

Agenda Item F.6 Inseason Adjustments for 2021 – Final Action

Council Action:

- Adopt Final Inseason Adjustments for 2021, as Necessary, to Achieve but Not Exceed Annual Catch Limits and Other Management Objectives

I move the Council adopt the GMT recommendation described in Agenda Item F.6.a., Supplemental GMT Report 1 regarding the modification needed to the RCA language in Trip Limit Table 2.

I move that the Council recommend adjusting the incidental Salmon troll lingcod allowance to one per two chinook salmon, plus one lingcod with a trip limit of ten lingcod.

This recommendation is contingent upon NMFS' determination that the action has already been adequately analysed and good cause for waiving notice and comment is met.
