thermocline, where swordfish feed during the day. In the past two years, swordfish comprised about 80 percent of the catch by fishermen using DSBG pursuant to exempted fishing permits (EFP) and marketable species comprised

98% of total landings.¹ By monitoring DSBG strike indicators, fishermen can quickly identify their catch and retrieve and release incidentally caught or undersized fish, alive. With low bycatch and few protected species interactions, DSBG will likely require lower levels of observer coverage when compared with drift gillnets or longlines, fewer consultations with NOAA Fisheries Protected Resources Division and minimal on-the-water restrictions such as closed areas. This is the future of fishing in the Pacific.

Deep-set buoy gear provides us with an opportunity to move away from traditional management which constrains and confines fishermen because the gear deployed cannot control what it catches. This smart gear deserves smart management, that considers its underlying design. The Pacific Fishery Management Council (council) can manage DSBG with fewer restrictions or regulations than current gear and, as previously mentioned, with lower management costs associated with observers, enforcement and consultations.

As the council reviews the Highly Migratory Species Management Team (HMSMT) Report on Authorization of Deep-Set Buoy Gear and Federal Permitting, we offer the following comments for consideration:

We support a definition of deep-set buoy gear, as proposed by the Highly Migratory Species Management Team, that includes two configurations, standard buoy gear (SBG) and linked buoy gear (LGB), which would be authorized separately. SBG, as defined, has endured more than five years of scientific and commercial testing and has proven effective at catching swordfish, at depth, with minimal bycatch. While SBG is ready for authorization now, LGB while promising, has not received the same level of on-the-water scrutiny. The permitting scheme outlined by the HMSMT will allow the council to authorize DSBG and the SBG configuration now, and then add LGB or other configurations in the future after similarly rigorous testing. However, the procedural alternatives for authorization are unclear, and we suggest the council task the HMSMT with clarifying the potential paths forward in the range of alternatives.

The definitions prepared by the HMSMT include specific, necessary parameters such as: 1) use of minimum 16/0 circle hook²; 2) minimum line weight and hook depth, key components of descending the bait quickly through the epipelagic zone and targeting fish below the thermocline; 3) maximum hook number and

¹ Pacific Fishery Management Council Summary Report, Agenda Item J.2, Attachment 2, March 2017, available at http://www.pcouncil.org/wp-content/uploads/2017/02/J2_Att2_PIER_2015-16_DSBG_EFP_SummaryRpt_Mar2017BB.pdf

² Circle hooks are used widely in many recreational and commercial fisheries and have been shown to reduce both the hooking rate and the mortality of turtles and the mortality of some bycatch species including billfish.

sets, meant to maximize catch while maintaining serviceability and minimizing capture and injury to bycatch; and 4) floatation system requirements that allow for strike detection and serviceability. Yet, the linked buoy gear definition does not consider the maximum number of pieces of SBG that may be linked. As currently written, a fisherman could link 30 pieces of SBG together by means of a horizontal monofilament mainline. We suggest the HMSMT consider a range of alternatives to determine the maximum number of pieces that may be linked and still maintain hook depth and serviceability. For example, the HMSMT could develop a range of alternatives with a maximum of 3, 5, 10, 15, 20 or 30 linked pieces.

We encourage the Council to support the gear tending requirement prepared by the HMSMT. Active tending of DSBG is the essence of this fishery. We have supported DSBG specifically because, when actively tended, it has demonstrated the ability to catch swordfish with minimal bycatch interactions and live release of incidentally caught marine life. Active tending benefits the fishermen. It facilitates the supply of fresher, higher quality swordfish to market that yields a higher price per pound. Active tending benefits the open ocean ecosystem. It allows fishermen to release any unwanted species quickly and alive. Accordingly, active tending has been adopted by fishermen using DSBG pursuant to exempted fishing permits. While we expect most new DSBG fishermen will adopt similar habits, the active tending definition adds some common sense guardrails, such as maximum distance between boat and buoy and maintenance of gear configuration, including hook number, size, depth, etc., as specified in the gear definition. We request the council direct the HMSMT to add a maximum footprint, such as 5 square miles, to codify current practices.

We encourage the Council to consider the precision of the gear when considering geographic area. Deep-set buoy gear was designed to be fished below the thermocline, to target swordfish, and to avoid unwanted finfish species, marine mammals and endangered sea turtles that live in the upper water column. Given the nature of DSBG, we support an alternative that allows fishermen to deploy this gear within the geographic boundaries of the Pacific Leatherback Conservation Area. Pacific leatherback sea turtles inhabit shallow waters. To avoid interaction, the gear requires uses a 3.6 kg minimum weigh to drop hooks quickly to a depth of at least 90m. If, by chance, an interaction did occur, the actively tended nature of the gear would allow the fishermen to identify the sea turtle quickly and release it from the hook.

The HMSMT asked the Council to consider whether to establish a bottom depth limitation. This restriction makes sense. The gear targets species in the mesopelagic zone. A depth limitation of 150 fathoms contour would allow fishermen to fish DSBG, as intended, to target swordfish, but would alleviate

concerns about misusing the gear in shallower waters to catch groundfish or other non-target species.

Importantly, this would also help minimize conflict with recreational fishermen. While we expect curiosity from our fellow fishermen, we have educated our constituents about DSBG's ability to achieve our goal, to build a more sustainable, resilient swordfish fishery. Installing a bottom depth limitation will help minimize gear conflict between DSBG and recreational fishermen as many favorite recreational pinnacles and banks rise well above 150 fathoms. Despite the gear's precision, we ask the HMSMT to consider seasonal or voluntary closures to high use areas during billfish tournament season.

It's time to change the way we catch swordfish by allowing open access to DSBG in areas of low conflict and taking a phased-in approach to permitting elsewhere. Best fishing practices call for small-scale, high-yield, locally supplied fisheries, using the latest technological developments in sustainable fishing. It is part of a progressive shift away from so-called modern, "efficient" methods of fishing that are wasteful and ultimately unmanageable. For this reason, we support an open access fishery north of Pt. Conception. This will allow fishermen to target swordfish across a broad geographic range and expand the consumer market for DSBG fish.

Importantly, an open access fishery can bring new, younger fishermen into the fishery. Compared with drift gillnet or longlines, DSBG has a lower start up cost: requires fewer crew members, uses more affordable gear, requires less bait (than longlines) and can be fished on a smaller boat, operating closer to shore. These incentives, coupled with the higher market price per pound, could attract new entrants or extend an opportunity to current fishermen who have suffered from fishery closures due to collapsed stocks or environmental conditions such as domoic acid.

South of Pt. Conception, we urge the council to task the HMSMT with detailing alternatives for implementing a phased-in approach to DSBG fishing to avoid conflicts between gear types and user groups. As you know, San Diego hosts a valuable commercial fishery as well as the world's largest sportfishing fleet.

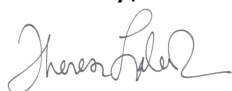

The HMSMT has presented a rough outline of possible alternatives for selecting participants in a limited access fishery. For many years, our organizations have supported cleaner commercial fishing gear. The fishermen who hold exempted fishing permits and have been actively participating in the deep-set buoy gear fishery and landing swordfish have taken the risk and leadership on-the-water to bring this gear into the forefront. These fishermen should be rewarded for their commitment, foresight and venture by receiving first priority in any permitting scheme. This reinforces our support for putting permits in the hands of

fishermen who are going to use them, use the gear correctly, and catch swordfish. In addition, the Council should maintain opportunities in any limited access fishery for new, young fishermen, including those who have worked as mates on EFP vessels.

Finally, the HMSMT reports that they considered, but rejected opportunities for trading in drift gillnet permits for DSBG permits, despite the direction from the council.³ Also, in November 2016 the Highly Migratory Species Advisory Subpanel supported exploring options for permit trading.⁴ In addition, thousands of members of the public, including many recreational fishermen, have expressed concern over the continued use of drift gillnets off of California and encouraged the council to consider options for trading drift gillnet permits to reduce fleet capacity. With hard caps on the horizon, this option may prove more attractive to both active and latent drift gillnet permit holders. Accordingly, we urge the council direct the HMSMT to more fully evaluate this option.

Best fishing practices for conserving and managing big ocean fish require transitioning fisheries away from the large-scale use of indiscriminate, ecologically-harmful fishing gears to more selective, sustainable fishing methods that provide an economically-feasible, low-bycatch alternative. Fortunately, those alternative methods now exist. We look forward to working with you to authorize a DSBG fishery and protect the future of fishing.

Portland, OR 97220

RE: Agenda Item H.3.a, HMSMT Report

Dear Chairman Pollard and Council Members,

The Nature Conservancy promotes innovative solutions that promote thriving, sustainable fisheries and healthy marine ecosystems. Here on the west coast, collaborative research and on-the-water experimentation have great potential to provide a path forward toward ensuring long-term sustainability of the west coast swordfish fishery.

Over the past several years, the Pacific Fishery Management Council (Council) has explored a range of options to address concerns of bycatch in the swordfish fishery, among which gear innovation has great promise. Results from research and exempted fishing permit (EFP) trials of buoy gear strongly indicate that both configurations of this highly selective gear can minimize interactions with protected species and reduce finfish bycatch while increasing fishing opportunities, domestic landings, and profitability of the swordfish fishery. With the proposed action, the Council and the National Marine Fisheries Service (NMFS) have an opportunity to authorize an economically viable, low bycatch gear for use in the west coast commercial swordfish fishery.

Overall, the Nature Conservancy is supportive of the draft range of alternatives for fishery authorization proposed in the report of the Highly Migratory Species Management Team (HMSMT). However, as these alternatives are still in development, we would like to take the opportunity in some instances to provide additional context, alternatives for consideration, or to outline regulatory pathways for timely implementation.

Gear Description Alternatives

We envision the authorization of an economically viable, low bycatch alternative gear as a major opportunity to provide increased flexibility and profitability for fishermen targeting swordfish. Under the presented range of alternatives, Alternative 2 would allow for use of standard buoy gear (SBG) and linked buoy gear (LBG) in combination and could allow for their dual

authorization under one gear type and permit. The Council should consider some key points when discussing dual authorization of these gear configurations. First, availability of both gear configurations provides fishermen with the flexibility needed to maximize their potential catch under varying oceanographic conditions through use of SBG, LBG, or a combination of both. A delay in the authorization of either could have unwanted, negative economic impacts on the fishery and the stakeholders that this action is intended to benefit. Second, both these gear configurations were designed holistically taking into account specific needs of the U.S. west coast swordfish fishery – SBG is designed to augment the local harpoon fishery and LBG to supplement the larger volume drift gillnet fishery. Third, the best available science for LBG thus far indicates similar catch composition as SBG, with significantly lower bycatch and a higher percentage of swordfish caught with SBG and LBG than any another other gear currently authorized for targeting swordfish. Although there is precedent for NMFS authorizing use of other highly selective gear types with approximately the same amount of data as currently available for LBG (e.g. green-stick gear in the Atlantic), additional research and EFP data will be available for evaluation by the time the Council will choose a final preferred alternative and before final action by NMFS.

Gear authorization for SBG and LBG could be accomplished using a number of regulatory pathways. However, dual authorization of SBG and LBG provides the most expedited path for uptake of this commercially viable gear alternative in the swordfish fishery. Other regulatory pathways would delay when both gear configurations would be available for use by fishermen, potentially complicate permitting, as well as increase regulatory burden to NMFS through the need for additional rulemakings. Provided sufficient additional research and EFP set data are available to assess continued effectiveness of both gear configurations, the Council can avoid prolonging economic hardship in this fishery that would accompany delayed authorization of either gear configuration.

Geographic Area Alternatives

In order to improve economic viability in the swordfish fishery, fishermen require increased opportunities to target swordfish and access to highly productive fishing grounds. All alternatives currently allow for use of buoy gear in Federal waters, including the Pacific Leatherback Conservation Area (PLCA). The PLCA has been effective at reducing drift gillnet fishery interactions with leatherback sea turtles, which are currently listed under the Endangered Species Act, but has also negatively impacted fishery participation. Given both configurations of buoy gear are designed and have proven to minimize interactions with leatherbacks, we would not recommend spatially restricting any activities of a buoy gear fishery at this present time. Buoy gear fishes at a depth below the critical habitat designated for this species.

Permitting Alternatives

In line with the aims of the proposed action, authorization of buoy gear should provide opportunity for sustained participation in the swordfish fishery. In discussions of how to successfully attain this objective, the Council must ensure that fisheries access is maintained, particularly for those stakeholders that have annually invested in this fishery.

Although Alternative 1 would significantly increase participation in the swordfish fishery, consideration of an open access fishery is accompanied with significant management and

monitoring challenges. This Council and others have experienced these challenges first hand, having to take reactive management measures to address interannual variability in participation and uncertainty as to how a fishery will develop over time. Further, taking into consideration that the latest stock assessment revealed that the eastern stock is experiencing overfishing, and given the uncertainty in the boundary between the eastern and western stocks, some precaution should be taken.

In discussions of Alternatives 2-4, we urge the Council to develop inclusive participation criteria that do not unnecessarily exclude stakeholders that have a long history of engagement in the swordfish fishery. Any alternative that carefully considers inclusive qualification criteria for entry should provide increased fishing opportunities to harvest swordfish, in line with the purpose and need of the proposed action and National Standards 1, 9, and particularly 8. Given the high levels of attrition in this fishery, economic and social data should be strongly considered to ensure that criteria are not unnecessarily restrictive and minimize adverse impacts on fishing communities utilizing such pelagic resources.

Gear Tending Requirements

Active tending is a key component of buoy gear operation that ensures that interactions with non-target species are immediately mitigated and increases the likelihood that the gear is available to target marketable species. Provided fishermen maintain a distance where active tending is not compromised, they should have opportunities to maximize their catch per trip by engaging in other fishing activities either concurrently or at distinct times during the trip. Thus, we encourage the Enforcement Consultants to finalize a definition for ‘actively tending’ that balances the need for proximity to gear to ensure timely strike detection, while also allowing fishermen the flexibility to concurrently participate in other fishing activities, provided vessel maneuverability is maintained.

Training Requirements

In order to achieve our shared goals, it is critical that buoy gear is fished properly and that all stakeholders are educated on key aspects of gear design. Each element of this gear has been designed and tested with the objective of increasing the likelihood of targeting swordfish while reducing interactions with protected species and marine mammals. While we acknowledge the extensive knowledge that all current permit holders operating in the swordfish fishery have, only a small subset have used this new gear. Thus, we suggest that the Council more thoroughly discuss the potential requirement of training as a condition of receiving a permit in this new fishery. Providing voluntary and/or mandatory training workshops could help to ensure that the integrity of this low gear is preserved once use is authorized outside of supervised research and EFP trials. Training workshops could also help to ensure that use by inexperienced participants does not result in any increased interactions with protected species or increase finfish bycatch. A range of options would include – a) No training requirements, b) Voluntary training workshop, c) Mandatory training workshop for non-research or EFP participants, or d) Mandatory training workshop for all fishery participants.

We appreciate the opportunity to provide feedback on this range of alternatives to authorize buoy gear in the west coast commercial swordfish fishery. The Nature Conservancy remains excited

about the development of this innovative gear type and its potential to increase fishing opportunities while mitigating bycatch off the U.S. west coast.

Sincerely,

A handwritten signature in black ink that reads "Alexis Jackson". The signature is written in a cursive, flowing style. The name "Alexis" is written in a smaller, more compact script, while "Jackson" is written in a larger, more expansive script with a long, sweeping tail that extends to the right.

Pacific Fishery Management Council
770 NE Ambassador Place, Suite 101
Portland, Oregon 97220

Dear Council Members,

I write to support actions taken by the Pacific Fishery Management Council (Council) to minimize bycatch from the U.S. West Coast swordfish fishery by advancing deep-set buoy gear. I continue to be concerned by the bycatch in the West Coast swordfish fishery from the use of drift gillnets, that kill and injure marine wildlife. Through the promotion of deep-set buoy gear, the Council has the opportunity to further minimize bycatch by incentivizing the reduction of harmful drift gillnet fishing. I encourage the Council to leverage authorization of deep-set buoy gear to reduce drift gillnet fishing.

The effectiveness of deep-set buoy gear with regard to reducing bycatch would be enhanced by simultaneously decreasing the use of drift gillnets. The Council's stated goal of the creation of a deep-set buoy gear fishery would minimize bycatch, and bycatch mortality of finfish and protected species (including sea turtles, marine mammals, and seabirds) to the extent practicable while allowing for the commercial swordfish fishery to remain economically viable¹. I am concerned that creation of the deep-set buoy gear fishery may not function to reduce bycatch if this action is taken by itself. Unless the use of drift gillnets is also dealt with, the problem of high levels of bycatch will continue to be present in the West Coast commercial swordfish fishery.

In order to achieve the Council's goal to minimize bycatch, I encourage the Council to reconsider establishing a trade-in mechanism whereby retired gillnet permits can be exchanged for deep-set buoy gear permits. Unfortunately, it appears that the Council will not consider such a mechanism because the Council believes it would extend the participant pool beyond the originally-envisioned scope. Specifically, the Council anticipates that such a trade-in mechanism could allow drift gillnet permit holders to trade in their permits for deep-set buoy gear permits, which could then get transferred to individuals with little or no experience in the fishery¹. While I understand this concern, I suggest that instead of closing the door to the trade-in mechanism, perhaps the Council can find ways to address any shortcomings that such a mechanism would present.

Not authorizing the trade-in of drift gillnet permits for deep-set buoy gear permits may come at the expense of the Council's goal to reduce bycatch. Because of the opportunity that authorization of deep-set buoy gear creates, I respectfully request the Council to reconsider its refusal to link drift gillnet and deep-set buoy gear permits, and for the Council to further analyze a trade-in system as it moves forward with the authorization of deep-set buoy gear.

Sincerely,

Dear Pacific Fishery Management Council,

Please continue to work to minimize bycatch from the U.S. West Coast swordfish fishery by advancing deep-set buoy gear. It is unfair to marine wildlife, including endangered species, to continue to be unnecessarily caught and killed when an economically viable and more sustainable gear is available. The Council can prevent harm to thousands of marine animals by reconsidering its refusal to link drift gillnet and deep-set buoy gear permits. I encourage the Council to further analyze a trade-in system as it moves forward with the authorization of deep-set buoy gear and federal permitting. The opportunity to use deep-set buoy gear permits to provide compensation for trading in drift gillnet permits is critical to reduce bycatch.

Thank you,
Ravi Grover

Dear Pacific Fisheries Management Council:

In reference to agenda item H on the PFMC June 13th agenda, I strongly support the move to approve the use of deep-set buoy gear, replacing deadly nylon drift gill nets that kill precious marine mammals. It is our duty as caring, responsible humans to take sensible steps like this to protect life on mother earth. Without our raised conscious focus on protecting animals and plant life, our own species' survival will become endangered. We're all in this together.

Thank you for your consideration and public service.

Hello,

I urge you to end the use of drift gillnet fishing. It has been responsible for the deaths and injuries of thousands of marine mammals, as well as sea turtles and other ocean wildlife.

Please have federal fishery managers incentivize fishermen to trade in their permits, saving ocean wildlife from curtains of death, for deep-set buoy gear, to fish for swordfish. The new gear is much safer for ocean wildlife and could easily replace drift gillnets.

Thank you,

Dear Members of PFMC;

The ocean waters off of Southern California between the mainland and Channel Islands National Park represent a bio-region rich in marine resources, teeming with marine life, whales, sea otters, sea turtles, dolphins, seals and sea lions.

Unfortunately these are deadly waters for whales and other marine mammals due to the use of longline drift gill nets that lie for miles beneath the ocean's surface. The nets are designed to catch targeted fish species but they also entangle and kill hundreds of whales and other marine mammals each year.

At your June 13th meeting, please approve the use of Deep-Set Buoy Gear to replace deadly marine mammal killing nylon longline drift gill nets.

Fishermen too, benefit from a vibrant diverse ocean population.

Sincerely,

Pamela Hazard
Ventura resident

Dear Honorable Council,

I would like to thank you for your stewardship of our precious ocean waters. The waters off Southern California between the mainland coast and the Channel Islands National Park is a bio-region rich in marine resources, marine life, and the source of income for both fisheries and tourism alike. All depend on your service and I thank you for your dedication.

I am writing today to respectfully ask you to please approve the use of Deep-Set Buoy Gear to replace the deadly nylon long-line drift gill nets. As you know, many of these nets lie for miles beneath the ocean surface and, while they are meant for catching a certain fish species, they are non-selective about what they catch. Hundreds of whales and other marine mammals are killed each year by entangling in these nets. You will be making a decision soon whether or not to proceed with mandating the commercial ocean fishing industry to use marine mammal safe Deep-Set Buoy Gear. I am asking you to vote in favor of mandating the use of the Deep-Set Buoy Gear and banning the long-line drift gill nets.

Thank you, again, for your service. Our waters would not be as safe and clean as they are without you.

Best regards,

Heather Shields

Subject: Don't Miss Opportunity to Use Buoy Gear Authorization for Trade-In of Drift Gillnets

To: pmmc.comments@noaa.gov

Dear Pacific Fishery Management Council,

I am writing to express my support for actions by the Pacific Fishery Management Council (Council) to minimize bycatch from the U.S. West Coast swordfish fishery by advancing deep-set buoy gear. Through the creation of the deep-set buoy gear fishery, the Council has the opportunity to further minimize bycatch by incentivizing the reduction of much more harmful drift gillnet fishing. I believe that reducing drift gillnet fishing should be addressed in the action to authorize deep-set buoy gear. I encourage the Council to take this opportunity to further protect ocean wildlife threatened by commercial fishing.

Encouraging the use of a gear that minimizes bycatch does not necessarily function to reduce bycatch if this action is taken alone. Unless the use of the gear that does not minimize bycatch, drift gillnets, is also discouraged, the problem of high levels of bycatch will continue to plague the West Coast commercial swordfish fishery.

It is unfair to marine wildlife, including endangered species, to continue to be unnecessarily caught and killed when an economically viable and more sustainable gear is available. The Council can prevent harm to thousands of marine animals by reconsidering its refusal to link drift gillnet and deep-set buoy gear permits. I encourage the Council to further analyze a trade-in system as it moves forward with the authorization of deep-set buoy gear and federal permitting. The opportunity to use deep-set buoy gear permits to provide compensation for trading in drift gillnet permits is critical to reduce bycatch.

Thank you.

Mr. Daniel Wilkinson

Please approve the use of Deep-Set Buoy Gear to replace deadly marine mammal killing nylon longline drift gill nets. I live in southern California and wish to protect marine mammals as much as possible and replacing the drift gill nets is a start.

Thank-you,

Jade Smith

Pacific Fisheries Management Council,

Please proceed with approving the mandate to the commercial ocean fishing industry to use marine mammal safe Deep-Set Buoy Gear and end the use of marine mammal killing nylon longline drift gill nets.

Thank you,
Patricia McPherson, Grassroots Coalition

To: "pfmc.comments@noaa.gov" <pfmc.comments@noaa.gov>

Pacific Fisheries Management Council:

Please mandate the use of Deep-Set Buoy Gear to reduce the hazards currently posed to whales and other marine life by longline drift gill nets.

These have been working on the east coast for years; we need the same protections for our sea life here.

Sincerely,
Katharine Merrill

Subject: Authorize deep-set buoy gear

To: pfmc.comments@noaa.gov

Dear Chair Pollard and Council Members:

I ask that the Pacific Fishery Management Council develop and adopt a range of alternatives for authorization of deep-set buoy gear and ensure the authorization process stays on track for final action in March 2018. In doing so, the Council can move toward more selective and actively tended fishing gear in the West Coast swordfish fishery. Conclusive research demonstrates that this gear is ready for approval.

Sincerely,

Ormand Tegland
Big Bear City , CA

Subject: REDUCE BY-CATCH AUTHORIZE DEEP-SET BUOY GEAR

To: pfmc.comments@noaa.gov

Dear Chair Pollard and Council Members:

I am writing to STRONGLY ASK THE Pacific Fishery Management Council TO DEVELOP & ADOPT a range of alternatives for authorization of deep-set buoy gear and ENSURE THE AUTHORIZATION PROCESS STAYS ON TRACK FOR FINAL ACTION IN March 2018. In doing so, the Council can move toward more selective and actively tended fishing gear in the West Coast swordfish fishery. The research is conclusive and demonstrates that this gear is ready for approval.

Specifically, authorization should give priority to active drift gillnet permit holders. This can include options for the fishing fleet to trade in its existing permits for one or more deep-set buoy gear permits, which will incentivize fishermen to transition away from drift gillnets.

Deep-set buoy gear allows fishermen to target swordfish at depth during the day while avoiding interactions with marine life closer to the surface. It has the support of thousands of Californians, conservation organizations, hundreds of businesses in the seafood supply chain, and the sport fishing community. Perhaps even more importantly, fishermen who have used the gear agree that it is a viable alternative. A swordfish caught with this gear provides a high-quality product to the West Coast that can demand more than double the price of a swordfish caught in a drift gillnet.

Thank you for your work to promote our West Coast fisheries while ensuring protection for our ocean ecosystem.

Sincerely,

Mark Feldman
Santa Rosa, CA
