

# Agenda Item G.5 Assessment Methodology Review -- Final Action

## Council Action:

1. Adopt Final Length-Based Assessment Methods Endorsed by the Scientific and Statistical Committee.
2. Adopt Proposed Language Regarding Length-Based Assessments for the Terms of Reference for the Groundfish and Coastal Pelagic Species Stock Assessment Process for 2021 and 2022.

DRAFT-NOT FOR ADMINISTRATIVE PURPOSES

I move the Council adopt:

1. The final length based assessment methods
2. The proposed minor changes to the Groundfish and CPS Stock Assessment Terms of Reference language as described in Supplemental SSC Report G.5.a

Moved by Marci Yaremko    Second by Virgil Moore

Motion passed unan.
