Site Image and Current Work Plan

Spring Works Package

Plan for the worst, hope for the best:

- In-river passage assistance (West Bank) engineering work ongoing
- Trap and Truck logistics being worked through (Plan B)

Budget

- Total costs to date for fiscal year 2019-2020 = \$9.6M
- Forecast for the remainder of the fiscal = \$10.3M
- Above costs incurred by DFO
- At this time, 2020/2021 forecast is high
- This forecast is for the development and implementation of alternate fish passage and to continue with 2020-21 rock removal work from river
