

## EXECUTIVE DIRECTOR'S REPORT

The Executive Director's report to the Council typically provides information on Informational Reports, points of emphasis or updates on the proposed agenda, updates from the Council Coordination Committee (CCC), matters of interest not on the proposed agenda, and other matters associated with optimizing the Council process.

The CCC met May 27-28 by webinar, after the in-person meeting planned for Turtle Bay Hawaii was cancelled due to public health travel restrictions. Meeting materials are available on the Regional Fishery Management Council [website](#), and a draft annotated agenda is included as Attachment 1.

### **Council Action:**

**Consider report of the Executive Director.**

### **Reference Materials:**

1. Attachment 1: Draft Annotated Agenda Council Coordination Committee Meeting Video Conference Call May 27 - 28, 2020.
2. If received, Public Comments are electronic only ([see e-portal](#)).
