

COASTAL PELAGIC SPECIES MANAGEMENT TEAM REPORT ON FUTURE COUNCIL  
MEETING AGENDA AND WORKLOAD PLANNING

The Coastal Pelagic Species Management team (CPSMT) reviewed the Pacific Fishery Management Council's preliminary Year-at-a-Glance Summary (YAG, Agenda Item C.8, [Attachment 1](#)) and discussed future Council meeting agenda items and workload planning. The CPSMT finds the scheduling of CPS agenda items reasonable and will plan our efforts accordingly moving forward. The CPSMT hopes the Council will be able to take up the shaded agenda items as scheduled in the YAG, and has scheduled a working team meeting in February 2021 to prepare for these future agenda topics.
