

## REVIEW COMMITTEE CHARGE AND CALENDAR

### SaMTAAC Charge

Identifying obstacles to achieving the goals and objectives of the catch share plan related to **under attainment of non-sablefish trawl allocations and unharvested sablefish quota pounds (QP) south of 36° N. latitude**. As appropriate to overcome identified obstacles, the committee will discuss and develop options, including but not limited to, actions that may modify rules for gear switching by trawl permit holders and QP leasing to vessels using fixed gear, as well as options that may encourage increased utilization of sablefish QPs south of 36° N. latitude

### Calendar

At its April 2018 meeting, the Council reviewed a schedule for considering issues related to sablefish management and trawl allocation attainment. The Council modified the first SaMTAAC meeting, changing it from a webinar to an in person meeting. Originally, the next SaMTAAC meeting was scheduled for the summer. The schedule below proposes that instead the meeting be held in the fall in order to allow more time for analysis to be developed. This would not change the timing for the SaMTAAC's first report to the Council (November 2018). The proposed process would come to completion at same time work on management measures for the 2021-2022 groundfish management measures begin.

April 2018	Committee appointments and committee charge (Agenda Item H.2) Process adopted (Agenda Item H.3)
<del>May/June 2018</del> June 29	SaMTAAC – <del>Webinar meeting</del> First in-person meeting to discuss helpful background data/analysis for future meetings and initial discussion of alternatives
<del>Summer 2018</del> Sept/Oct 2018	SaMTAAC – In-person meeting to review issues and develop alternatives
November 2018	Council meeting – first report to the Council
Winter 2018/2019	Additional analysis SaMTAAC meets as needed
April 2019	Selection of alternatives for analysis
Spring/Summer	Analysis completed
September 2019	Council meeting – preliminary preferred alternative (PPA) selected
October 2019	SaMTAAC meets to review analysis and PPA, develops final recommendations to the Council
November 2019	Council meeting – final preferred alternative selected
