

HABITAT COMMITTEE REPORT ON FUTURE COUNCIL MEETING AGENDA AND  
WORKLOAD PLANNING

The Habitat Committee (HC) is experiencing significant turnover, losing at least six members between now and the next meeting in March 2022. Two others whose terms are expiring have been nominated for the seats they currently occupy. The HC is sorry to lose so much talent and institutional knowledge but looks forward to new members whose expertise will benefit the HC and the Council. Nonetheless, there will be a learning curve for new members, and the HC appreciates the Council's understanding and support as we go through a significant transition.
