

HIGHLY MIGRATORY SPECIES MANAGEMENT TEAM REPORT ON FUTURE  
COUNCIL MEETING AGENDA AND WORKLOAD PLANNING

At the November 2017 Council meeting, the Highly Migratory Species Management Team (HMSMT) is currently scheduled to meet for one day, according to the Agenda Item H.5, Attachment 2. Given the travel time and costs incurred to attend the Council meeting, the HMSMT requests we meet for two days. The team proposes to work on the following items during the additional meeting day:

- a) Preliminary analyses of the Deep Set Buoy Gear Range of Alternatives selected under Agenda Item J.6;
- b) Any other tasks arising from the September 2017 Council meeting.
