

April 2021:

Accessing the advisory body and management team meetings

Once you have [downloaded the RingCentral Meetings application](#), you can copy and paste or manually type in the meeting ID provided below after clicking “Join a meeting.”

The following Meeting ID’s are valid starting 4/6-4/9, and 4/12-4/15 depending on the schedule of the advisory body or management team. Please refer to the [meeting notice and detailed agenda](#) for days and start times for each group. The same meeting ID is used for each day of the meeting.

For those unable to join via the RingCentral meeting application or web browser, you may dial into the audio only portion of the meeting by using one of the following telephone numbers and the associated Meeting ID.

Accessing the Council stream to give a presentation? Or need to be available to answer questions?

You must join using the RingCentral meeting application (not joining via web browser) to be able to be promoted to Panelist or have your mic unmuted to speak.

If you cannot run the RingCentral meeting application, you will need a Panelist invite created for you. Please sign up for a Panelist invite in advance of the meeting.

Learn more by visiting our [“Joining a RingCentral Meeting hosted by the Council”](#) page.

Accessing the Council stream as an attendee (listen only):

[Meeting ID: 147-522-7113](#)

NOTE:

You will join the meeting as an “attendee” in listen only mode. You will not have a microphone icon until the host has enabled it or promoted you to panelist. Please use the hand raise function to get their attention should you be joining to give a presentation.

If you cannot join using the RingCentral application, please contact Kris.kleinschmidt@noaa.gov.

We also offer a [YouTube Live stream](#) of the Council meeting for following along.
