Web Transition Overview

The National Marine Fisheries Service is combining all Regional and Center websites into one national website.

The West Coast Region is transitioning content from our WCR website to the national website by September 30, 2019.

GOALS:

- Improve user experience.
- Make internal web operations more efficient.

WHAT'S NEW:

- Better organization.
- A new look and feel.
- Mobile friendly.
- Higher-quality content..
