Dear Mr. Anderson:

The purpose of this letter is to provide a recommendation for Council consideration during your discussion of Future Council Meeting Agenda and Workload Planning, agenda item I.4.a

As you know, the Council had to postpone an April 2020 agenda item to receive a presentation from the Colville Tribes and our Upper Columbia United Tribes partners regarding salmon passage and reintroduction upstream of Chief Joseph and Grand Coulee dams. We understand that the Council needed to streamline the April 2020 agenda to facilitate the Webinar format and we look forward to sharing that presentation with the Council at a later date.

After consultation with CTCR leadership and our UCUT partners I would like to recommend that the presentation be rescheduled for your September PFMC meeting in Spokane. This date and venue would work particularly well for us, and hope that it fits into your workload planning.

Thank you for your time and consideration of this recommendation.

Sincerely,
