

## NATIONAL MARINE FISHERIES SERVICE REPORT

National Marine Fisheries Service (NMFS) Northwest and Southwest Fisheries Science Centers (NWFSC/SWFSC) and West Coast Region will briefly report on recent developments relevant to salmon fisheries and issues of interest to the Pacific Fishery Management Council (Council).

Reports from the NWFSC/SWFSC include a briefing from Dr. Steve Lindley on Thiamine Deficiency Syndrome in Central Valley Chinook salmon (Attachment 1) and a presentation on salmon habitat research (Attachment 2).

In addition, Ms. Susan Bishop will inform the Council on the status of Amendments 20 and 21 for the Salmon Fishery Management Plan; the status of the regulatory process for the salmon rebuilding plans approved by the Council in 2019; and a Notice of Intent to Sue (Attachment 3) received by NMFS in late January.

### **Council Action:**

### **Council Discussion.**

### **Reference Materials:**

1. Agenda Item E.1 Attachment 1: Thiamine Deficiency in West Coast Salmon.
2. Agenda Item E.1 Attachment 2: Salmon Habitat Research.
3. Agenda Item E.1 Attachment 3: 60-day Notice of Intent to Sue for Violations of the Endangered Species Act.
4. If received, Public Comments are electronic only ([see e-portal](#)).

### **Agenda Order:**
