

COASTAL PELAGIC SPECIES ADVISORY SUBPANEL REPORT ON FUTURE COUNCIL  
MEETING AGENDA AND WORKLOAD PLANNING

The Coastal Pelagic Species Advisory Subpanel recommends the un-shading of *FMP Management Categories- Scoping* at the November 2021 Council meeting. This follows the Coastal Pelagic Species Management Team's recommendations to the Council in [April](#) and [June](#) 2020 to reschedule this agenda item following its postponement due to truncated Council meeting schedules impacted by the Covid pandemic.
