

Agenda Item E.5 Standardized Bycatch Reporting Methodology

Council Action:

- Continue Consistency Review, Identify Changes Needed for Further Action, and Adopt Preliminary Preferred Alternatives for Fishery Management Plan Amendments, as Necessary.

I move the Council adopt for public review, the following range of alternatives for modifications to the Council's FMP's to ensure consistency with requirements for standardized bycatch reporting methodology:

1. No action
2. The following:

Revisions to the HMS FMP presented in E.5.a Supp HMSMT Report 1,

Revisions to the CPS FMP presented in E.5.a.Supp CPSMT Report 1, and

Revisions to the Salmon FMP presented in E.5.a Supp STT Report 1

and request the Council staff coordinate with NMFS to review the proposed revisions and report to the Council in November 2021.
