**SUMMARIZED CONCEPTUAL DESIGN OF GROUNDFISH WORKLOAD**

AND PRIORITIZATION PROCESS

March Meeting

- Opportunity to propose new items for inclusion in management measure list
- GMT/GAP: Revise and update management measure list
- GAP: Provides recommendations to Council regarding list and prioritization
- GMT: Provides revised/updated management measure list, including preliminary scoping of new measures, and current workload to Council.
- Council:
  * Consider adopting updated/revised management measures list
  * Consider prioritizing measures on list for work
  * May direct GAP/GMT to further develop items (ie scope, begin analyses, etc.)

June, Sept., & Nov. meetings

- Opportunity to propose new/emerging items for inclusion in management measures list
- GMT: Provides management measure list and other relevant briefing materials (e.g., preliminary scoping, current GMT workload, etc.) to Council.
- Council:
  * Consider adopting updated list, if applicable
  * May re-prioritize issues in place of existing priorities if necessary
  * May direct GAP/GMT to further develop items (ie scope, begin analyses, etc.)
