

COASTAL PELAGIC SPECIES MANAGEMENT TEAM REPORT ON  
FUTURE AGENDA AND WORKLOAD PLANNING

The Coastal Pelagic Species Management Team (CPSMT) reviewed the draft November 2018 agenda (Agenda Item F.7 Attachment 2 September 2018) and offers the following comments. The CPSMT views proposed November agenda items E.4 and E.6 (CPS management categories and CPS stock assessment prioritization, respectively) as being closely related. Currently those are scheduled on consecutive days, and the CPSMT would prefer for those items to be scheduled consecutively, on the same day. In addition, the E.6 agenda item on stock assessment prioritization will likely not require more than one hour of Council floor time, in the opinion of the CPSMT.
