

PROPOSED AGENDA

Coastal Pelagic Species Management Team

Pacific Fishery Management Council
Via Webinar
May 7, 2020

This meeting of the Coastal Pelagic Species Management Team (CPSMT) is primarily a work session for the purpose of developing a Range of Alternatives (ROA) for the Pacific sardine rebuilding plan. The ROA is tentatively scheduled to be considered by the Pacific Fishery Management Council (Council) at its June 2020 Council meeting, with selection of a final preferred alternative tentatively scheduled for the September 2020 Council meeting. Public comment may be taken at the discretion of the Chair.
