

CURRENT HABITAT ISSUES

The Habitat Committee (HC) will meet on Tuesday and Wednesday, June 22-23, to discuss a draft NOAA policy for more effective mitigation of adverse impacts to trust resources, oil rig decommissioning, research and data needs, and other matters.

Council Action:

Consider comments and recommendations developed by the HC.

Reference Materials:

1. *Agenda Item D.1.a, Supplemental HC Report 1.*
2. If received, public comments are electronic only ([see e-portal](#)).
