

HIGHLY MIGRATORY SPECIES MANAGEMENT TEAM REPORT  
ON STANDARDIZED BYCATCH REPORTING METHODOLOGY – FINAL ACTION

The Highly Migratory Species Management Team (HMSMT) discussed the proposed language for an HMS fishery management plan (FMP) amendment intended to meet the requirements of a Standardized Bycatch Reporting Methodology and associated descriptions in the HMS FMP. The HMSMT reviewed what was submitted in [C.8, Attachment 1](#) and does not have additional suggestions at this time.
