

SALMON ADVISORY SUBPANEL REPORT ON  
COASTWIDE NON-WHITING MIDWATER TRAWL EXEMPTED FISHING PERMIT (EFP)  
FINAL ACTION AND GEAR MODIFICATION EFP REVIEW

The Salmon Advisory Subpanel (SAS) appreciates the efforts of the non-whiting midwater trawl fishery in avoiding salmon bycatch. The SAS also appreciates all the communication over the past year to keep the SAS informed on the progress of the fishery, and support the continued development of this fishery and its efforts to limit salmon bycatch.
