Additional information you think would be helpful in reviewing the application concerning where you plan to fish and the amount of fishing:

I fish up and down the coast from San Francisco to San Diego. It would be amazing to have an additional fishery for when squid is slow

- Active gear tending
- Gear conflicts/number of vessels
- Gear configuration
- Concurrent gear use

Explain what methods you would use, or information you plan to gather, to address the data gaps you checked off above:

10) **Reporting Requirements and Observer Coverage:**

- You must maintain a logbook for reporting catch and other operational information (such as time and location of catch) in a format specified by National Marine Fisheries Service
 - Up to 100% observer coverage may be required on your EFP fishing trips
 - Data gathered as part of the EFP will be publicly available
- I acknowledge the above conditions, and verify that I am willing and able to cover the cost of any level of observer coverage required under permit terms and conditions.

If you are unable to cover the entire cost of the observer coverage requirement, please explain what portion you may be able to cover and identify other sources of funding which may be available to help you cover observer costs.
